Volunteer Standards of Conduct

VITA/TCE Programs

The mission of the VITA/TCE return preparation programs is to assist eligible taxpayers in satisfying their tax responsibilities by providing free tax return preparation. To establish the greatest degree of public trust, volunteers are required to maintain the highest standards of ethical conduct and provide quality service.

All VITA/TCE volunteers (whether paid or unpaid workers) must complete the Volunteer Standards of Conduct (VSC) certification and agree to adhere to the VSC by signing Form 13615, Volunteer Standards of Conduct Agreement, prior to working at a VITA/TCE site. In addition, return preparers, quality reviewers, and VITA/TCE tax law instructors must certify in tax law prior to signing this form. This form is not valid until the site coordinator, sponsoring partner, instructor, or IRS contact confirms the volunteer's identity and signs and dates the form.

As a volunteer in the VITA/TCE Programs, you must:

1. Follow the Quality Site Requirements (QSR).
2. Not accept payment, solicit donations, or accept refund payments for federal or state tax return preparation from customers.
3. Not solicit business from taxpayers you assist or use the knowledge you gained (their information) about them for any direct or indirect personal benefit for you or any other specific individual.
4. Not knowingly prepare false returns.
5. Not engage in criminal, infamous, dishonest, notoriously disgraceful conduct, or any other conduct deemed to have a negative effect on the VITA/TCE Programs.
6. Treat all taxpayers in a professional, courteous, and respectful manner.

Failure to comply with these standards could result in, but is not limited to, the following:

- Your removal from all VITA/TCE Programs;
- Inclusion in the IRS Volunteer Registry to bar future VITA/TCE activity indefinitely;
- Deactivation of your sponsoring partner’s site VITA/TCE EFIN (electronic filing ID number);
- Removal of all IRS products, supplies, loaned equipment, and taxpayer information from your site;
- Termination of your sponsoring organization’s partnership with the IRS;
- Termination of grant funds from the IRS to your sponsoring partner; and
- Referral of your conduct for potential TIGTA and criminal investigations.

This fact sheet provides updates to prepare employees, partners, site coordinators and volunteers for Filing Season 2019. This document is to be shared with partners and coordinators.

**Background:** Stakeholder Partnerships, Education & Communication (SPEC) encourages consistent site operations and effective communication to improve quality of the Volunteer Income Tax Assistance and Tax Counseling for the Elderly (VITA/TCE) Programs. The following updates are effective for the 2019 Filing Season.

**New for 2018:**

**New:** Publication 5299, Quality Review Refresher gives partners and volunteers additional details on the Quality Review Process.

**New:** Publication 5310, VITA/TCE Tax Return Quality Review Job Aid was designed to be used in conjunction with Publication 5299 and will provide SPEC employees and volunteers an outline of how to quality review a tax return.

**Why:** To provide the additional requested guidance on the Quality Review Process.

**Key Changes and Updates:**

**Form 13614-C, Intake/Interview and Quality Review Sheet**

**Update** - SPEC developed Form 15080, Consent to Disclose Tax Return Information to VITA/TCE Tax Preparation Sites to address the *Global Carry Forward (GCF)* of taxpayer data. The printed English/Spanish versions of Form 13614-C, Intake/Interview and Quality Review Sheet will now include Form 15080. The electronic version of foreign language Form 13614-C also includes a corresponding translated version of Form 15080.

**Note:** Form 15080 is not needed if the taxpayer denies the Global Carry Forward of return data to all sites, enters his/her own PIN into the TaxSlayer tax preparation software, or if the site uses another tax preparation software.

**Why:** To reduce the partner burden of printing the Global Carry Forward paper consent if the volunteer is entering the granted Global Consent PIN and date into TaxSlayer on the taxpayer’s behalf.

**Update:** The Quality Review Checklist on page 4 of Form 13614-C is updated and moved to the Publication 4012.

**Why:** To improve efficiencies and make room for the Form 15080

**Change:** Form 13614-C now includes two new questions to measure Limited English Proficiency (LEP).

**Why:** To clearly measure the LEP population at VITA/TCE Sites.

**Update:** The Form 13614-C, Intake/Interview and Quality Review Sheet will be printed on white paper with a blue “title bar” that runs across the top of the form. The electronic version of this form does not include the “title bar”. The Form 13614-C SP is now printed on yellow paper.

**Why:** To assist volunteers with quickly identifying the English versus the Spanish version of the printed forms.
Fact Sheet – Quality and Oversight Updates for 2019 Filing Season

Form 13615, Volunteer Standards of Conduct Agreement

**Change:** Form 13615, Volunteer Standards of Conduct Agreement, is updated to include completion of Site Coordinator Training in the list of certifications. The indicator for certification in Federal Tax Law Update Test for Circular 230 Professionals is now moved below the certification list.

**Why:** To add the Site Coordinator Training to the certification list.

**Change:** A check box identifying IRS employee volunteers is added to Form 13615. Partners will transfer the IRS employee volunteer’s information to Form 13206, Volunteer Assistance Summary Report (or a partner created list containing the same information). Territories will compile a list of current IRS employee volunteers to share with Headquarters.

**Why:** To promote volunteerism within the IRS and acknowledge the contributions IRS employees provide to the VITA/TCE Programs.

**Update:** Volunteer Standard of Conduct (VSC) #2 has changed to read - *Do not accept payment, solicit donations, or accept refund payments for federal or state tax return preparation “from customers.”*

**Why:** To clarify volunteers who receive compensation from their employer or a sponsoring organization for working at a VITA/TCE site is not considered receiving payment from the customer, and is not a violation to the Volunteer Standards of Conduct.

Virtual VITA/TCE Site Identification Number (SIDN)

**Change:** All returns prepared using the Virtual VITA/TCE process (including Contingency and Drop-Off returns) will now utilize the SIDN of the **Preparation Site**.

**Why:** To ensure Virtual VITA sites adhere to Quality Site Requirement #8 - Correct Site Identification Number (SIDN).

Tax Law Scope Changes

**Change 1:** The Itemized Deductions topic was removed from the Basic certification and is now included in **Advanced certification**.

**Change 2:** Form 8615, Tax for Certain Children Who Have Unearned Income and the **Self-Employed Health Insurance Deduction**, are now in scope for the VITA/TCE Program with some limitations. Both topics are included in the current Publication 4491, VITA/TCE Training Guide.

**Why:** To provide the ability to better serve VITA/TCE clients.
How to Use This Guide

This publication is designed as a guide to assist you in preparing an accurate paper or software-prepared return using TaxSlayer.* Not all forms are authorized for all volunteer programs. Forms intended specifically for the Military VITA Program will be annotated as such. Volunteers should only provide tax assistance based on their level of certification—Basic, Advanced, Military, International, and/or Health Savings Accounts, Foreign Student and Puerto Rico 1 & 2.

The screening sheets/decision trees and interview tips are from your training materials and Publication 17, Your Federal Income Tax Guide For Individuals. Use these tools during the dialogue with the taxpayer—“ask the right questions; get the right answers.”

Interactive Tax Assistant (ITA), is an excellent tool to guide you through answers to tax law questions and is available on the IRS website.

SPEC allows volunteers to use the IRS provided software to prepare and electronically file their own tax return and the returns of family and friends. Unlike VITA/TCE returns, these returns have no income or tax law limitations.

⚠️ The software may change after this publication becomes available. Screen shots in this guide may depict last year’s version of the software. While there have been tax law changes this year, in many instances calculations take place “behind the scenes” and you will not see changes reflected in the entry screens. Follow the menus and prompts to enter current year tax information in the software. If additional information is needed, refer to TaxSlayer’s VITA/TCE Blog. The blog will keep you up to date with any changes and notifications regarding preparers and standards in creating and/or modifying returns. Publication 4491X, VITA/TCE Training Supplement will be released in January, to notify volunteers of any tax law and software updates.

Scope of Service

Volunteers are trained to assist in the filing of Form 1040 and certain schedules and forms. To be covered under the Volunteer Protection Act, volunteers must stay within the scope of the VITA/TCE programs and prepare returns for which they achieved certification. This chart covers limitations of scope of service for each certification level. This list is a guide, and is not all-inclusive.

The un-shaded boxes are within the certification level for the tax topic shown. Within each line item, there may be specific elements that are Out of Scope for the VITA/TCE programs as indicated in the training material.

4. Reference Materials
5. Volunteer Agreement
6. Timely Filing
7. Civil Rights
8. Site Identification Number (SIDN)
9. Electronic Filing Identification Number (EFIN)

For additional information refer to Publication 5166, VITA/TCE Quality Site Requirements.
Legislative Extenders
This provision was expired at the time this publication became available. This content is being provided in the event that it is extended for the current tax year. Publication 4491X will be released in January to notify volunteers if they should consult this information and will contain any legislative changes to this provision.

Discharge of Qualified Principal Residence Indebtedness

Use the job aid on the following page to determine if the debt forgiveness on the main home is within scope.

Taxpayers may exclude from income certain debt forgiven or canceled debt on their principal residence. This exclusion is applicable to the discharge of “qualified principal residence indebtedness.” If the canceled debt qualifies for exclusion from gross income, the debtor may be required to reduce tax attributes (certain credits, losses, and basis of assets) by the amount excluded.

If a property was taken by the lender (foreclosure) or given up by the borrower (abandonment), the lender usually sends the taxpayer Form 1099-A, Acquisition or Abandonment of Secured Property. Form 1099-A will have information needed to determine the gain or loss due to the foreclosure or abandonment.

If the debt is canceled, the taxpayer will receive Form 1099-C, Cancellation of Debt. If foreclosure/abandonment and debt cancellation occur in the same calendar year, the lender may issue only Form 1099-C, including the information that would be reported on Form 1099-A.

Volunteers may assist taxpayers who meet the following requirements:

- The home was never used in a business or as rental property
- The debt was not canceled because the taxpayer filed bankruptcy
- The taxpayer isn’t in bankruptcy when he/she comes to the site for assistance
- Form 1099-C doesn’t include an amount for interest
- The debt must be a mortgage used only to buy, build, or substantially improve the taxpayer’s primary residence, i.e., this money was not used to pay off credit cards, medical/dental expenses, vacations, etc.
- The mortgage was secured by the taxpayer’s primary residence
- The mortgage was not more than $2 million ($1 million if Married Filing Separately)

**TaxSlayer Hint:** To exclude debt forgiven on principal residence, go to Other Income, Cancellation of Debt then Exclusions (Form 982).

**Note 1:** Form 1099-C, Box 3 (Interest if included in Box 2, Amount of Debt Canceled) and Box 16 Out of Scope.

**Note 2:** If a bankruptcy, Out of Scope.

**Note 3:** If personally liable for the debt, sales price is the lesser of balance of principal outstanding (Form 1099-A, box 2) or fair market value of property (Form 1099-A, box 4); if not personally liable on the debt, sales price is the balance or principal outstanding.

Screening Sheet for Foreclosures/Abandonments and Cancellation of Debt

If the taxpayer is in bankruptcy, the tax return is Out of Scope for the VITA/TCE Programs.

Instructions: Use this Screening Sheet to assist taxpayers with Form(s) 1099-A and/or 1099-C with cancellation of debt issues.

- Use Part I for taxpayers with only Form 1099-A for a foreclosure or abandonment of their principal residence.
- Use Part II for taxpayers with Form 1099-C, or both Forms 1099-A and 1099-C resulting from cancellation of debt on a home mortgage loan.
- Use Publication 4731, Screening Sheet for Nonbusiness Credit Card Debt Cancellation, for taxpayers with Form 1099-C resulting from cancellation of credit card debt.

STEP 4
Ask the taxpayer for the cost or basis of the home.
Refer to Publication 523, Selling your Home, for further information, if needed.

STEP 5
Report the sale of the personal residence on Form 8949, Sales and Other Disposition of Capital Assets, and Schedule D, Capital Gains and Losses.
If the disposition of the property results in a:
Gain – The taxpayer may qualify for the Section 121 exclusion ($250,000 or $500,000 if Married Filing Jointly) of the gain on the sale of a principal residence, if all requirements are met.
Loss – The taxpayer cannot claim a loss on the sale or disposition of a principal residence. Use adjustment Code L on Form 8949 to exclude this loss.
Refer to Publication 4012 (Legislative Extenders Tab), “Entering Forgiveness of Qualified Principal Residence Indebtedness” for further information.

STEP 6
These tax issues are outside the scope of the volunteer program.
Refer the taxpayer to:
- IRS website for the most up-to-date information.
- The Taxpayer Advocate Service (TAS): 1-877-777-4778, TTY/TDD 1-800-829-4059. TAS may help if the problem cannot be resolved through normal IRS channels.

Screening Sheet for Foreclosures/Abandonments and Cancellation of Debt

If the taxpayer is in bankruptcy, the tax return is Out of Scope for the VITA/TCE Programs.

Instructions: Use this Screening Sheet to assist taxpayers with Form(s) 1099-A and/or 1099-C with cancellation of debt issues.

• Use Part I for taxpayers with only Form 1099-A for a foreclosure or abandonment of their principal residence.
• Use Part II for taxpayers with Form 1099-C, or both Forms 1099-A and 1099-C resulting from cancellation of debt on a home mortgage loan.
• Use Publication 4731 for taxpayers with Form 1099-C resulting from cancellation of credit card debt.

Part II – Home Mortgage Loan

STEP 1 Did the taxpayer receive Form 1099-C, Cancellation of Debt, from their home mortgage lender and is the information shown on the form correct?  
YES – Go to Step 2  
NO – Go to Step 6

Note: Answer “yes” if the taxpayer has received a Form 1099-A and Form 1099-C.

STEP 2 Did the taxpayer ever use the home in a trade or business or as rental property?  
YES – Go to Step 6  
NO – Go to Step 3

STEP 3 Does box 3 of Form 1099-C show any interest or does box 6 show code A indicating bankruptcy?  
YES – Go to Step 6  
NO – Go to Step 4

Note: If box 6 is not marked with code A but the taxpayer has subsequently filed bankruptcy, answer “yes.”

STEP 4 Ask the following questions to determine if the discharged debt is “qualified principal residence indebtedness:”

a. Was the mortgage taken out to buy, build, or substantially improve the taxpayer’s principal residence?  
(Note: A principal residence is generally the home where the taxpayer lives most of the time. A taxpayer can have only one principal residence at any one time.)  
YES – Go to Step 4b  
NO – Go to Step 6

b. Was the mortgage secured by the taxpayer’s principal residence?  
YES – Go to Step 4c  
NO – Go to Step 6

c. Was any part of the mortgage used to pay off credit cards, purchase a car, pay for tuition, pay for a vacation, pay medical/dental expenses, or used for any other purpose other than to buy, build, or substantially improve the principal residence?  
YES – Go to Step 6  
NO – Go to Step 4d

d. Was the mortgage amount more than $2 million ($1 million if Married Filing Separately)?  
YES – Go to Step 6  
NO – Go to Step 5

STEP 5 The discharged debt is “qualified principal residence indebtedness.”

The volunteer should complete the applicable lines on Form 982, and file it with the taxpayer’s return. If the residence was disposed of, the taxpayer may be required to report the disposition (sale) on Form 8949 and Schedule D.

STEP 6 These tax issues are outside the scope of the volunteer program. The taxpayer may qualify to exclude all or some of the discharged debt. However, the rules involved in the mortgage debt relief exclusions are complex.

Refer the taxpayer to:

• IRS website for the most up-to-date information.
• The Taxpayer Advocate Service (TAS): 1-877-777-4778, TTY/TDD 1-800-829-4059. TAS may help if the problem cannot be resolved through normal IRS channels.
• A professional tax preparer.

---

Use the job aid on the preceding pages to determine if the debt forgiveness on the main home is within scope.

Form 982, Reduction of Tax Attributes Due to Discharge of Indebtedness, must be filed with the taxpayer’s return to report the excluded amount of discharged indebtedness and the reduction of certain tax attributes:
- Indicate whether the Form 1099-C was issued to the taxpayer or spouse
- Check the box for Discharge of qualified principal residence indebtedness
- Enter the amount of primary mortgage debt cancelled (Form 1099-C, Box 2)
Entering Forgiveness of Qualified Principal Residence Indebtedness (continued)

If the taxpayer had a portion of the mortgage debt cancelled but kept the home (loan modification or mortgage workout),
• Enter the amount of debt cancelled in Part II, Reduction of Tax Attributes, on the line for “Basis of your principal residence” (line 10b).

Foreclosure and Abandonment Key Highlights
If the taxpayer disposed of the home due to foreclosure or abandonment, and the lender cancelled the remaining mortgage debt:
• No entry is made in Part II, Reduction of Tax Attributes
• Report the gain or loss from Form 1099-A in the Schedule D, Capital Gains section
  – The basis is the taxpayer’s adjusted basis in the home
  – The sale price (amount realized) is based on whether the taxpayer is personally liable (recourse loan) or not personally liable (nonrecourse loan) for the debt:
    • If the taxpayer is personally liable, the sale price is the lesser of the balance of the principal mortgage debt outstanding or the fair market value
    • If the taxpayer isn’t personally liable, then the sale price is the full amount of the outstanding debt, as reflected on Form 1099-A
  • For both recourse and nonrecourse loans, add any proceeds the taxpayer received from the foreclosure sale to the amount realized. If the taxpayer ends up with a gain on the sale, some or all of the gain can be excluded under the rules for sale of main home, if the taxpayer qualifies
  – If the taxpayer ends up with a gain on the sale, some or all of the gain can be excluded under the rules for sale of main home, if the taxpayer qualifies
  • A loss on the main home can’t be deducted
This provision was expired at the time this publication became available. This content is being provided in the event that it is extended for the current tax year. Publication 4491X will be released in January to notify volunteers if they should consult this information and will contain any legislative changes to this provision.

Residential Energy Credits

Part I of Form 5695, Residential Energy Efficient Property Credit, is available for taxpayers who purchased qualified residential alternative energy equipment, such as solar hot water heaters, geothermal heat pumps and wind turbines. This part of the form is Out of Scope. Taxpayers that have these expenses should be referred to a professional tax preparer.

Part II, Form 5695 - Key points about the Nonbusiness Energy Property Credit:

- A total combined credit limit of $500 ($200 limit for windows) for all tax years after 2005.
- The maximum credit for residential energy property costs is $50 for any advanced main air circulating fan; $150 for any qualified natural gas, propane, or oil furnace, or hot water boiler; and $300 for any item of energy-efficient building property. Any of the following that meet the required efficiency rating may qualify as energy-efficient building property. See the Instructions for Form 5695 for details:
  - Electric heat pump water heater; electric heat pump; central air conditioner; natural gas, propane, or oil water heater; a stove that uses the burning of biomass fuel to heat your home or heat water for your home.
- The credit applies to:
  - Qualified energy efficiency improvements such as adding insulation, energy-efficient exterior windows and doors, and qualifying metal or asphalt roofs. (doesn’t include labor costs for onsite preparation, assembly or installation)
  - Qualified residential energy property improvements such as energy-efficient heating and air conditioning systems. For a complete list of items see Form 5695. (includes labor costs for onsite preparation, assembly, or original installation)
- The improvements must be made to the taxpayer’s main home located in the United States (must be existing home).
- Qualifying improvements must be placed into service by the taxpayer during the tax year.
- Expenditures which are made from subsidized energy financing can’t be used to figure the credit.
- The credit is taken on Part II, Form 5695. See Form 5695 and Instructions for more information.

Note: Not all ENERGY STAR products qualify for a tax credit. Beginning in 2016, exterior doors, exterior windows, and skylights will only be eligible for the nonbusiness energy property credit if they meet or exceed the specific requirements of the version 6.0 Energy Star program. For detailed information about qualifying improvements, visit the U.S. Department of Energy’s EnergyStar website.

Manufacturers must certify that their products meet new standards and they must provide a written statement to the taxpayer such as with the product packaging or in a printable format on the manufacturer’s website. Taxpayers should keep a copy of the manufacturer’s certification statement and receipts with their other important tax records.

* If you were born on January 1, 1954 you are considered to be age 65 at the end of 2018. (If your spouse died in 2018 or if you are preparing a return for someone who died in 2018, see Publication 501)

** Gross income means all income you received in the form of money, goods, property, and services that isn’t exempt from tax, including any income from sources outside the United States or from the sale of your main home (even if you can exclude part or all of it).

- Do not include any social security benefits unless
  - you are married filing a separate return and you lived with your spouse at any time in 2018 or
  - one-half of your social security benefits plus your other gross income and any tax-exempt interest is more than $25,000 ($32,000 if married filing jointly).
  
  If (a) or (b) applies, see the Form 1040 Instructions to figure the taxable part of social security benefits you must include in gross income.

- Gross income includes gains, but not losses, reported on Form 8949 or Schedule D.

- Gross income from a business means, for example, the amount on Schedule C, line 7, or Schedule F, line 9. But, in figuring gross income, don’t reduce your income by any losses, including any loss on Schedule C, line 7, or Schedule F, line 9.

*** If you didn’t live with your spouse at the end of 2018 (or on the date your spouse died) and your gross income was at least $5, you must file a return regardless of your age.

Individuals who do not have a filing requirement based on this chart should also check Chart C, Other Situations When You Must File, and Chart D, Who Should File. Individuals with earned income but who do not have a filing requirement may be eligible for the Earned Income Credit.
Chart B – For Children and Other Dependents

If your parent (or any other taxpayer) may claim you as a dependent, use this chart to see if you must file a return.

In this chart, unearned income includes taxable interest, ordinary dividends, and capital gain distributions. It also includes unemployment compensation, taxable social security benefits, pensions, annuities, and distributions of unearned income from a trust. Earned income includes salaries, wages, tips, professional fees, and taxable scholarship and fellowship grants. Gross income is the total of your unearned and earned income.

You will need:
- Tax information such as Forms W-2, 1099, 1098, 1095.
- Social security cards or ITIN letters for all persons on your tax return.
- Picture ID (such as valid driver’s license) for you and your spouse.

Volunteers are trained to provide high quality service and uphold the highest ethical standards.

To report unethical behavior to the IRS, email us at v11voltax@irs.gov.

### Part I – Your Personal Information

1. Your first name
2. Your spouse’s last name
3. Mailing address
4. Your Date of Birth
5. Your job title
6. Last year, were you:
   a. Full-time student
   b. Totally and permanently disabled
   c. Legally blind
7. Your spouse’s Date of Birth
8. Your spouse’s job title
9. Last year, was your spouse:
   a. Full-time student
   b. Totally and permanently disabled
   c. Legally blind

**Part II – Marital Status and Household Information**

1. As of December 31, 2018, what was your marital status?
   - Married
   - Divorced
   - Legally Separated
   - Widowed

2. List the names below:
   - everyone who lived with you last year (other than your spouse)
   - anyone you supported but did not live with you last year

**Important Reminder:** Review all information in Part II before using Tabs B and C to determine Dependency Exemptions and Filing Status.

**Important Reminder:** The Intake/Interview process may be considered incomplete if:
- questions are left unanswered in Parts I thru VI
- unsure answers are not addressed with the taxpayer and then annotated to “yes” or “no”.
- applicable Certified Volunteer Preparer shaded areas are not completed.

**Important Reminder:** Do not refer taxpayers to the Voltax e-mail address for IRS help or refund information.

Refer to the back cover of Pub 4012 for appropriate IRS referrals.

| View photo ID’s for each taxpayer and spouse (if filing a joint return). |
| Name as shown on Social Security records (see Tab B Determining the Last Name of Taxpayer). |
| Taxpayer’s current address where IRS should mail refund and/or other correspondence. Use Tab C to verify taxpayer and spouse’s dependency status. Refer to Tab P if taxpayer is a victim of identity theft. Refer to Pub 17, for definition of Legally Blind, Totally and Permanently Disabled and Full Time Student. |
| If not a US citizen, use Tab L Resident or Nonresident Alien Decision Tree to determine if return is within scope. |

Taxpayer must include everyone who lived with the taxpayer and anyone the taxpayer supported who lived elsewhere.

Always confirm this information during the interview process, especially if the taxpayer did not list anyone.
Starting a New Return

Social Security Number Entry

The next step in creating a new tax return is entering the taxpayer’s Social Security number (SSN) in the space provided. To ensure accuracy, you are required to enter the SSN twice.

If the SSN is already in use, or the two entries don’t match, the software will display an error message. Re-enter the numbers.
Starting a New Return (continued)

Pulling Prior Year Data

If prior year data is found for this SSN, TaxSlayer Pro displays the following:

Select what you would like to pull forward by checking the boxes to the left of the items listed on the Pull Data to Current Return screen and select Yes, Import My Data. Your prior year information will then be pulled to the current year tax return.

Be sure to verify that all EINs and addresses on Forms W-2 and 1099-R are still the same as the prior year when using carryforward.
Determination of Filing Status – Decision Tree

Start Here

Were you married on the last day of the year?  
YES

NO

Did your spouse die during the year? 

YES

MARRIED FILING JOINTLY OR MARRIED FILING SEPARATELY

NO

Did you and your spouse live apart all of the last 6 months of the year? 

YES

QUALIFYING WIDOW(ER)

NO

SINGLE

HEAD OF HOUSEHOLD

Do all the following apply? 

• Your spouse died in 2016 or 2017 and you did not remarry before the end of 2018. 
• In the year of death, you were entitled to file a joint return with your spouse. 
• You paid more than 1/2 the cost of keeping up your home for the required period of time. 
• Your son or daughter (but not a foster child) or stepchild lived in your home all year and was your dependent or would qualify as your dependent except that: he or she does not meet the gross income test, or does not meet the joint return test, or except that you may be claimed as a dependent by another taxpayer. Don’t include a grandchild or foster child.

Do both of the following apply? 

• You paid more than 1/2 the cost of keeping up your home for the required period of time. 
• A “qualifying person,” (see Who Is a Qualifying Person Qualifying You To File as Head of Household? chart), lived with you in your home for more than 1/2 the year.

Footnotes

1 Answer “NO” to this question if, on the last day of the year, you were legally separated from your spouse under a divorce or separate maintenance decree. Answer “NO” for individuals who have entered into a registered domestic partnership, civil union, or other similar relationship that is not called a marriage under state (or foreign) law. Answer YES if taxpayer is married regardless of where the spouse lives.

2 Include in the cost of upkeep expenses such as rent, mortgage interest, real estate taxes, insurance on the home, repairs, utilities and food eaten in the home. Under proposed regulations, a taxpayer may treat a home’s fair market rental value as a cost of maintaining a household instead of the sum of payments for mortgage interest, property taxes and insurance. See “Cost of Keeping Up a Home” worksheet later in this tab.

3 See Publication 17, Filing Status, for rules applying to birth, death, or temporary absence during the year. There are special rules for claiming your parent as a qualifying person for head of household. See the Who Is a Qualifying Person Qualifying You To File as Head of Household? chart later in this tab)

4 Unless the child’s other parent claims him or her under rules for children of divorced or separated parents or parents who lived apart.

5 You are considered unmarried for head of household purposes if your spouse was a nonresident alien at any time during the year and you do not choose to treat your nonresident spouse as a resident alien. However, your spouse is not a qualifying person for head of household purposes. You must have another qualifying person (see the Who Is a Qualifying Person Qualifying You To File as Head of Household? chart later in this tab) and meet the other tests to be eligible to file as a head of household.

6 Your spouse is considered to live in your home even if he or she is temporarily absent due to illness, education, business, vacation, military service, or incarceration.

7 If the taxpayer wants to file MFS, emphasize the advantages to Married Filing Jointly and the possibility of filing Form 8379, Injured Spouse Claim & Allocation (if appropriate). See Pub 17, Filing Status, MFS Special Rules for list of disadvantages. Respect a taxpayer’s decision to file MFS. If domiciled in a community property state see Pub 555.

8 There can be multiple households within a shared living quarters if certain requirements are met.

Note: If one spouse dies and the other remarries in the same year, the deceased spouse files Married Filing Separately.

### Footnotes

1 A person can’t qualify more than one taxpayer to use the head of household filing status for the year.

2 The term “qualifying child” is covered in Tab C, Dependents. **Note:** If you are a noncustodial parent, the term “qualifying child” for head of household filing status doesn’t include a child who is your dependent only because of the rules described in the Children of Divorced or Separated Parents table. If you are the custodial parent and those rules apply, the child generally is your qualifying child for head of household filing status even though the child isn’t a qualifying child who you can claim as a dependent.

3 This person is a qualifying person if the only reason you can’t claim him or her as a dependent is that you can be claimed as a dependent on someone else’s return.

4 The term “qualifying relative” is covered in Tab C, Dependents.

5 If you can claim a person as a dependent only because of a multiple support agreement, that person isn’t a qualifying person. See Multiple Support Agreement, in Publication 17, Your Federal Income Tax For Individuals.

6 You are eligible to file as head of household even if your parent, whom you can claim as a dependent, doesn’t live with you. You must pay more than half the cost of keeping your parent in a rest home or home for the elderly.

#### Note:

**Costs you include.** Include in the cost of keeping up a home expenses such as rent, mortgage interest, real estate taxes and insurance on the home, repairs, utilities, and food eaten in the home. As an alternative to including mortgage interest, real estate taxes, and insurance under proposed regulations, you may include the fair market rental value of the home.

**Costs you don't include.** Don’t include the cost of clothing, education, medical treatment, vacations, life insurance, or transportation. Also, don’t include the value of your services or those of a member of your household.
Entering Basic Information

**TaxSlayer Navigation:** Basic Information>Filing Status

After collecting necessary information from Form 13614-C, Intake/Interview & Quality Review Sheet, and properly applying the tax law, you should choose the taxpayer’s filing status.

**What’s your filing status?**

- Single
- Married Filing Joint
- Married Filing Separate
- Head of Household
- Qualifying Widow(er) with Dependent Children
- Nonresident Alien

Use the Filing Status Interview Tips to determine the correct filing status.

**Note:** Most nonresident aliens and dual status aliens have different filing requirements and may have to file Form 1040NR or Form 1040NR-EZ. In this case, the return is Out of Scope. Refer the taxpayer to a site with Foreign Student certification. Resident aliens generally are taxed the same as U.S. citizens.

The second screen titled Married Separate, is used to determine the spouse’s return status.

- Check here if the Spouse lived with the Taxpayer at any time during the year
- Check here to claim the exemption for your spouse if he/she has NO Gross Income, is NOT filing a return, and CANNOT be claimed as a dependent on another person’s return

**Info:** If your spouse itemizes deductions on their Married Filing Separate tax return, you must also itemize the deductions on your Married Filing Separate tax return. To do so, you must force the program to use the itemized deduction instead of the standard deduction. This can be done by visiting the Federal Section > Deductions > Itemized Deductions > Use Standard or Itemized Deduction. Select ‘Must itemize because spouse itemized.’

Refer to line 40 of the 1040 form to determine if the standard or itemized deduction was used.
**Determining the Last Name of Taxpayer**

A name control is a sequence of letters derived from a taxpayer’s last name that is used by IRS in processing the tax return filed by the taxpayer. It is important that the combination of name control and taxpayer identification number (TIN) provided on an electronically filed return match IRS’s record of name controls and TINs.

In e-file, a taxpayer’s TIN and name control must match the data in the IRS database. If they don’t match, the e-filed return will reject and generate an Error Reject Code.

Individuals may create a mySocialSecurity account to see how their information shows up on Social Security Administration records. For additional information, visit the Social Security Administration’s website.

**Name Controls for Individual Tax Returns**

1. Primary Name Control (SEQ 0050) of Form 1040 must equal the first significant characters of the primary taxpayer’s last name. No leading or embedded spaces are allowed. The first left-most position must contain an alpha character. Omit punctuation marks (except hyphens), titles and suffixes within last name field.

</tbody>

Determining the Last Name of Taxpayer (continued)

2. Consider certain suffixes as part of the last name (i.e., Armah-Bey, Paz-Ayala, Allar-Sid). Particular attention must be given to those names that incorporate a mother’s maiden name as a suffix to the last name. For example, traditional Hispanic last names include the taxpayer’s father’s name followed by a space and the taxpayer’s mother’s maiden name. A married taxpayer’s last name remains the same and either simply adds on the spouse’s father’s name (resulting in 3 names forming the last name) or deletes the mother’s maiden name and adds on the spouse’s father’s name (sometimes the spouse’s father’s name is preceded by “de”).

**This section is important for calculation of filing status, standard deduction, Presidential Election Fund, and military status.**

- the Taxpayer can be claimed as a dependent on someone else’s return.
- Taxpayer was over age 18 and a full-time student at an eligible educational institution.
- Taxpayer is blind.
- Taxpayer is deceased.
- the Taxpayer wishes to contribute $3 to the Presidential Election Campaign Fund.
- Taxpayer or Spouse served in a combat zone during the current tax year.
- Taxpayer was a nonresident alien for any part of the year.
- Taxpayer or Spouse was affected by a natural disaster during the current tax year.

**Check the box if the taxpayer is between the ages of 18 and 24 and is a full-time student during some part of each of any 5 calendar months of the year. See Tab Q, Taxslayer Admin, Glossary for definition of a full-time student.**

**Check the Taxpayer is deceased box to generate a Date of Death box, which must be completed. The word Deceased and the date of death will print next to the deceased person’s name at the top of Form 1040 page 1, as required by the IRS.**

**Do not mark the taxpayer was a nonresident alien box if taxpayer or spouse is married to a citizen or resident alien and they have elected to treat the nonresident alien as a resident alien.**

The program will create the state return based on the state selected. The program will automatically transfer basic information into the state return for you. Any additional states that are needed will be selected within the State Return section of the return. If a taxpayer lived in more than one state during the year, enter the state he or she lived in with the highest federal poverty level (FPL). That FPL will be used to make ACA calculations. If there isn’t a state return to complete, select None from the list.
Entering Dependent/Qualifying Person

**TaxSlayer Navigation:** Basic Information>Dependents/Qualifying Person

**Note:** To determine if a person qualifies as the taxpayer’s dependent, see Tab C, Dependents.

---

### Dependents or Qualifying Person(s)

Do you have any dependents or qualifying person(s) to claim on your return?

Individuals who rely on you for support and reside in your house generally qualify for dependent tax exemptions. However, there are situations when a child's exemption status is more complicated. The IRS has special rules for these situations.

---

**Note:** In order for the IRS to accept the tax return electronically, ensure that:

- The correct date of birth is entered
- The dependent’s name is spelled correctly
- The correct social security number is entered

If any of these three items are entered incorrectly, the IRS will reject the tax return for electronic filing purposes.
Entering Dependent/Qualifying Person (continued)

**Dependent/Qualifying Child Information**

- **First Name**
- **Last Name**
- **Date of Birth** (MM, DD, YYYY)
- **Social Security Number**
- **Relationship**
- **Number of months this person lived in your home during 2017**

The taxpayer’s name carries forward to the dependent. Make changes as needed based on the dependent’s social security card.

Select the “dependent does not have an SSN/ITIN/ATIN” check box if applicable. If checked, the software will ask if the dependent will be completing a Form W-7, Application for ITIN. The Form W-7 is located in the Federal Section, Miscellaneous Forms. If not applying for an ITIN, answer no and enter the reason (such as the death of the child) that the child does not have a TIN.

If you are the noncustodial parent claiming your child as a dependent, select Divorce/Separation for the number of months.

**Note:** If the child has an ITIN but was a resident of the U.S., be sure to select the Check if this dependent meets the substantial presence test box in the Dependents Section or the credit for other dependents will not be included on the return.

**Qualifying Child(ren) for Earned Income Credit (EIC):**

EIC is considered for every return until the program determines that it is not viable. Verify names, SSNs, and dates of birth with social security cards to prevent rejected returns.

TaxSlayer calculates the amount of earned income credit if the client qualifies based on income and other requirements. Reminder: Although age, relationship and residency requirements are the same for EIC as for dependency, support is NOT an issue for EIC (it does not matter whether or not the child, parent, or another provides over half of the child’s support).

Enter the number of months each individual lived in the taxpayer’s home or select Lived in Mexico if the dependent lived in Mexico or Lived in Canada if the dependent lived in Canada – use the drop-down list. Enter 12 months if the dependent was born or died during the year or was temporarily absent (school, vacation, etc.).
Tab C: Dependents
Overview of the Rules for Claiming a Dependent

This table is only an overview of the rules. For details, see Publication 17, Your Federal Income For Individuals.

- You can’t claim any dependents if you, or your spouse if filing jointly, could be claimed as a dependent by another taxpayer.
- You can’t claim a married person who files a joint return as a dependent unless that joint return is only to claim a refund of income tax withheld or estimated tax paid.
- You can’t claim a person as a dependent unless that person is a U.S. citizen, U.S. resident alien, U.S. national, or a resident of Canada or Mexico.¹
- You can’t claim a person as a dependent unless that person is your qualifying child or qualifying relative.

### Tests To Be a Qualifying Child

1. The child must be your son, daughter, stepchild, foster child, brother, sister, half brother, half sister, stepbrother, stepsister, or a descendant of any of them.

2. The child must be: (a) under age 19 at the end of the year and younger than you (or your spouse, if filing jointly), (b) under age 24 at the end of the year, a full-time student, and younger than you (or your spouse, if filing jointly), or (c) any age if permanently and totally disabled.

3. The child must have lived with you for more than half of the year.²

4. The child must not have provided more than half of his or her own support for the year.⁴

5. The child isn’t filing a joint return for the year (unless that joint return is filed only to claim a refund of income tax withheld or estimated tax paid).

6. If the child meets the rules to be a qualifying child of more than one person, you must be the person entitled to claim the child as a qualifying child. See the “Qualifying Child of More Than One Person” chart.

### Tests To Be a Qualifying Relative

1. The person can’t be your qualifying child or the qualifying child of any other taxpayer. A child isn’t the qualifying child of any other taxpayer if the child’s parent (or any other person for whom the child is defined as a qualifying child) isn’t required to file an income tax return or files an income tax return only to get a refund of income tax withheld.

2. The person either (a) must be related to you in one of the ways listed under Relatives who don’t have to live with you (see Table 2, step 2), or (b) must live with you all year as a member of your household² (and your relationship must not violate local law).

3. The person’s gross income for the year must be less than $4,150.³ Gross income means all income the person received in the form of money, goods, property and services, that isn’t exempt from tax. Don’t include social security benefits unless the person is married filing a separate return and lived with their spouse at any time during the tax year or if 1/2 the social security benefits plus their other gross income and tax exempt interest is more than $25,000 ($32,000 if MFJ).

4. You must provide more than half of the person’s total support for the year.⁴, ⁵

### Footnotes

¹ There is an exception for certain adopted children.
² There are exceptions for temporary absences, children who were born or died during the year, children of divorced or separated parents or parents who live apart, and kidnapped children. If you obtained a final decree of divorce or separate maintenance during the year, you can’t take your former spouse as a dependent. This rule applies even if you provided all of your former spouse’s support.
³ There is an exception if the person is disabled and has income from a sheltered workshop.
⁴ There are exceptions for multiple support agreements, children of divorced or separated parents or parents who live apart, and kidnapped children.
⁵ A worksheet for determining support is provided later in this tab. If a person receives social security benefits and uses them toward his or her own support, those benefits are considered as provided by the person. Benefits provided by the state to a needy person are generally considered support provided by the state. A proposed rule on which taxpayers may choose to rely treats governmental payments made to a recipient that the recipient uses, in part, to support others as support of the others provided by the recipient, whereas any part of such payment used for the support of the recipient would constitute support of the recipient by a third party. For example, if a mother receives Temporary Aid to Needy Families (TANF) and uses the TANF payments to support her children, the proposed regulations treat the mother as having provided that support.
Qualifying Child of More Than One Person

### Tiebreaker Rules

If the child meets the conditions to be the qualifying child of more than one person, only one person can claim the child as a qualifying child dependent for all tax benefits associated with an exemption unless the special rule for children of divorced or separated parents applies.

- Credit for other dependents
- Head of Household
- Credit for Child and Dependent Care Expenses
- Child Tax Credit
- Earned Income Credit
- Exclusion from income for Dependent Care Benefits

No other person can take any of the six tax benefits listed above unless he or she has a different qualifying child. To determine which person can treat the child as a qualifying child to claim these six tax benefits, the following tiebreaker rules apply. Subject to these tiebreaker rules, the taxpayer and the other person may be able to choose which person claims the child as a qualifying child.

If only one of the persons is the child's parent, the child is treated as the qualifying child of the parent.

If the parents file a joint return together and can claim the child as a qualifying child, the child is treated as the qualifying child of the parents.

If the parents don't file a joint return together but both parents claim the child as a qualifying child, the IRS will treat the child as the qualifying child of the parent with whom the child lived for the longer period of time during the year. If the child lived with each parent for the same amount of time, the IRS will treat the child as the qualifying child of the parent who had the higher adjusted gross income (AGI) for the year.

If no parent can claim the child as a qualifying child, the child is treated as the qualifying child of the person who had the highest AGI for the year.

If a parent can claim the child as a qualifying child but no parent claims the child, the child is treated as the qualifying child of the person who had the highest AGI for the year, but only if that person's AGI is higher than the highest AGI of any of the child’s parents who can claim the child. If the child’s parents file a joint return with each other, this rule can be applied by dividing the parents' combined AGI equally between the parents.

**Example:** Your daughter meets the conditions to be a qualifying child for both you and your mother. Under the rules above, you are entitled to treat your daughter as a qualifying child for all of the six tax benefits listed above for which you otherwise qualify. Your mother isn’t entitled to take any of the six tax benefits listed above unless she has a different qualifying child. However, if your mother’s AGI is higher than yours, you can let your mother treat your daughter as her qualifying child. If you do that, your daughter isn’t your qualifying child for any of the six benefits.

For more details and examples, see Publications 17 and 501 Exemptions, Standard Deduction, and Filing Information.

---

**Footnote**

When the special rule for children of divorced or separated parents applies (see Table 3, later in this tab) and the non-custodial parent claims the child as a dependent, the non-custodial parent may also claim the child tax credit and any educational benefit, if all other rules are met. The custodial parent should enter the child as a non-dependent in the software (see software entries in Tab B, Starting a Return and Filing Status), because they may be eligible for the EIC, Child and Dependent Care Credit, Exclusion from income for Dependent Care Benefits and Head of Household filing status.

Footnotes

\(^1\) A person is permanently and totally disabled if he or she can’t engage in any substantial gainful activity because of a physical or mental condition, AND a doctor determines the condition has lasted or can be expected to last continuously for at least a year or can lead to death.

\(^2\) A child is considered to have lived with you during periods of time when one of you, or both, are temporarily absent due to illness, education, business, vacation, military service, institutionalized care for a child who is permanently and totally disabled, or incarceration. In most cases a child of divorced or separated parents is the qualifying child of the custodial parent. See Table 3: Children of Divorced or Separated Parents or Parents Who Live Apart to see if an exception applies. There is an exception for kidnapped children. See Publication 17.

\(^3\) A worksheet for determining support is included later in this tab. If a child receives social security benefits and uses them toward his or her own support, those benefits are considered as provided by the child. Benefits provided by the state to a needy person (welfare, food stamps, housing, SSI) are generally considered support provided by the state.

Footnotes

1 Any of these relationships that were established by marriage aren’t ended by death or divorce.
2 A person doesn’t meet this test if at any time during the year the relationship between you and that person violates local law.
3 For purposes of this test, the gross income of an individual who is permanently and totally disabled at any time during the year doesn’t include income for services the individual performs at a sheltered workshop.

Gross income means all income the person received in the form of money, goods, property and services, that isn’t exempt from tax. Don’t include social security benefits unless the person is married filing a separate return and lived with their spouse at any time during the tax year or if 1/2 the social security benefits plus their other gross income and tax exempt interest is more than $25,000 ($32,000 if MFJ).

**Footnote**

[^4] A worksheet for determining support is included at the end of this section.

See Table 3 for the exception to the support test for children of divorced or separated parents or parents who live apart.

If a child receives social security benefits and uses them toward his or her own support, those benefits are considered as provided by the child. Benefits provided by the state to a needy person are generally considered support provided by the state. A proposed rule, on which taxpayers may choose to rely, treats governmental payments made to a recipient that the recipient uses, in part, to support others as support of the others provided by the recipient, whereas any part of such payment used for the support of the recipient would constitute support of the recipient by a third party. For example, if a mother receives TANF and uses the TANF payments to support her children, the proposed regulations treat the mother as having provided that support.
# Table 3: Children of Divorced or Separated Parents or Parents Who Live Apart

</tr>
</tbody>
</table>

### Footnotes

1. If the child is emancipated under state law, either by reaching age of majority or other means, child is treated as not living with either parent (see Publication 17).

2. **Post-2008 decree or agreement.** If the divorce decree or separation agreement went into effect after 2008, the noncustodial parent can’t attach pages from the decree or agreement instead of Form 8332. The custodial parent must sign, and the noncustodial parent must attach to his or her return, either Form 8332, or a copy of Form 8332 or a substantially similar statement the only purpose of which is to release the custodial parent’s claim to a child. For an e-filed return, attach and submit the Form 8332 with Form 8453, U.S. Individual Income Tax Transmittal for an IRS e-file Return.

3. **Post-1984 and Pre-2009 divorce decrees or agreements:**
   - The noncustodial parent must attach all of the following pages from the decree or agreement.
   - Cover page (include the other parent’s SSN on that page)
   - The pages that include all the information identified in (1) through (3) above
   - Signature page with the other parent’s signature and date of agreement.

### Release of certain tax benefits revoked

A custodial parent who has revoked his or her previous release of a claim to certain tax benefits for a child must attach a copy of the revocation to his or her return. For the revocation to be effective for the current tax year, the custodial parent must have given (or made reasonable efforts to give) written notice of the revocation to the noncustodial parent in the prior tax year or earlier. (See Form 8332 for more details)

### Other decrees or agreements that don’t meet step 4

Non-custodial parents must attach the Form 8332, or a copy of Form 8332 or similar statement to their return.

The following items aren't included in total support:

- Federal, state, and local income taxes paid by persons from their own income
- Social security and Medicare taxes paid by persons from their own income
- Life insurance premiums
- Funeral expenses
- Scholarships received by your child if your child is a student
- Survivors’ and Dependents’ Educational Assistance payments used for the support of the child who receives them

**Footnotes**

1. If the taxpayer received a Form 1099-C, Cancellation of Debt, in relation to their main home, it can be nontaxable
2. If itemized in year paid and taxes were reduced because of deduction
3. An inheritance isn’t reported on the income tax return, but a distribution from an inherited pension or annuity is subject to the same tax as the original owner would have had to pay.
4. The exclusion does not apply to a taxpayer for any year in which the taxpayer’s AGI exceeds $1 million (or $500,000 for an individual filing a MFS return).
5. If you use a dwelling unit as a home and you rent it less than 15 days during the year, you are not required to report the rental income and rental expenses from this activity. See Publication 527, Residential Rental Property. (Military Certification only)
Members of the Armed Forces receive many different types of pay and allowances. Some are included in gross income while others are excluded from gross income. Table 1 lists included items that are subject to tax and must be reported on your tax return. Table 2 lists excluded items that are not subject to tax, but may have to be shown on your tax return. See Publication 3, Armed Forces’ Tax Guide, for additional information.

How/Where to Enter Income

TaxSlayer Navigation: Federal Section>Income

- Select Guide Me to launch a step-by-step series of questions to help determine the various types of income that should be entered on the tax return.
- Select Enter Myself if you prefer to enter items of income without help.
- Regardless of which path you choose, the tax form entry screens are the same.
- If you don’t need to enter or correct any income items, you can skip this section.
- See Tab O, Using TaxSlayer® Pro Online, for additional instructions.

To go directly to a specific form, use the box to enter the form number or name. See Tab O, Using TaxSlayer® Pro Online, for entries.

If the taxpayer received a state refund in 2018 and itemized deductions for 2017 that included a deduction for state income tax, select the State and Local Refunds option and complete the State Refund worksheet.

Select Quick File from this pull-down menu to create a list of entry screens for this return.

You can go directly to the Income section from the quick link.

To enter Taxable Scholarship, Prisoner Earned Income, or Foreign Compensation - select Other Income then choose Other Compensation.

To enter unemployment compensation, select Begin on the unemployment line.

W-2

☐ This is a standard W-2
☐ This is a corrected W-2
☐ This is a substitute W-2

Control Number is not needed for e-filing

If a Form W-2 can’t be obtained from the employer, select the box to indicate this is a substitute W-2. TaxSlayer will generate a Form 4852, Substitute for Form W-2, Wage and Tax Statement. The taxpayer will need to provide total income and withholding from their year-end pay stub.

Indicate if W-2 is for Taxpayer or Spouse. The software will not allow you to proceed until this is completed.

If the taxpayer has an ITIN, you will be prompted to enter the ITIN or SSN as shown on the original W-2.

Compare the taxpayer’s address to Form W-2 address. If the address on the W-2 is different, correct the W-2 address here to match the original Form W-2. This won’t change the tax return address.

A taxpayer with multiple Forms W-2 could possibly have a different address on several, if not all, of the Forms W-2. Check them carefully; the change must be made on every Form W-2 that is different from the current address. Be sure to enter every item from the taxpayer’s original W-2 – key what you see.

**TIP** If the taxpayer earned tips that weren’t reported to the employer, enter in the Unreported Tips box. This will add Form 4137, Social Security and Medicare Tax on Unreported Tip Income, to the return. If the taxpayer received tips that weren’t reported to the employer because they were less than $20 a month, go to other taxes, select Form 4137 and also enter the amount there. If a taxpayer wishes to use their tip log instead of allocated tips in box 8, leave box 8 blank and report it as unreported tips within the W-2.

**CAUTION** IRS requires that information on electronically filed Form(s) W-2 match the printed Form(s) W-2 exactly if possible. For example, the name cannot be changed, and the software will not accept special characters.

Be sure to complete Box 11 if there is an entry on the original Form W-2. An entry here may indicate that the taxpayer is receiving deferred compensation earned in a prior year.

Review box 2 and box 17 to ensure tax withheld was entered and is correct.

The entries in boxes 3, 4, 5, 6 and 16 will auto-populate based on the Box 1 entry. If the figures don’t match taxpayer’s Form W-2, correct the data so that it matches the information on Form W-2.

If there is an entry in Box 10, Form 2441, Child and Dependent Care Expenses, must be completed.
Form W-2 Instructions (continued)

For Box 12 and 14, choose the code from the drop-down menu and enter the dollar amount. If there are more than 4 items in box 12, enter the items that impact the tax return (Code D, E, G, P, Q, T, W, AA, BB, EE).

Be sure to select the correct items for Box 13 as indicated on Forms W-2. This is important in calculating the deductibility of IRA contributions.

If statutory employee is marked, employment taxes are withheld by the employer, but the taxpayer will report income and deduct expenses using Schedule C. Re-enter income as statutory income on Schedule C Income screen. Also enter related expenses. Do not mix statutory employee income with other income on the same Schedule C.

Select from the drop-down list for box 14. If the amount is eligible for the retirement saver’s contributions credit, select Retirement (Not in Box 12)- Carry to Form 8880.

If Box 16 and Box 17 are both blank, leave Box 15 blank.

If the Form W-2 shows withholding from more than one state, select the Add State button to add the additional information.

Non-dividend distribution is a return of basis, not taxed until all cost is recovered. The taxpayer must reduce their cost by these distributions at the time of sale. Once all costs are recovered, report as capital gain.

An entry in Foreign tax paid (box 6) will flow as a foreign tax credit to Form 1040.

**CAUTION** Only the simplified limitation method is in scope. If total foreign taxes exceed $300 ($600 if filing joint), the simplified method cannot be used. In that case Form 1116, Foreign Tax Credit, is required, with International certification only. See Tab G, Nonrefundable Credits for Foreign Tax Credit information.

On the amount of interest on U.S. Savings Bonds and Treasury obligations line, enter dividends from federal bond funds which are fully taxable on the federal return but tax exempt on the state return.
State and Local Refund Worksheet

TaxSlayer Navigation: Federal Section>Income>State and Local Refunds; or Keyword “G”

Use this worksheet only if the taxpayer itemized deductions last year claiming state income taxes as a deduction and received a state or local income tax refund.

None of your refund is taxable if, in the year you paid the tax, you either:
(a) didn’t itemize deductions, or
(b) elected to deduct state and local general sales taxes instead of state and local income taxes.

State Refund Worksheet

Section 1 – Use this worksheet to determine the portion of the taxpayer’s prior year state refund that is considered taxable in the current year. Use a copy of the taxpayer’s previous year return to enter all amounts in the spaces provided. The taxable portion will be included on the return as taxable income.

Section 2 – For taxpayers who filed a MFS tax return in the previous year and were forced to itemize deductions because their spouse itemized deductions, enter the amount from all current year Form 1099-G statements. This amount will be included on the return as taxable income.

Include state tax withheld and state estimated payments made during 2017.

If the taxpayer itemized in the prior year, enter sales tax deduction that could have been claimed in 2018 (for tax year 2017). See Publication 600, State and Local General Sales Tax, for details.
If any of the self-employment income is reported on Form 1099-MISC, Miscellaneous Income, select Form 1099-Misc. In most cases, self-employment income reported on a Form 1099-MISC will be in Box 7, Nonemployee compensation.

Note: A taxpayer that received less than $600 in income from one payer may not receive a Form 1099-MISC or Form 1099-K. This income must still be reported.

See Publication 334, Tax Guide for Small Business and Publication 525, Taxable and Nontaxable Income, for additional information.

Self-employment income generally appears in box 7, Nonemployee compensation. If there is income reported in other boxes and it was earned by the business, it should also be reported as other business income on the Schedule C.

Sometimes income reported in box 7, Nonemployee compensation is related to a hobby - an activity that isn’t engaged in for profit. Activities not for profit are Out of Scope. See Publication 525 for more complete information about not-for-profit activities.

Some income that isn’t self-employment, such as prizes and awards, is reported in box 3, Other income.

Schedule C - General Expenses

**TaxSlayer Navigation:** Federal Section>Income>Profit or Loss from a Business>General Expenses; Keyword “SC”

**Note:** The following expenses are Out of Scope:
Contract Labor, Depletion, Employee benefit program, Health Insurance, Mortgage interest, Pension and profit sharing, and Wages.

To be deductible, a business expense must be both ordinary and necessary. An ordinary expense is one that is common and accepted in your industry. A necessary expense is one that is helpful and appropriate for your trade or business. An expense does not have to be indispensable to be considered necessary.

**Note:** Car and truck expenses aren’t entered on this page. Those expenses are entered on a separate page.

**Note:** Rentals or leases of equipment for more than 30 days are Out of Scope.

**CAUTION** Expenses that aren’t deductible include bribes and kickbacks; charitable contributions; demolition expenses or losses; and dues paid to business, social, athletic, luncheon, sporting, airline, and hotel clubs.

Business miles *

Commuting

Other *

Enter the number of miles driven for personal purposes.

Business miles: Miles related to the business activity that aren’t commuting miles. For-hire drivers who have mileage in between customer pick-ups can claim the mileage as a business expense.

Commuting miles: Miles driven each day from home to the first business location and driven from the last business location back home.

Note: The total of Business, Commuting and Other miles should add up to the total miles on the vehicle for the year.

Using actual expense deductions, such as gas, repairs, and depreciation, is Out of Scope.

Note:
The total of Business, Commuting and Other miles should add up to the total miles on the vehicle for the year.

Refer to Publication 463, Travel, Entertainment, Gift, and Car Expenses, for help determining deductible business mileage and nondeductible commuting mileage.

Note: The car and truck expense deduction will automatically be calculated using the standard mileage rate, based on the number of business miles entered. The rate is 54.5 cents per mile for tax year 2018. In addition, the taxpayer can deduct the cost of business parking and tolls.

Note: If you are self-employed and use your car in your business, you can deduct the business part of state and local personal property taxes on motor vehicles on Schedule C. Enter this on the Taxes line on the Schedule C Expenses screen. If you are self-employed and use your car in your business, you can deduct that part of the interest expense that represents your business use of the car. You cannot deduct the part of the interest expense that represents your personal use of the car. Enter the deductible amount on the Other Interest line on the Schedule C Expenses screen.

Note: If you are an employee, you cannot deduct any interest paid on a car loan. This applies even if you use the car 100% for business as an employee.

Note: The standard mileage deduction includes depreciation, gas/oil, repairs, insurance, and non-tax portion of registration, but not parking, tolls, or business part of registration tax. Taxpayer should have a written record (log or appointment book).

If an adjustment to basis or net capital gain is required, enter the adjustment amount and mark the reason(s) from the list. For most transactions, no adjustment to gain or loss is needed. You may need to enter an adjustment if the basis provided is incorrect, another situation applies that requires a change to the basis, or if the taxpayer is able to exclude some or all of the capital gain.

If summarizing transactions, check the box for Reporting Multiple Transactions on a Single Row.

If you have no more transactions to enter, select Continue (this will also save your entry.)

Select Save & Enter Another if you have more capital gain transactions to enter.
**Entering Capital Gains and Losses (continued)**

**Exception to Entering Each Transaction on a Separate Row**

When a taxpayer’s Form 1099-B includes so many transactions that it isn’t practical to enter each one into TaxSlayer, use the following procedure.

1. Divide the transactions into four categories:
   - Short term transactions with basis reported to the IRS - categorized as “Box A.”
   - Short term transactions with basis not reported to the IRS - categorized as “Box B.”
   - Long term transactions with basis reported to the IRS - categorized as “Box D.”
   - Long term transactions with basis not reported to the IRS - categorized as “Box E.”

2. Enter the total of each category on the capital gain entry screen.

3. If any of the transactions requires an adjustment to the reported basis, select the reason from the drop down box that includes that transaction.

4. If there are transactions with basis not reported to the IRS, the broker’s list of transactions must be submitted as an attachment to the tax return. Submit the document using either of the following two methods:
   - Hardcopy: Make a photocopy and attach it to Form 8453, U.S. Individual Income Tax Transmittal for an IRS e-file Return, to be mailed to the IRS Service Center in Austin, Texas.
   - Electronic: Scan the pages and save as a PDF. Attach the PDF to the electronic return prior to creating the e-file.

**TIP**

**Common Items Found on Brokers’ Statements**

Look for all of the following items: (You may or may not find them all.)

1. 1099-INT (Summary-NOT detail)
2. 1099-DIV (Summary-NOT detail)
3. 1099-B (Summary and Detail) and “Cost basis” or “Transaction detail” for sale of stock: Input as a capital gain and losses.
4. If there are dividends from mutual funds, look for an insert or chart that says what percentage came from federal government interest: Enter on the dividend input screen and select your state (check your state rules).
5. The chart should also show what percent came from municipal bonds from each state: Input exempt interest from states other than yours by selecting tax exempt interest income and making the state adjustment (check your state rules).
6. Foreign taxes paid: Enter foreign taxes paid on the dividend input screen only if all foreign taxes relate to passive income and the total on all tax statements (1099, etc.) is less than $300 ($600 MFJ); otherwise, in scope only if certified in International.

**Note:** Net losses greater than $3000 ($1500 if MFS) will carry forward to future tax years.
**Adjustments to Basis in TaxSlayer**

Enter Capital Gain/Loss Transactions in TaxSlayer

For most transactions, you do not need to adjust the basis. You may need to adjust the basis if you received a Form 1099-B or 1099-S (or substitute statement) that is incorrect, are excluding or postponing a capital gain, have a disallowed loss, or certain other situations. Details are in the table below.

Capital Gains or Losses Sale of Main Home

Report the sale or exchange of your main home as a Capital Gain or Loss if:

- You can’t exclude all of your gain from income, or
- You received a Form 1099-S for the sale or exchange.

Generally, if you meet the following two tests, you can exclude up to $250,000 of gain. If both you and your spouse meet these tests and you file a joint return, you can exclude up to $500,000 of gain (but only one spouse needs to meet the ownership requirement in Test 1). Reduced exclusions are Out of Scope.

- Test 1. During the 5-year period ending on the date you sold or exchanged your home, you owned it for 2 years or more (the ownership requirement) and lived in it as your main home for 2 years or more (the use requirement).

**Note:** Military members may be able to suspend the 5-year period while serving on qualified official extended duty.

- Test 2. You haven’t excluded gain on the sale or exchange of another main home during the 2-year period ending on the date of the sale or exchange of your home.

If you have a gain that can’t be excluded, it is taxable.

**Death of spouse.** If you sell your home within 2 years after your spouse dies, and you have not remarried as of the sale date, you can count any time when your spouse owned the home as time you owned it, and any time when the home was your spouse’s residence as time when it was your residence.

Form 1099-R (continued)

Box 5 on the document may be current year’s amount of employee contributions or insurance premiums (recovery of cost basis or investment in the contract). If the payer has calculated the taxable amount of the pension in Box 2, generally the difference between Boxes 1 and 2 will appear in Box 5. If Box 5 is the amount of health insurance premiums, (typically only on a CSA 1099-R) you must manually carry the amount to the Schedule A, Itemized Deductions, Medical or Dental Expenses.

Box 7 is a required entry – Enter exactly as shown on document. If IRA/SEP/Simple is marked, check to enter exactly as on document. See Distribution Codes Chart in this tab.

Box 9b shows the total employee contributions and may be needed if Box 2 has no entry – usually requires worksheet (see Box 2a).

Note: Tax Law for Hurricane Victims

Participants in a 401(k) and similar employer-sponsored retirement plans can make loans and hardship distributions to an individual whose principal place of abode is located in the hurricane disaster area and who has sustained an economic loss by reason of Hurricane Harvey, Irma, or Maria. Public Law 155, H.R. 3823 Disaster Tax Relief and Airport and Airway Extension Act of 2017, which was passed September 29, 2017, allows for Hurricane Harvey, Irma, or Maria impacted individuals to obtain tax-favored withdrawals from retirement plans, by providing an exception to the 10 percent early retirement plan withdrawal penalty for qualified hurricane relief distributions, providing favorable repayment terms over 3 years, and allowing taxpayers the option of spreading out income inclusion resulting from such withdrawals over a 3-year period. These options require the completion of Forms 8915 and/or 8606 and are Out of Scope.

For more information about other tax relief related to Hurricane Harvey, Hurricane Irma, and other disasters, see the IRS disaster relief page or Publication 976, Disaster Relief.

Enter the amount of PSO health insurance premiums paid from the pension (up to $3,000). Deduct any amount of premiums paid in excess of $3,000 as an itemized deduction.

Distributions Used To Pay Insurance Premiums for Public Safety Officers

If you are an eligible retired public safety officer (police/law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew), you can elect to exclude from income distributions made from an eligible retirement plan that are used to pay the premiums for accident or health insurance or long-term care insurance. The premiums can be for coverage for you, your spouse, or dependents. The distribution must be made directly from the plan to the insurance provider. You can exclude from income the smaller of the amount of the insurance premiums or $3,000. You can only make this election for amounts that would otherwise be included in your income. The amount excluded from your income can’t be used to claim a medical expense deduction.
Form 1099-R Simplified Method

**TaxSlayer Navigation:** Federal Section>Income>IRA/Pension Distributions>Add or Edit a 1099-R>“Click here for options” (under box 2a Taxable Amount) or Keyword “R”

If the taxpayer made after-tax contributions toward a pension, a portion of the annuity payment has already been taxed and isn’t taxable now. Generally, if the starting date of the payments was prior to July 2, 1986, the Simplified Method wouldn’t apply. If the taxpayer used the 3-year rule, the annuity is fully taxable. If they used the general rule, refer the taxpayer to a professional tax preparer.

**Form CSA 1099-R - Civil Service Retirement Benefits** - The Office of Personnel Management issues Form CSA 1099-R for annuities paid or Form CSF 1099-R for survivor annuities paid. The CSA-Form 1099-R box numbers reflect the standard numbering on a Form 1099-R. If the taxable amount isn’t calculated in box 2 the Simplified Method must be used.

---

**Simplified General Rule Worksheet**

Enter the Plan cost (shown in Box 9b of 1099-R).

Enter the age of the taxpayer on the date the pension started – this may be different than the taxpayer’s age at the end of that year.

For a joint or survivor annuity, add the ages of both spouses on the start date. For the beneficiary of an employee who died, see Publication 575, Pensions and Annuities.

For a joint and survivor annuity that starts:
- After the death of the employee, use only the survivor’s age.
- Before the death of either beneficiary, continue with the same exclusion amount after the first death.

The taxable amount is calculated and carried to box 2a on Form 1099-R.

---

Enter the amount that could have been recovered tax free in prior years even if not claimed. Look at last year’s tax return to find this amount, or calculate the amount using the monthly tax free amount computed by TaxSlayer for the 2018 tax year times the number of months prior to 2018. For annuitants who retired between July 2, 1986 and Dec. 31, 1986, enter zero.
Form 1099-R Rollovers and Disability Under Minimum Retirement Age

If any portion was rolled over, check to bring up screen to enter the amount. Even if Box 7 is Code G, this entry must be made.

**Rollover or Disability**

  - **Rollover Amount** *
    - $  

- Check here to report on Form 1040, Line 7 (Distribution code must be a "3")

Check if Code 3 is in box 7 and the taxpayer is disabled and under the minimum retirement age* of the employer’s plan. This will reclassify the disability income as wages on Form 1040. It will be considered earned income in the calculation of some credits.

*Minimum retirement age generally is the age at which you can first receive a pension or annuity if you aren’t disabled.

Internal Revenue Code Sec. 13613. Extended rollover period for plan loan offset amounts. Act sec. 13613:
Provides that the period during which a qualified plan loan offset amount may be contributed to an eligible retirement plan as a rollover contribution is extended from 60 days after the date of the offset to the due date (including extensions) for filing the Federal income tax return for the taxable year in which the plan loan offset occurs, that is, the taxable year in which the amount is treated as distributed from the plan.

**Rollovers**

- A taxpayer should not receive a Form 1099-R for a trustee-to-trustee transfer from one IRA to another, but should receive a Form 1099-R for a trustee-to-trustee direct rollover from an employer qualified plan to an IRA with code G.

- A rollover that involves a distribution of funds to the participant isn’t taxable if the funds are deposited into an IRA (or the same IRA) or an employer plan within 60 days. Form 1099-R will have either a code 1 or code 7. Subtract the rollover amount from the gross distribution (Box 1) and enter the difference as the taxable amount in Box 2a.

- A participant is allowed only one rollover from an IRA to another (or the same) IRA in any 12-month period, regardless of the number of IRAs owned. However, you can continue to make unlimited trustee-to-trustee transfers between IRAs because it is not considered a rollover.

- Sometimes a distribution includes both a regular distribution (generally taxable) and a rollover (generally non-taxable). The Form 1099-R Rollover or Disability section is used to input the amount that won’t be taxed and Box 2a needs to be adjusted.

- If taxpayer inadvertently missed the 60-day rollover deadline for one of several reasons, they can submit a certification to the trustee, and the amount can be considered a rollover on his tax return. See Revenue Procedure 2016-47 for details.

**Note:** The above applies to pre-tax accounts (e.g. traditional IRAs) and to post-tax accounts (e.g. Roth IRAs) within each group. If rolling or converting from pre-tax to post-tax, the amount will generally be taxable.
Form 1099-R Roth IRA

The basis of property distributed from a Roth IRA is its fair market value (FMV) on the date of distribution, whether or not the distribution is a qualified distribution.

You don't include in your gross income qualified distributions or distributions that are a return of your regular contributions from your Roth IRA(s).

Distributions from a Roth IRA are tax free and may be excluded from income if the following requirements are met:
- The distribution is made after the 5-year period beginning with the first day of the first taxable year for which a contribution was made to a Roth IRA set up for the taxpayer’s benefit, and
- The distribution is:
  - Made on or after age 59½, or
  - Made because the taxpayer was disabled, or
  - Made to a beneficiary or to an estate, or
  - To pay certain qualified first-time homebuyer amounts (up to a $10,000 lifetime limit)

The distribution from the Roth IRA is a qualified distribution. It isn’t subject to tax or penalty. This distribution is in scope. This will generally be designated by code Q on Form 1099-R.

See the list of Roth IRA distribution codes on the following page that are in scope and out of scope for the VITA/TCE programs.

The distribution from the Roth IRA isn’t a qualified distribution. The portion of the distribution allocable to earnings may be subject to tax and it may be subject to the 10% additional tax. This return is out of scope. Refer taxpayer to a professional tax preparer.

| 1 — Early distribution, no known exception. | • If this amount was rolled over within 60 days of the withdrawal and—if the distribution was from an IRA—no prior rollover was made in the same 12-month period, enter the amount rolled over in Line 1 of the Exclusion Worksheet below the 1099-R screen. Trustee to trustee transfer isn’t considered a prior rollover. If more than one rollover from an IRA in the 12-month period, return is Out of Scope.  
• If this wasn’t rolled over, a 10% additional tax will be applied unless the taxpayer qualifies for an exception. See Tab H, Other Taxes, Payments and ACA, for a list of exceptions. If the taxpayer qualifies for an exception, go to Form 5329, Additional Taxes on Qualified Plans and Other Tax-Favored Accounts, enter the amount that qualifies for an exception and select the reason for the exception from the dropdown list. |
| 2 — Early distribution, exception applies. | Code 2 applies if the taxpayer is under 59 ½ but the payer knows that an exception to the additional tax applies. If the IRA/SEP/SIMPLE box ISN’T checked, no further action needed. If the IRA/SEP/SIMPLE box IS checked, additional reporting may be required on Form 8606, and the return is Out of Scope. |
| 3 — Disability. | Code 3 is for a disability pension.  
• If the taxpayer is under the minimum retirement age for the company he retired from, then check the box under Rollover or Disability that says, “Check here to report as wages on the Form 1040.” This will reclassify the disability income as wages. It will also include the amount in earned income for calculation of the earned income credit, the dependent care credit and the additional child tax credit.  
• If the taxpayer has reached the minimum retirement age, no further action is needed. |
| 4 — Death. | Code 4 is for a survivor’s benefit or an inherited IRA. If it’s a pension, the original retiree has died, and the survivor is receiving his or her share of the pension. If the original pensioner was using the Simplified Method, continue to use it for the survivor. If it’s an inherited IRA and the original owner had a basis, the survivor takes over that basis. |
| 5 — Prohibited transaction. | This code is Out of Scope. |
| 6 — Tax-free Section 1035 exchange. | This code is Out of Scope. |
| 7 — Normal distribution. | Code 7 is for normal distributions. It may occur in several different situations:  
• If the amounts in Box 1 and 2a are the same, and Box 2b isn’t checked, the pension is fully taxable.  
• If the taxpayer makes a rollover from one IRA to another and holds the money less than 60 days, enter the amount rolled over into the Rollover or Disability field.  
• If the Box 2b is checked and there is an amount in Box 9b, complete the Simplified Method. Be sure to use the taxpayer’s age at the time of retirement—not current age.  
• If there is an amount in Box 2 that is different than Box 1, no further action is needed.  
• If there is no amount (or zero) in Box 2a, check to see if there is an amount in Box 5. If this is the same amount as Box 1, the distribution is the taxpayer’s own money coming back. Enter the Box 5 amount on line 5 of the Exclusion Worksheet. None of the distribution will be taxed.  
• If any portion of this distribution was sent directly from the trustee to a charity, and the taxpayer is over 70 1/2 years old, enter the net taxable amount in box 2a (which may be zero). Hit Continue and at the IRA/Pensions Distributions page, select Nontaxable Distributions and check the box to mark that there is a Qualified Charitable Distribution (QCD). No charitable deduction may be taken for the donation. |
| 8 — Excess contributions | This code is Out of Scope. |
| 9 — Cost of current life insurance | This code is Out of Scope |

Qualified Charitable Distribution (QCD) may be used if the person was at least 70½. This makes that portion of the distribution non-taxable.

1099-R Nontaxable Income

Nontaxable Distribution

If part or all of your 1099-R distribution(s) was for any of the following reasons, please check the appropriate box.

Important: The amount that you enter as the Taxable Amount in Box 2a for each 1099-R will be carried to your return as taxable income. If any of the exclusions apply, do not include the excludable amount in Box 2a for the appropriate 1099-R. Only include in Box 2a the amount that you want reported on your return as taxable income.

Exceptions:

☐ Check here to mark this as a Qualified Charitable Distribution (QCD) on your return.

☐ Check here to mark this as a qualified health savings account (HSA) funding distribution (HFD) on your return.

☐ Check here if you are an eligible retired public safety officer, and part of your distribution was used to pay the premiums for accident or health insurance, or to pay long-term care insurance.

Do not use this checkbox. See Tab D, Income, Taxable Amount Not Determined (Special Circumstances) page.

Qualified Health Savings Account funding distribution from an IRA (related to a Form 1099-R ) if rolled over, is Out of Scope.

Qualified Charitable Distributions:

• The QCD is not included in income.
• The QCD is not allowed as a charitable deduction.
• The QCD counts toward the taxpayer’s Minimum Required Distribution.
• It must be a direct distribution from the trustee to the qualified charitable organization.
• The amount of the QCD should be deducted from the gross distribution and entered in box 2A on the Form 1099-R input screen.
Railroad Retirement Benefits (RRB) are reported on two forms and require two entry screens. Social Security Equivalent Benefits, Form RRB 1099 Tier 1 (Blue Form) are entered on the Social Security Benefits screen. Treat the benefits reported on this form just like the information reported on Form SSA-1099. This screenshot shows the entry screen for Form RRB 1099-R Tier 2 (Green Form).

Note: See Publication 915, Social Security and Equivalent Railroad Retirement Benefits and Pub 575, Pensions and Annuity Income for additional information.

If an amount is present in the description of Box 3 on Form SSA-1099, or boxes 7, 8 and 9 on Form RRB-1099, the taxpayer received benefits attributable to a prior year. If the taxpayer is able to provide prior year tax returns, use the Social Security Lump-Sum Payment worksheet on the next page to see if the taxable amount of social security is reduced.

The taxpayer's Schedule K-1 may come from a Form 1065 (Partnership), Form 1120S (S-Corporation) or Form 1041 (Estate) Tax Return. Be careful to choose the right form.

#### Schedule E (Page 2) Questions

- **Check here if you are reporting losses not allowed in prior years due to the at-risk or basis limitations, passive losses not reported on Form 8582, or unreimbursed partnership expenses**

This situation would be Out of Scope.
Entering K-1 Information in TaxSlayer (continued)

Income reported on Schedule K-1 that is within the scope of the VITA/TCE programs includes:

- Interest income
- Dividend income
- Qualified Dividends income
- Net short-term capital gains and losses (Schedule D)
- Net long-term capital gains and losses (Schedule D)
- Tax-exempt interest income
- Royalty income (Schedule E)

If the K-1 includes any deductions, expenses, credits, or other items not listed above, the return is Out of Scope.

**Note:** Most in scope K-1s will be from a passive entity, and the taxpayer’s investment will be at risk. Be sure to select these boxes in the software, if applicable. TaxSlayer may give you a warning if the At-Risk box is left blank.
Entering Rental Income in TaxSlayer

**TaxSlayer Navigation:** Income>Rents and Royalties; Keyword “SC”

Volunteers must certify at Military level to prepare Schedule E for rental income. Rental income and expenses are in-scope only for military families renting their personal residences.

- Check the box if the taxpayer had any days of personal use while the property was available for rent. Enter the number of days here.
- Enter the total rental payments received for the tax year.
- Enter number of days rented at fair rental value. If the property is temporarily rented for less than 15 days during the tax year, the rental income is not taxable and the expenses are not deductible on a Schedule E.
- Enter the number of days the property was rented at fair rental value.
- Enter the number of days the property was used for personal purposes.
- Check here if the taxpayer actively participated. A rental loss will not appear on Form 1040, unless the taxpayer actively participated. In order to actively participate, the taxpayer must have substantial involvement in managing the rental property, such as making management decisions and arranging for repairs.

Use Schedule E to report rental income only when the taxpayer is not a real estate professional (determination of professional status is Out of Scope). Refer taxpayers who are real estate professionals to a professional tax preparer.

**Schedule E Rentals and Royalties**

- **Currently Editing:** House
- **Rent and Royalty Basic Information**
- **Depreciation**
- **Expenses**
- **Car and Truck Expenses**

Select depreciation to complete Form 4562, Depreciation and Amortization. If Form 4562 is required, the tax return is Out of Scope.

Select to enter rental expenses.

Select to enter vehicle expenses.

Cancel  Continue
If the property has both personal and rental use days, you must manually compute the portion of the expenses allowable on Schedule E and Schedule A. For example if the house was available for rent for six months, and you paid $4,000 for Mortgage Interest, you have to manually input $2,000 on the Mortgage Interest lines on both Schedule E and on Schedule A.
**Other Income**

**TaxSlayer Navigation:** Federal Section>Income>Other Income

Detailed information for each income type found on subsequent pages.

Use Other Income Not Reported Elsewhere to enter amounts from:
- Form 1099-MISC Box 3 (Other Income), or Box 7 (hobby income-activities not for profit are Out of Scope) or Box 8 (Substitute payments in lieu of dividends or interest).
- Jury Duty Pay
- Alaska Permanent Fund Dividend
- Gambling winnings not reported on a Form W-2 (use the description “Gambling Winnings”)
- Other income not entered elsewhere on the return

Gambling winnings are reported to the taxpayer on Form W-2G, fully taxable, and must be reported as income on the tax return. Gambling Losses up to the amount of winnings reported may be deducted as a miscellaneous deduction on Schedule A.

Taxable distributions from Coverdell Education Savings Accounts (ESAs), Qualified Tuition Programs (QTPs) or Achieving a Better Life Experience (ABLE) accounts are Out of Scope.

Cancellation of Debt from a credit card and Discharge of Qualified Principal Residence Indebtedness (if extended) are in scope for preparers with Advanced certifications.

Foreign Earned Income Exclusion is in scope only for those with International certification: United States citizens and resident aliens who live and work abroad may be able to exclude all or part of their foreign salary or wages from their income when filing their U.S. federal tax return. They may also qualify to exclude compensation for their personal services or certain foreign housing costs. See Publication 54, Tax Guide for U.S. Citizens and Resident Aliens Abroad.

**Entering Foreign Earned Income Exclusion Information in TaxSlayer**

**TaxSlayer Navigation:** Federal Section > Income > Other Income > Foreign Earned Income Exclusion, or Keyword “2555”

**Note:** Foreign Earned Income Exclusion is in scope only for preparers with International Certification.

U.S. citizens and U.S. resident aliens are required to report worldwide income on a U.S. tax return. However, certain taxpayers can exclude income earned while living in foreign countries.

To claim the foreign earned income exclusion, taxpayers must:
- Demonstrate that their tax home is in a foreign country
- Meet either the Bona Fide Residence Test or the Physical Presence Test
- Have income that qualifies as foreign earned income (reported on Form 1040 as taxable wages or as self-employment income)

The foreign earned income exclusion doesn’t apply to wages and salaries of U.S. military members and civilian employees of the U.S. government.

For 2018, the maximum exclusion is $103,900. For MFJ returns, both spouses can claim the exclusion up to the maximum amount per person.

You can’t exclude or deduct more than the taxpayer’s foreign earned income for the year.

The taxpayer’s tax home is the taxpayer’s regular or principal place of business, employment, or post of duty, regardless of where the taxpayer maintains a family residence. A taxpayer may have more than one tax home during the year.
To meet the period of stay requirement, the taxpayer must be either:

- A U.S. citizen or U.S. resident alien who is physically present in a foreign country or countries for at least 330 full days during any period of 12 consecutive months, or
- A U.S. citizen or U.S. resident alien from a tax treaty country who is a bona fide resident of a foreign country (or countries) for an uninterrupted period that includes an entire tax year.

**Note:** Waiver of minimum time requirements (for physical presence and bona fide residence tests): The taxpayer must leave the country because of war, civil unrest, or similar adverse conditions.

Don’t include income earned while in the United States in the amount of foreign earned income to be excluded (next page).

A brief trip to the U.S. will not prevent the taxpayer from being a bona fide resident, as long as the intention to return to the foreign country is clear.

Bona Fide Residence Test

To meet the bona fide residence test, taxpayers must show that they have set up permanent quarters in a foreign country for an entire, uninterrupted tax year. Simply going to another country to work for a year or more isn’t enough to meet the bona fide residence test. A taxpayer must establish a residence in the foreign country.
Enter the income the taxpayer earned during the 2018 tax year for services performed in a foreign country. This income should already have been entered on the tax return as wages, foreign compensation, or net self-employment income.

Amounts paid by the United States or its agencies to its employees don’t qualify for the exclusion.
Enter the number of days in your qualifying period that fall within your 2018 tax year. Your qualifying period is the period during which you meet the tax home test and either the Bona Fide Residence or the Physical Presence Test.

Scholarships and grants used to pay for tuition, fees and course-related expenses are not taxable. Use this link to report only amounts that were used for non-qualifying expenses. “SCH” will appear on the dotted line next to the wages line on Form 1040. Taxable scholarship is considered unearned income for most purposes but is considered earned income for determining filing requirement.

Enter wages received as a household employee for which the taxpayer did not receive a Form W-2 because the employer paid less than $2,100 in 2018. “HSH” will appear on the dotted line next to wages on Form 1040.

Enter foreign earned income (wages, salaries, etc.) paid by a foreign employer for work performed while the taxpayer lived in a foreign country.

Enter the amount received for work while an inmate in a penal institution. For purposes of the Earned Income Credit, this isn’t considered earned income. This includes amounts received for work performed while in a work release program or while in a halfway house. “PRI” will appear on the dotted line next to the line for wages on Form 1040. This entry is made in addition to entering the Form W-2 from the penal institution.

Entering Medicaid Waiver Payments

If income is reported on Form W-2 (and payer will not change), enter the Form W-2 as provided. Then, go to Schedule 1, line 21, Other income not reported elsewhere and enter Notice 2014-7 in the description field and the amount as a negative number. Then, go to Other Income, Other Compensation and enter the income as Medicaid Waiver wages. This will remove the income from EIC and other credit calculations as necessary.

Scenario B:
If income is reported on a Form 1099-MISC, go to Schedule 1, line 21>Other income not reported elsewhere and enter Notice 2014-7 in the description field and $0 in the amount field.

Scenario C:
If income is reported on a Form 1099-MISC and you are in the business of providing home care services, enter the full amount of payments under Gross Receipts in the Schedule C Income section. In Other Expenses, enter Notice 2014-7 as the description and the amount as a positive number.

Note 1: For the income to be excludable, the care must be in provider’s home.

Note 2: If the income is not reported, do not do anything. It is excludable income. A taxpayer may not choose to include in gross income difficulty of care payments that are excludable from gross income under § 131 as provided in Notice 2014-7.

Screening Sheet for Nonbusiness Credit Card Debt Cancellation

If the taxpayer is in bankruptcy, the tax return is Out of Scope for the VITA/TCE Programs.

Instructions: Use this Screening Sheet for taxpayers with Form 1099-C or other documentation resulting from cancellation of nonbusiness credit card debt and to assist in identifying taxpayers with cancellation of credit card debt issues.

Credit Card Debt

1. Did the taxpayer receive Form 1099-C, Cancellation of Debt, or other documentation (if less than $600) from a creditor and is the information shown on the form or document correct?
   - YES – Go to Step 2
   - NO – Go to Step 6
   
   Note: The creditor is not required to issue a Form 1099-C if the canceled debt is under $600. However, the taxpayer may be required to report the canceled debt as income regardless of the amount.

2. Was the credit card debt related to a business?
   - YES – Go to Step 6
   - NO – Go to Step 3

3. Does box 6 of the Form 1099-C indicate Code A for bankruptcy?
   - YES – Go to Step 6
   - NO – Go to Step 4
   
   Note: If box 6 is not marked with a Code A, but the taxpayer has subsequently filed bankruptcy, answer “yes.”

4. Was the taxpayer insolvent* immediately before the cancellation of debt?
   - YES – Go to Step 6
   - NO – Go to Step 5
   
   Use the Insolvency Determination Worksheet in Publication 4012 and interview the taxpayer to determine if the taxpayer was insolvent immediately before the cancellation of debt.

5. The cancellation of nonbusiness indebtedness or cancellation of debt (the amount in box 2 of Form 1099-C or an amount less than $600 provided in other documentation) must be reported as ordinary income on Form 1040, Schedule 1 (Other Income). No additional supporting forms or schedules are required for reporting income from canceled credit card debt.

6. This tax issue is outside the scope of the volunteer programs. The taxpayer may qualify to exclude all or some of the discharged debt. However, the rules involved are complex.

Refer the taxpayer to:
- The IRS website for the most up-to-date information.
- The Taxpayer Advocate Service (TAS): 1-877-777-4778, TTY/TDD 1-800-829-4059. TAS may help if the problem cannot be resolved through normal IRS channels.
- A professional tax preparer.
- Publication 4681, Canceled Debts, Foreclosures, Repossessions, and Abandonments (For Individuals)

* If the taxpayer is not in bankruptcy or unable to determine if they are insolvent the credit card debt forgiveness is presumed fully taxable.

Determining insolvency is Out of Scope for the volunteer. **This sample worksheet is for reference only.**

Publication 4885
Screening Sheet for Health Savings Accounts (HSA)

Note: Only volunteers with Health Savings Account Certification may assist taxpayers with HSA issues.

Instructions: This Screening Sheet will help you identify HSA issues that are within the scope of the VITA/TCE program. Use the Determine HSA Eligibility section to determine if taxpayer is eligible for an HSA; use Part I for contributions/deduction; use Part II for distributions. References: Publication 969, Form 8889 and Instructions

Determine HSA Eligibility (To set up an HSA or make contributions to an HSA)

TO QUALIFY: An individual must meet ALL the following requirements:
• Be covered under a high deductible health plan (HDHP) on the first day of any month of the year.
• Have no other health coverage except for allowable “other health coverage.” (Publication 969, “Other health coverage”)
• Not be claimed as a dependent on someone else’s tax return. (Publication 969, “Qualifying for an HSA”)
• Not be covered by Medicare (but the individual can be HSA eligible for the months before being covered by Medicare)

NOTE: If the taxpayer doesn’t qualify, but contributions have been made to an HSA, the taxpayer should be referred to a professional tax preparer.

PART I – HSA Contributions and Deduction

STEP 1 If eligible, were contributions made to an HSA?

YES – Complete Form 8889, Part I, lines 1 and 2. Go to Step 2.

NO – STOP

STEP 2 Was the taxpayer enrolled in the same HDHP coverage for the entire year?

YES – Complete Form 8889, Part I, lines 3-13.

FOR YES AND NO: Lines 4 and 10 are Out of Scope.

NO – Refer to Form 8889 Instructions for additional information on completing line 3.

PART II – HSA Distributions

STEP 1 Did the taxpayer receive distributions from the HSA trustee (whether or not Form 1099-SA received)?

YES – Complete Form 8889 Part II, Line 14a, 14b, if applicable, and 14c. Go to Step 2.

NO – STOP, do not complete Part II.

STEP 2 Did the taxpayer use all or part of the distribution to pay or get reimbursed for qualified medical expenses during the year that were incurred after the HSA was established and were for qualified persons?

YES – Enter the amount on line 15 and complete line 16. Go to Step 3.

NO – Enter zero on line 15 and complete line 16. Go to Step 3.

STEP 3 If any part of the distribution is taxable, was the distribution made after the taxpayer died, became disabled or turned 65?

YES – Check box on line 17a and complete 17b.

NO – Taxpayer will be subject to an additional 20% tax.
Health Saving Accounts (HSA) (continued)

TIP
Don’t rely on this document alone. Refer to HSA references to provide assistance.

How will you know if the taxpayer has an HSA issue?
• The Interview/Intake & Quality Review Sheet has the Yes or Unsure HSA box checked.
• The taxpayer’s (or spouse’s) Form W-2 will contain code W in box 12 for employer contributions.
• The taxpayer (or spouse) has a Form 1099-SA with an x in box 5 showing distributions from an HSA.
• The taxpayer (or spouse) may receive Form 5498-SA for their HSA contributions. If taxpayers don’t have this form they can provide the information regarding HSA contributions based on their records.

CAUTION
Contributions to an employee’s account through a Section 125 (cafeteria) plan are treated as employer contributions and aren’t deductible.

Form 8889 - Health Savings Account

Add a second Form 8889 if taxpayer and spouse have separate HSAs.

Select the appropriate HDHP coverage for the taxpayer: Self-only or family. This determines the maximum HSA contribution limits.

Employee contributions are entered here. Contributions by relatives and friends are considered to be made by taxpayer. Don’t include employer contributions on this line. The account holder needs to tell you how much was put in the HSA, because the Form 5498-SA may not have been received prior to preparing the return.

Enter number of months you had a Health Savings Account, a high deductible policy and no other major medical policy (including Medicare) and could not be claimed as dependent.
Health Saving Accounts (HSA) (continued)

HSA Distributions
Total distributions received during 2018 from all HSAs. (Usually shown in Box 1 of Form(s) 1099-SA)
$ __________

Enter HSA distributions here. Ask the taxpayer for Form 1099-SA, with the HSA box checked. If not an HSA distribution, refer the taxpayer to a professional tax preparer.

Distributions used for qualified medical expenses
* If you do not enter an amount here your entire distribution will be considered taxable.
$ __________
Enter amount spent on qualifying medical expenses not reimbursed by insurance.

Distributions you received in 2018 that you rolled over into another HSA. Also include any excess contributions (and the earnings on those excess contributions) included above that were withdrawn by the due date of your return.
$ __________

Form 8889 will calculate the amount of excess contributions, if any.

Exceptions - The additional 20% tax does not apply to distributions made after the account beneficiary dies, becomes disabled, or turns age 65.

□ Check here if you meet any of the exceptions to the 20% tax.

HSA Adjustments
Limitation - Adjust amount of limitation from worksheet (entries here carry to Line 3 of 8889)
Note: This amount will adjust a calculated amount.
$ __________

Adjust your share of high-deductible health plan. If you and your spouse had separate HSAs AND had family coverage under an HDHP, see Page 4 of the Instructions for the amount to enter.
Note: This amount will adjust a calculated amount.
$ __________

If you were age 55 or older at the end of the tax year, married, AND you or your spouse had family coverage under an HDHP at any time during the year, enter your Additional Contribution Amount. (entries here carry to Line 7 of 8889)
Note: This amount will adjust a calculated amount.
$ __________

Note: Taxpayer’s age must be 70½ or younger to contribute to a traditional IRA. Contributions can be made until the filing deadline, generally April 15 of the year following the tax year. Your filing status has no effect on the amount of allowable contributions to your traditional IRA. However, if during the year either you or your spouse was covered by a retirement plan at work, your deduction may be reduced or eliminated, depending on your filing status and income. See Publication 590-A, Contributions to Individual Retirement Arrangements, for details.

Note: Compensation for purposes of an IRA contribution includes wages, salaries, commissions, net profit from self-employment, alimony and separate maintenance, and nontaxable combat pay.

TaxSlayer Hint: If the taxpayer made a Traditional IRA contribution, select Adjustments from the Deductions menu, then select IRA Deduction. Don’t enter a Roth IRA contribution on this screen. Enter it in the Credits section. If eligible, the software will calculate a Retirement Savings Contributions Credit. Be sure to enter any applicable retirement plan distributions. Persons Not Eligible for the Standard Deduction

Your standard deduction is zero and you should itemize any deductions you have if:

- Your filing status is married filing separately, and your spouse itemizes deductions on his or her return
- You are filing a tax return for a short tax year because of a change in your annual accounting period (Out of Scope)
- You are a nonresident or dual-status alien during the year. You are considered a dual-status alien if you were both a nonresident and resident alien during the year (Out of Scope).
- If you are a nonresident alien who is married to a U.S. citizen or resident alien at the end of the year, you can choose to be treated as a U.S. resident. (See Publication 519, U.S. Tax Guide for Aliens.) If you make this choice, you can take the standard deduction.

**Note:** If you can be claimed as a dependent on another taxpayer’s return (such as your parents’ return), your standard deduction may be limited.

**Note:** In general, whether a taxpayer is allowed a deduction for the prepayment of state or local real property taxes in 2018 depends on whether the taxpayer makes the payment in 2018 and the real property taxes are assessed prior to 2019. A prepayment of anticipated real property taxes that have not been assessed prior to 2019 are not deductible in 2018. State or local law determines whether and when a property tax is assessed, which is generally when the taxpayer becomes liable for the property tax imposed.

   If not using the override feature, enter the ZIP code and number of days for TaxSlayer to calculate the deduction.

   The calculation using the IRS tables do not take into account sales tax paid on large purchases such as a car or boat. Enter the sales tax amount paid on single purchases such as cars, trucks, RV’s, and boats.

   General sales taxes paid
   
   If not using the override feature, enter sales tax here for large items (such as a car) if the taxpayer purchased any during the year.

   *Click here to view the IRS sales tax deduction calculator.

If the taxpayer has a large amount of nontaxable income, calculate their sales tax deduction using the IRS sales tax deduction calculator. See the link to the IRS sales tax deduction calculator at the bottom of the page. The calculator adds nontaxable income to AGI to give the taxpayer a larger sales tax deduction. Use the override button to enter the amount calculated.

Note: If using the override feature, leave all fields on this screen blank.

State and Local Sales Tax Override

If you know the total amount of your state and local sales taxes (from receipts), you can enter the full amount instead of individual transactions.

### Foreign tax credit

Passive income

General limited income

Section 901(j) income

Income sourced by treaty

Lump-sum distributions

Passive and General limited income are in scope with International Certification only. Select the appropriate category. If taxpayer has income in more than one category or from more than one country, another form can be added later.

The remaining selections on this menu are Out of Scope.

#### Passive income

**Country of residence**

* Please Select *

- [ ] Are you reporting income that passed through a mutual fund or other regulated investment company (RIC) on a country-by-country basis?
- [ ] Do you have passive income that is treated as general category income because it is highly taxed?

**Carryback or Carryover**

**Reduction in Foreign Taxes**

**Adjustments**

**Reduction of credit for international boycott operations**

**Type of income**

**Credit is claimed for taxes paid or accrued**

- [ ] Paid
- [ ] Accrued

Indicate whether the foreign tax was actually paid during the tax year (paid) or if the tax was billed in one year but paid in another (accrued). A taxpayer using the cash basis can choose to use either the cash or accrual method to determine the foreign tax credit. However, if the accrual method is chosen, the taxpayer must continue to use the accrual method for the foreign tax credit on all future returns.
Enter the gross income of this category type in both places (not the tax). Enter income from this category type only, not total income. Do not enter any income excluded by Form 2555 in the first gross income box. Include any income excluded by Form 2555 in the second gross income box, but only if that income is of the category selected (passive or general income).

- Please Select -

Select the country that imposed the tax.

Qualified Dividends/Capital Gains Taxed at 0% from Country

Qualified Dividends/Capital Gains Taxed at 15% from Country

Qualified Dividends/Capital Gains Taxed at 20% from Country

Gross income from sources within the country of the specified type (Do not include income excluded by Form 2555, Foreign Earned Income)

Select the itemized amounts boxes to enter taxes paid in foreign currency in the appropriate category.

If your gross foreign source income (including income excluded on Form 2555 or Form 2555-EZ) does not exceed $5,000, you can allocate all of your interest expense to U.S. source income. Otherwise, deductible home mortgage interest (including points and qualified mortgage insurance premiums) is apportioned using a gross income method.

Generally, you must enter the amount of foreign taxes, in both the foreign currency denomination(s) and as converted into U.S. dollars, that relate to the category of income checked (Passive or General limited income).
Child and Dependent Care Credit Expenses

Probe/Action: To determine if a taxpayer qualifies for the Credit for Child and Dependent Care Expenses, ask the taxpayer for information from the screening sheet on the next page.

Who is a qualifying person?

- A qualifying child who was under the age of 13 when the expenses were incurred and who can be claimed as a dependent, see the first caution below.
- Any person who was incapable of self-care* whom the taxpayer can claim as a dependent or could've been claimed as a dependent except that the person had gross income of more than $4,150 or filed a joint return or that the taxpayer or spouse, if married filing jointly, could be claimed as a dependent on someone else’s 2018 return.
- A spouse who was physically or mentally incapable of self-care*.

*Incapable of self-care - persons who can't dress, clean, or feed themselves. Also, persons who must have constant attention to prevent them from injuring themselves or others.

The qualifying person must live with the taxpayer more than 1/2 the year.

See Publication 17, Child and Dependent Care Credit, for special rules regarding divorced or separated parents or parents who live apart.

Qualified work-related expenses

- Expenses must be paid for the care of the qualifying person to allow the taxpayer and spouse, if married, to work or look for work.
- The care includes the costs of services for the qualifying person’s well-being and protection.
- Expenses to attend kindergarten or a higher grade aren’t an expense for care.
- Expenses for summer day-camp are qualifying, but those for overnight camp aren’t.

Refer to Tab C, Dependents, for the rules governing who may be claimed as a dependent.

⚠️ Only the custodial parent may claim the child and dependent care credit even if the child is being claimed as a dependent by the non-custodial parent under the rules for divorced or separated parents.

⚠️ If Dependent Care Benefits are listed in Box 10 of a Form W-2, then the taxpayer MUST complete Form 2441, Child and Dependent Care Expenses. If Form 2441 isn’t completed, the Box 10 amount is added as taxable wages.

Note: If the qualifying child turned 13 during the tax year, the qualifying expenses include amounts incurred for the child while under age 13 when the care was provided.

² If you had expenses that met the requirements for 2017, except that you didn’t pay them until 2018, you may be able to claim those expenses in 2018.

³ If two or more, the amount you can exclude or deduct is limited to $6,000.
The tax return can’t be filed electronically without a valid Employer Identification Number or Social Security Number for the Child Care Provider.

Only check the “qualifying person had no expenses” box if the person is both a qualifying person for the credit and had no expenses.
Only enter dependent care benefits not reported on a Form W-2

**Note:** Foreign earned income, foreign housing exclusion, and Medicaid Waiver payments are subtracted from the wages when figuring the credit. Subtract any amount earned while incarcerated or on work release.

Footnotes
1 Plans that qualify are listed in the Other Credits chapter of Publication 17. Answer yes if the taxpayer will make a qualifying IRA contribution for tax year 2018 by the due date of the return.
2 You were a student if during any part of 5 calendar months of 2018 you:
   - Were enrolled as a full-time student at a school, or
   - Took a full-time, on-farm training course given by a school or a state, county, or local government agency.

* A school includes technical, trade and mechanical schools. It does not include on-the job training courses, correspondence schools, or schools offering courses only through the Internet.

Important Reminders for Retirement Savings Contributions Credit
- Be sure to look at the taxpayer’s Form(s) W-2. An entry in box 12 or an “X” in the Retirement box is an indicator that the taxpayer may be eligible for this credit. A full description of all codes used in box 12 can be found in Instructions for Forms W-2 and W-3.
- An entry in box 14 on the Form W-2 may also indicate a contribution to a state retirement system. In TaxSlayer, if the contribution qualifies, from the drop down menu in Box 14 of Form W-2, select Retirement (Not in Box 12) Carry to Form 8880. If these are treated as employer contributions they aren’t eligible for the credit. See Instructions for Form W-2.
- When using tax software, remember to key in all entries as they appear on the Form W-2.
- A contribution to a Traditional or Roth IRA qualifies for this credit, but may not appear on any taxpayer document. Remember to review the expenses section on page 2 of the Form 13614-C, Intake/Interview & Quality Review Sheet, and ask taxpayers if they made any IRA contributions.
- Some distributions reduce the eligible contributions for this credit. In addition to distributions for the current year as shown on Forms 1099-R, be sure to ask about distributions from the 2 prior years or between January 1 and the tax filing deadline.
- See the note on the next page for a list of distributions that don’t reduce the eligible contributions for this credit.
- Form 8880, Credit for Qualified Retirement Savings Contributions is used to claim this credit.
- If taxpayer (or spouse if MFJ) is a full-time student, be sure to mark it in the Personal Information Section in the software. This credit is not available to full-time students.
Retirement Savings Contributions Credit (continued)

**TaxSlayer Navigation:** Federal Section>Deductions>Credits>Retirement Savings Credit, or Keyword “8880”

Open the Retirement Savings Contributions Credits screen if the taxpayer meets eligibility criteria and any of the following are true:

1. The taxpayer(s) make a Traditional IRA or a Roth IRA contribution before the filing deadline.
2. The taxpayer or spouse’s Form W-2 includes:
   - Box 12 entries of D, E, F, G, H, S, AA, BB
   - Box 14 amounts that are voluntary retirement contributions or marked as “Qualifies for Form 8880”
3. The designated beneficiary of an Achieving a Better Life Experience (ABLE) account made a contribution to their ABLE account.

Verify total contribution amounts with the taxpayer. Total IRA contributions cannot exceed the lesser of total compensation or the annual limit. See Tab E, Adjustments for limits.

**Note:** Certain distributions received after 2015 and before the due date (including extensions) of your 2018 tax return from any of the following types of plans are subtracted from contributions:

- Traditional or Roth IRAs
- 401(k), 403(b), governmental 457, 501(c)(18) (D), SEP, or SIMPLE plans
- Qualified retirement plans (including the federal Thrift Savings Plan).

Distributions entered on Form 1099-R will be calculated by the software. Any other distributions from the 2 prior years or between January 1 and the tax filing deadline must be entered manually where indicated.

See the list on the following page for other examples of income that should not be included.

**Child Tax Credit**

This is a credit intended to reduce the tax. This part of the credit isn’t refundable. The credit is up to $2,000 per qualifying child.

**Qualifying child:**

1. Under age 17 at the end of the tax year.
2. A U.S. citizen or U.S. national* or resident alien of the United States. See Tab L, Resident/NR Alien.
3. Claimed as your dependent.**
4. Your:
   a. son or daughter, adopted child, stepchild, eligible foster child, or a descendant of any of them
   b. brother, sister, half brother, half sister, stepbrother, stepsister, or a descendant of any of them (for example, your niece or nephew)
5. Didn’t provide over half of his or her own support.
6. Lived with the taxpayer for more than half of the tax year. (See Exception to Time Lived with You section on the Child Tax Credit chart on the following page.)
7. Must have a valid social security number by the due date of the return

* A National is an individual who, although not a U.S. citizen, owes his or her allegiance to the United States. U.S. nationals include American Samoans and Northern Mariana Islanders who chose to become U.S. nationals instead of U.S. citizens.

**Refer to the tables in Tab C, Dependents, for the rules governing who may be claimed as a dependent.

---

If the taxpayer is able to claim the dependent under the rules for divorced and separated parents, he or she is the only parent entitled to claim the child tax credit or additional child tax credit.

---

**Additional Child Tax Credit – General Eligibility**

**Note:** Make sure the taxpayer's credit hasn’t been disallowed previously. If previously disallowed, see Form 8862, Information To Claim Certain Refundable Credits After Disallowance in Tab I, Earned Income Credit.

The child tax credit is generally a nonrefundable credit; however, certain taxpayers may be entitled to a refundable additional child tax credit.

- Taxpayers with more than $2,500 of taxable earned income may be eligible for the additional child tax credit if they have at least one qualifying child.
- Taxpayers with three or more children may also be eligible for additional child tax credit regardless of their income.
- Limited to $1,400 per qualifying child

Schedule 8812, Additional Child Tax Credit, is used to calculate the allowable additional child tax credit.

See Tab C, Dependents, and the worksheet in the instruction booklet for additional information (including definitions and special rules relating to an adopted child, foster child, or qualifying child of more than one person).

**Note:** No credit or refund for an overpayment for a taxable year shall be made to a taxpayer before the 15th day of the second month following the close of the taxable year (generally February 15th) if the taxpayer claimed the EITC or additional child tax credit on the tax return.

**Note:** The qualifying child must now have a valid social security number by the due date of the tax return (including extensions). Taxpayers may not file an amended return to retroactively claim the additional child tax credit for a qualifying child if a valid SSN for the child is issued after the due date of the tax return.

**Note:** You must claim the child as a dependent on your return to qualify for the Child Tax Credit

**Note:** (International Certification only) If you claim the foreign earned income exclusion, the housing exclusion, or the housing deduction on Form 2555 or Form 2555-EZ, you can’t claim the additional child tax credit.

**Note:** See Disallowance of Certain Refundable Credits in Tab I, Earned Income Credit, if the taxpayer received a letter saying they had to complete Form 8862.
Table 1: Child Tax Credit

Remember to apply the steps for each dependent. To claim the child tax credit and/or the credit for other dependents, you can't be a dependent of another taxpayer.

Exception to Time Lived with You
A child is considered to have lived with you for all of the current tax year if the child was born or died in 2018 and your home was this child’s home for the entire time he or she was alive. Temporary absences for special circumstances, such as for school, vacation, medical care, military service, or detention in a juvenile facility, count as time lived at home.

Kidnapped Child
A kidnapped child is considered to have lived with you for all of the current tax year if:
- In the year the kidnapping occurred, the kidnapped child is presumed by law enforcement to have been taken by someone who isn’t a family member, and
- The kidnapped child lived with the taxpayer for more than half of the portion of the year prior to the kidnapping.

Modified Adjusted Gross Income Limits
- Married filing jointly - $400,000
- All other filing statuses - $200,000

Note: Current tax year reference applies to tax year 2018.
Credit for Other Dependents

There is a $500 credit for other dependents who do not qualify for the $2,000 child tax credit. The dependent must be a U.S citizen, U.S. national, or resident of the U.S. The dependent must have a valid identification number (ATIN, ITIN, or SSN).

The $500 nonrefundable credit is available for dependents who don’t qualify for the child tax credit, such as children who are age 17 and above or dependents with other relationships (such as elderly parents). Taxpayers cannot claim the credit for themselves (or a spouse if Married Filing Jointly).

⚠️ Dependents who are residents of Canada or Mexico do not qualify for either the Child Tax Credit or the Credit for Other Dependents.

💻 While there have been tax law changes this year, in many instances calculations take place “behind the scenes” and you will not see changes reflected in the entry screens. Follow the menus and prompts to enter current year tax information in the software.
**Table 2: Credit for Other Dependents**

Exception to Time Lived with You

Temporary absences for special circumstances, such as for school, vacation, medical care, military service, or detention in a juvenile facility, count as time lived at home.

Kidnapped Child
A kidnapped child is considered to have lived with you for all of the current tax year if:
- In the year the kidnapping occurred, the kidnapped child is presumed by law enforcement to have been taken by someone who isn't a family member, and
- The kidnapped child lived with the taxpayer for more than half of the portion of the year prior to the kidnapping.

Modified Adjusted Gross Income Limits
- Married filing jointly - $400,000
- All other filing statuses - $200,000

Note: Current tax year reference applies to tax year 2018.

Children of Divorced or Separated Parents
A child will be treated as being the qualifying child of his or her noncustodial parent if all of the following apply:
- The parents were divorced or legally separated or lived apart at all times during the last 6 months of the current tax year.
- The child received over half of his or her support for the current tax year from the parents.
- The child was in the custody of one or both of the parents for more than half of the current tax year.
- A decree of divorce or separate maintenance or written separation agreement that applies to the current tax year provides that (a) the noncustodial parent can claim the child as a dependent, or (b) the custodial parent will sign a written declaration that he or she won't claim the child as a dependent for the current tax year.
- The custodial parent signs Form 8332 Release/Revocation. Of Release of Claim to Exemption for Child by Custodial Parent, or similar statement that he or she won’t claim the child as a dependent in the current tax year. If the divorce decree or separation agreement went into effect before 2009, the noncustodial parent may be able to attach certain pages of the decree or agreement instead of Form 8332.

Gross Income Test
- The gross income of an individual who is permanently and totally disabled at any time during the year doesn't include income for services the individual performs at a sheltered workshop.
- Gross income means all income the person received in the form of money, goods, property and services, that isn't exempt from tax. Don't include social security benefits unless the person is married filing a separate return and lived with their spouse at any time during the tax year or if 1/2 the social security benefits plus their other gross income and tax-exempt interest is more than $25,000 ($32,000 if MFJ).

Multiple Support
If no one person contributed over half of the support of your relative (or person who lived with you all year as a member of your household) but you and another person(s) provided more than half of the person's support, special rules may apply that would treat you as having provided over half of the support. For details, see Publication 501.

Taxpayer Identification Numbers (SSN, ATIN, ITIN)
- Child tax credit is not allowed on your original or an amended tax return with respect to a child who didn't have a social security number (SSN) issued before the due date of the return (including extensions).
- If the person that qualifies you for the credit for other dependents was placed with you for a legal adoption and you don't know his or her social security number (SSN), you must get an adoption taxpayer identification number (ATIN) from the IRS. Complete Form W-7A, Application for IRS Adoptions Taxpayer Identification Number. If the person isn't a U.S. citizen or resident alien, apply for an individual taxpayer identification number (ITIN) instead.
- If you are or the person qualifying you for the credit for other dependents was not eligible for a SSN, apply for an individual taxpayer identification number (ITIN) using Form W-7(W-7(SP), Application for IRS Individual Taxpayer Identification Number. If you apply for and ITIN on or before the date of your return (including extension) and the IRS issues you an ITIN as a result of the application, the IRS will consider your ITIN as issued on or before the due date of your return.

Tax Software Hint: Be sure to include the taxpayer’s total social security benefits, regardless of the taxability, to ensure the correct calculation of the credit. The software does not calculate this credit automatically. If the taxpayer appears to qualify for the credit, refer to the navigation path on the next page and answer the questions.

### Types of Minimum Essential Coverage

Minimum essential coverage means health care coverage under any of the following programs. It does not, however, include coverage consisting solely of excepted benefits. Excepted benefits include stand-alone vision and dental plans, workers’ compensation coverage, and coverage limited to a specified disease or illness.

#### Employer-sponsored coverage:
- Group health insurance coverage for employees under—
  - A governmental plan, such as the Federal Employees Health Benefit program,
  - A plan or coverage offered in the small or large group market within a state, or
  - A grandfathered health plan offered in a group market
- A self-insured health plan for employees,
- COBRA coverage,
- Retiree coverage, or
- Coverage under an expatriate health plan for employees and related individuals
- Department of Defense Nonappropriated Fund Health Benefits Program

#### Individual health coverage:
- Health insurance you purchase directly from an insurance company
- Health insurance you purchase through the Marketplace
- Health insurance provided through a student health plan
- Catastrophic coverage, or
- Coverage under an expatriate health plan for non-employees such as students and missionaries

#### Coverage under government-sponsored programs:
- Medicare Part A coverage,
- Medicare Advantage plans,
- Most Medicaid coverage,*
- Children’s Health Insurance Program (CHIP) coverage,
- Most types of TRICARE coverage,
- Comprehensive health care programs offered by the Department of Veterans Affairs,
- Health coverage provided to Peace Corps volunteers,
- Refugee Medical Assistance, or
- Coverage through a Basic Health Program (BHP) standard health plan.

#### Other coverage:
- Certain foreign coverage,
- Certain coverage for business owners, or
- Coverage recognized by HHS as minimum essential coverage.**

---

*Medicaid programs that provide limited benefits generally don’t qualify as minimum essential coverage; however, HHS will provide a hardship exemption to individuals with certain types of limited-benefit Medicaid coverage.

**Other plans recognized by HHS as minimum essential coverage are listed at Centers for Medicare & Medicaid Services

**Note:** No proof of coverage is needed. Oral statement from the taxpayer is acceptable, unless normal due diligence leads you to believe the taxpayer’s statement is incorrect.
Use the Add a New Household Member button only to add a family member for whom you must pay an SRP or claim an exemption. This may include a person the taxpayer can, but does not, claim as a dependent.
Verification of Household Members (continued)

**Months Insured** — Select Yes if everyone in the tax household was insured for all 12 months. If No, select the number of months each individual had coverage. Individuals are treated as having MEC for a month as long as they were covered for at least one day during that month.

| 1    | **Is household or gross income under the filing threshold?**  
If yes, everyone on the tax return is exempt from the coverage requirement, and there is no need to consider additional exemptions. Line 7 on Form 8965, Health Coverage Exemptions, is used to claim an income-based exemption. See Household Exemptions for Income Below Filing Threshold section later in this tab for more information about this exemption. |
| 2    | **If the tax household does not qualify for an exemption under Step 1, does any individual qualify for an exemption that can be claimed directly on the tax return?**  
If yes, the exemption code is entered on Form 8965, Part III. (Refer to the Types of Coverage Exemptions chart later in this tab). |
| 3    | **For any uninsured individual in the household that does not qualify under Step 1 or 2, does the individual qualify for an exemption from the Marketplace?**  
If yes, direct the person to the Marketplace for additional help. Marketplace exemptions require an application. Enter “pending” as shown later in this tab if the Marketplace has not processed the application for exemption before the return is filed. A tax return with a “pending” exemption can still be e-filed. The IRS may follow up with a taxpayer directly on a pending submission if the Marketplace does not approve the exemption.  
If a person already applied for an exemption through the Marketplace (or if they were granted an exemption because they were denied Medicaid coverage in a state that did not expand Medicaid), they should have received an Exemption Certificate Number (ECN) from the Marketplace. It is a 6 or 7 digit alphanumeric code. |

* If you were born on January 1, 1954, you are considered to be age 65 at the end of 2018. (If your spouse died in 2018 or if you are preparing a return for someone who died in 2018, see Pub. 501.)

** Gross income means all income you received in the form of money, goods, property, and services that isn’t exempt from tax, including any income from sources outside the United States. It also includes gain from the sale of your main home, even if you can exclude part or all of it. Include only the taxable part of social security benefits. It also include gains, but not losses, reported on Form 8949, Sale and Other Disposition of Capital Assets, or Schedule D. Gross income from a business means, for example, the amount on Schedule C, line 7, or Schedule F, line 9. But, in figuring gross income, do not reduce your income by any losses, including any loss on Schedule C, line 7, or Schedule F, line 9.

*** If you did not live with your spouse at the end of 2018 (or on the date your spouse died) and your gross income was at least $5, you must file a return regardless of your age.
2018 Federal Tax Filing Requirement Thresholds – Dependents

Use this information to help you determine if a dependent you claimed on your return must file his or her own tax return. If the dependent is required to file a tax return because his or her income meets the filing threshold, the dependent's MAGI must be included in household income for purposes of Form 8965, even if you elect to report that dependent's income on Form 8814. Don't include a dependent's MAGI in household income if the dependent's income is below the filing threshold, even if he or she chooses to file a return for another reason.

Unearned income includes taxable interest, ordinary dividends, capital gain distributions, unemployment compensation, taxable social security benefits, pensions, annuities, and distributions of unearned income from a trust. Earned income includes salaries, wages, tips, professional fees, and taxable scholarship and fellowship grants. Gross income is the total of your unearned and earned income.

Single dependents. Was your dependent either age 65 or older or blind?

No. Your dependent must file a return if any of the following apply.
1. Your dependent's unearned income was over $1,050.
2. Your dependent's earned income was over $12,000.
3. Your dependent's gross income was more than the larger of —
   a. $1,050, or
   b. Your dependent's earned income (up to $11,650) plus $350.

Yes. Your dependent must file a return if any of the following apply.
1. Your dependent's unearned income was over $2,650 ($4,250 if 65 or older and blind).
2. Your dependent's earned income was over $13,600 ($15,200 if 65 or older and blind).
3. Your dependent's gross income was more than the larger of —
   a. $2,650 ($4,250 if 65 or older and blind) or
   b. Your dependent's earned income (up to $11,650) plus $1,950 ($3,550 if 65 older and blind).

Married dependents. Was your dependent either age 65 or older or blind?

No. Your dependent must file a return if any of the following apply.
1. Your dependent's unearned income was over $1,050.
2. Your dependent's earned income was over $12,000.
3. Your dependent's gross income was at least $5 and his or her spouse files a separate return and itemizes deductions.
4. Your dependent's gross income was more than the larger of —
   a. $1,050, or
   b. Your dependent's earned income (up to $11,650) plus $350.

Yes. Your dependent must file a return if any of the following apply.
1. Your dependent's unearned income was over $2,350 ($3,650 if 65 or older and blind).
2. Your dependent's earned income was over $13,300 ($14,600 if 65 or older and blind).
3. Your dependent's gross income was at least $5 and his or her spouse files a separate return and itemizes deductions.
4. Your dependent's gross income was more than the larger of —
   a. $2,350 ($3,650 if 65 or older and blind), or
   b. Your dependent's earned income (up to $11,650) plus $1,650 ($2,950 if 65 older and blind).

Note: For children under age 18 and certain older children, unearned income over $2,100 must file Form 8615. For this purpose, “unearned income” includes all taxable income other than earned income, such as taxable interest, ordinary dividends, capital gains, rents, royalties, etc. It also includes taxable social security benefits, pension and annuity income, taxable scholarship and fellowship grants not reported on Form W-2, unemployment compensation, alimony, and income received as the beneficiary of a trust. If the child’s unearned income is more than $2,100 and the child is required to file a tax return, Form 8615 must be used to figure the child’s tax. Form 8615 is in scope, with limitations. See Tab H, Other Taxes, Payments and ACA.

- Enter the dependent’s income ONLY if his or her gross income exceeds the filing threshold. (See the chart earlier in this tab.) Prepare the dependent’s return first or have a copy of the dependent’s already filed return available.
- The software will calculate household income for the filing threshold exemption.
- TaxSlayer will also use the appropriate dependents’ MAGI for SRP and PTC purposes.

**Note:** MAGI of an unclaimed dependent (an individual who qualifies as a dependent of a taxpayer but is not claimed by the taxpayer as a dependent) is NOT included in the taxpayer’s household income; the unclaimed dependent has his or her own separate household income for all exemption purposes.

That means that any exemption that might apply to the unclaimed dependent, especially filing threshold, less than 138% of FPL in a state that did not expand Medicaid, and affordability (cost of coverage is more than 8.05% of the dependent’s separate MAGI), is determined for that individual independently from the other members of the tax household. There is a high likelihood that the unclaimed dependent will be entitled to an exemption and no SRP will be due for the unclaimed dependent.
Health Care Exemptions

You qualify for the coverage exemption for Household or Gross Income below the Filing Threshold. Please select continue and we will apply the coverage exemption to the return.

TaxSlayer determines if the gross income or household income filing threshold test is met. If it is met, no other exemption is needed.

CAUTION You need to identify which exemption(s) will be applied to each member of the household that needs an exemption. The software will assist in determining only the affordability exemption. You will need to identify any others that apply. See Types of Coverage Exemptions later in this tab.

Health Care Exemptions

You do not qualify for the exemption based on Household or Gross Income below Filing Threshold, but if you or another household member received a Marketplace Issued Exemption Certificate or qualify for a coverage exemption, please refer to the question below.

Did you qualify for an exemption due to circumstances or receive an exemption certificate from the marketplace?

☐ Yes
☐ No

Would you like to determine if you qualify for an exemption due to unaffordable premiums?

☐ Yes
☐ No

Check YES to navigate to the affordability worksheets. Check NO if no exemption applies.

When the filing threshold exemption does not apply and you wish to claim another exemption, check YES to the first question. The second question will not appear.

However, check NO if you would like to determine if the affordability exemption applies (See page Coverage is Unaffordable, Code A or G later in this tab.) or if the taxpayer is not eligible for an exemption.
If you answered YES to the first question on the previous screen (Did you qualify for an exemption due to circumstances or receive an exemption certificate from the Marketplace?), you will see this screen. Use this screen to claim an exemption without using the affordability worksheets. Select the appropriate exemption(s) for all household members that are eligible for an exemption and indicate the months or full year to which the exemption applies. Select the same person again if they are eligible for another exemption for other months.

### Types of Coverage Exemptions

If your coverage exemption was granted by the Marketplace, you will need to enter the Exemption Certificate Number (ECN) provided by the Marketplace. For additional details about the eligibility rules for the coverage exemptions that are claimed on the tax return, see the Instructions for Form 8965.

Short Coverage Gap Exemption (Code B)

Exemption Code B: Uninsured for less than 3 consecutive months.

Notes:

• If the coverage gap is 3 months or longer, none of the months in the gap qualify for the exemption.
• Exemption must be applied to the first gap in coverage.
• A person is considered to have coverage for the entire month if they have coverage for one day in the month.
• Months covered by another exemption are treated like months with coverage.
• When a gap in coverage straddles two tax years, the months in the second tax year in the continuous period aren’t counted. For example, a person who is uninsured December 2017 through February 2018 cannot claim the Code B exemption for the 2018 gap because the gap is not less than 3 months. However, a person who is uninsured November 2018 through January 2019 can claim this exemption because the months in the second year aren’t counted in the continuous period.
Coverage is Unaffordable, Code A or G

</tbody>
</table>

*The policy must cover everyone in your tax household:
- Claimed on your tax return (taxpayer, spouse and each dependent),
- Who isn’t eligible for employer coverage, and
- Who doesn’t qualify for another coverage exemption.

**TIP**
COBRA and retiree coverage are not considered offers of employer sponsored coverage if the individual did not enroll in the coverage. If the individual enrolled in COBRA or retiree coverage, that person has MEC for that month and does not need an exemption.

STEP 2: CODE A
Calculate the affordability of the offer of coverage: \( \text{Annualized premium for a month} > \text{Affordability threshold} = \text{Unaffordable} \)
A person can claim CODE A exemption on Form 8965 for that month.
When the employer offers separate coverage for one or more members of the tax household (may be referred to as stand-alone coverage), add the cost of the offers needed to cover everyone in the tax household as appropriate and test the aggregate offer.

Why do we use an “annualized” premium for each month? The affordability threshold is always based on a percentage of annual income. Using annualized premiums allows an apples-to-apples comparison between premium cost and income in the relevant months.

STEP 3: (if applicable) CODE G
If multiple people in the household have employer coverage offers:
There is an exemption that may be claimed if the self-only offer is affordable but the combined cost crosses the affordability threshold.
This can only be claimed if:
- Multiple people have employer offers of coverage.
- The cost of self-only coverage is affordable for each person. (Each is less than the affordability threshold.)
- The cost of self-only coverage for both, combined, exceeds the affordability threshold.
- Family coverage is not offered, or, if it is offered, its cost exceeds the affordability threshold.
- If the coverage an employer offers a taxpayer during the year changes, the premium may change.
If this exemption applies for any month of the year, the CODE G exemption can be claimed for the entire year for the entire household.
How to Enter Exemptions (continued)

Only enter premium costs below if there is no offer of employer sponsored coverage.

Do you qualify for Health Care Exemptions?

You only need to fill in these values if a household member was not eligible for employer-sponsored coverage for one or more months. These values will be used to compute your annualized required contribution from the Marketplace Coverage Affordability Worksheet.

To determine if you can claim the “Coverage is Considered Unaffordable” exemption if health insurance was not offered through an employer, enter the premium values captured from the healthcare.gov tax tool that is made available to you. The link at the bottom of this page will assist you in determining the needed premium amounts. Note: If you were eligible for employer-sponsored coverage, select continue below and enter the required information asked to further determine affordability.

Click here to determine if you can claim a health coverage exemption.

Lowest cost bronze plan (LCBP) for everyone in the tax household who is:
• Not offered employer sponsored coverage, and
• Does not qualify for another exemption.

Remember: Include people who are covered through Medicare or Medicaid!

Second lowest cost silver plan (SLCSP): Do not include individuals in your tax household who are eligible for other employer sponsored or government sponsored MEC, or who are otherwise exempt. For example, that means that the SLCSP cost would NOT INCLUDE the taxpayer or spouse who is enrolled in or eligible for Medicare or Medicaid. (This is different from LCBP).

If the taxpayer is unsure whether they or their dependents were eligible for Medicaid, see https://www.medicaid.gov/medicaid/program-information/medicaid-and-chip-eligibility-levels/index.html

Note: IRS Notice 2017-74 provides that for purposes of the affordability exemption, if an individual resides in a rating area served by a Marketplace that does not offer a bronze plan, the individual generally should use as his or her applicable plan the lowest cost metal-level plan available in the Marketplace serving the rating area in which the individual resides that would cover all nonexempt members of the individual's family.

TIP: Go to the taxpayer’s marketplace, such as healthcare.gov to find LCBP and SLCSP.

Note: The look up tool asks about tobacco use. Tobacco use is the use of a tobacco product 4 or more times per week within no longer than the past 6 months by legal users of tobacco products (generally those 18 and older). See the healthcare.gov tax tool tips starting on page H-20.

Note: IRS Notice 2017-74 provides that for purposes of the affordability exemption, if an individual resides in a rating area served by a Marketplace that does not offer a bronze plan, the individual generally should use as his or her applicable plan the lowest cost metal-level plan available in the Marketplace serving the rating area in which the individual resides that would cover all nonexempt members of the individual's family.

TIP: Note that more than one marketplace coverage affordability worksheet may be needed if circumstances changed during the year.

Affordability Worksheet

Enter the ANNUALIZED contribution amount this individual must pay for the first situation below that applies to the individual.

Enter the required ANNUALIZED contribution for each month that applies to this individual:

1. Lowest cost self-only policy offered to each member of your tax household by his/her employer (the monthly amount times 12).
2. Lowest cost family policy offered by your employer or your spouse’s employer (the monthly amount times 12).
3. Amount from the Marketplace Coverage Affordability Worksheet ($0).

TaxSlayer will determine if the affordability exemption applies:

Coverage Considered Unaffordable Exemption

Based on the information calculated using the Affordability Worksheet, you qualify to claim the Coverage is Considered Unaffordable exemption. This exemption has been automatically applied to the appropriate months for the applicable household members on the return.

Always verify results on Form 8965 to ensure the exemption is applied to the correct months.
How to Use the Healthcare.gov Tax Tool

Who should use this tool?
The tool is available for taxpayers who live in federal marketplace (Healthcare.gov) states, or in a state that uses the Healthcare.gov technology. If you live in a state with a state-based marketplace, contact the marketplace by phone or online.

To begin, go to https://www.healthcare.gov/tax-tool/.

• Select “Claim an ‘affordability’ exemption”

These instructions focus on using the tool to claim the affordability exemption but the tool also allows a taxpayer to find their SLCSP to complete or correct Column B of the Form 1095-A.

The Tax Tool will ask you to enter all members of the household, even those with other coverage or an exemption.

Several screens will ask for the family’s ZIP code and whether they lived in the same place for all months. Confirm the information for each family member.

John: Health coverage eligibility & exemption status

Select the months John was eligible for employer coverage OR another coverage exemption in 2017

Select all  Clear all

☐ Jan  ☐ Feb  ☐ Mar  ☐ Apr
☐ May  ☐ Jun  ☐ Jul  ☐ Aug
☐ Sep  ☐ Oct  ☐ Nov  ☐ Dec

Select the months John was eligible for coverage outside the Marketplace like Medicare, Medicaid, or the Children’s Health Insurance Program (CHIP) in 2017, except for individual market coverage.

Any months for which you indicated that John was eligible for employer coverage or qualified for another exemption are disabled. John is either not eligible for or does not need a Marketplace coverage affordability exemption for those months.

Select all  Clear all

☐ Jan  ☐ Feb  ☐ Mar  ☐ Apr

Step 1 Determines for each family member whether someone will be included in the lowest cost bronze plan (LCBP), which you will enter in TaxSlayer.

Follow the instructions closely! Check the boxes for the months the person was:

- Eligible for employer-sponsored coverage (from their own employer or a member of their family on the same tax return)
- Eligible for another exemption

Leave the boxes unchecked if those circumstances don’t apply.

Step 2 Determines for each family member whether someone will be included in the second lowest cost silver plan (SLCSP), which you will enter in TaxSlayer.

Follow the instructions closely! Check the boxes for the months the person was:

- Eligible for or enrolled in Medicare, Medicaid, or CHIP. Month will be disabled if you said in Step 1 that a person was eligible for employer-sponsored coverage or an exemption.

Leave the boxes unchecked if those circumstances don’t apply.

In the Review screen, confirm the information for each family member.

Remember: Print out the review information and the results page screens for the taxpayer’s records.

The results page shows the LCBP and SLCSP for the household.

Remember: Print out the review information and the results page screens for the taxpayer’s records.

NOTE:
If household income on the ACA Marketplace Worksheet is less than 100% FPL or greater than 400% FPL, use only the LCBP. Do not enter the SLCSP amount (because the person is not eligible for PTC).

If the taxpayer’s filing status is married filing separately, use only the LCBP. Enter zero for SLCSP (because the person is not eligible for PTC).

Note that the SLCSP column is first and LCBP column is second.

Claim an affordability exemption

Use the monthly premiums below to complete the Marketplace Coverage Affordability Worksheet (IRS Form 8965 Instructions, page 11). When you complete the worksheet, you’ll find out if you qualify for the affordability exemption. The instructions explain how to claim the exemption if you do.

Shared Responsibility Payment

How is the Payment Calculated?

- For 2018, the SRP is the greater of:
  - The Percentage income amount - 2.5% of household income above the filing threshold or
  - The Flat dollar amount - $695 per adult; $347.50 for individuals under 18

- Cannot exceed the national average premium for bronze level health plans
- Prorated for months without coverage/exemption
- TaxSlayer will calculate the SRP based on household income including the income of any dependent with a tax filing requirement.

Under the Tax Cuts and Jobs Act, the SRP amount moves to $0 for tax year 2019.
Premium Tax Credit: Form 1095-A Overview

A person who purchased insurance for himself/herself or for a dependent through the Marketplace will receive Form 1095-A. If advance payments of the premium tax credit (APTC) were made for coverage of the taxpayer or a dependent, the taxpayer must complete Form 8962. **You cannot prepare the return for taxpayers who received the benefit of APTC for themselves or a dependent without Form(s) 1095-A.**

Carefully examine Form 1095-A to make sure it reflects the taxpayer’s account of coverage. Look for critical errors that will affect the PTC calculation, such as errors in enrollment premiums, SLCSP premiums, or APTC. The taxpayer should seek a corrected 1095-A if enrollment related information is incorrect.

This includes:
- Policy issuer’s name (Part I)
- Policy start or end date (Part I, Part II)
- Premium cost (Part III, Column A)
- APTC received (Part III, Column C)

To obtain an original or corrected Form 1095-A the taxpayer can log into his or her online account, or call the Marketplace call center.

**Column A - Monthly Premium:** These are the total monthly enrollment premiums for the policy in which the individuals are covered. This is the full premium, including the amount paid by APTC but it includes only the premiums for essential health benefits. The amount does not include the cost of certain “extra” benefits such as adult dental coverage.

**Column B - Monthly SLCSP premium:** If this column is blank and the individuals enrolled in a plan through a Federally facilitated Marketplace, go to Healthcare.gov and use the tax tool to find the SLCSP premium to enter in Column B. If the individuals enrolled through a State-based Marketplace, go to the state’s website to determine the SLCSP premium. In some cases, the state will send a table with the information. If the State-based Marketplace does not have a look-up tool to find the SLCSP premium, call the Marketplace to obtain a correct SLCSP premium. The SLCSP premium is the premium for the second lowest cost silver-level plan that covers all the members of the coverage family.

**Column C - Advance payment of PTC**

You may need to look up the SLCSP premium if:
- It is incorrect, perhaps because a change in family size was not reported.
- It is missing. This happens when someone paid the full premium because he or she did not request advance payments of the premium tax credit. Marketplaces routinely leave this space blank.
- There are multiple Forms 1095-A with conflicting information or the taxpayer otherwise thinks it’s incorrect.

See Healthcare.gov or your state’s tax tool.

**Tip:**
A person may be entitled to PTC even if no APTC was paid for the coverage. Do not assume someone is ineligible for PTC just because Columns B and C of Form 1095-A are blank. If an individual meets all the eligibility rules in the Form 8962 instructions but only the enrollment premium amounts in Column A appear on Form 1095-A and Columns B and C are blank, look up the person’s SLCSP premiums and enter them on the 1095-A screen in the Premium Amount of SLCSP section.
Premium Tax Credit

For taxpayers who purchased insurance through the Marketplace, complete this screen using their Form 1095-A.

Advanced Premium Tax Credit (1095-A)

Did you receive a 1095-A statement or any Premium Tax Credits to assist you in paying for your health care for 2018? *
- Yes
- No

Are you required to repay all of the APTC received? In most cases, the answer is NO. ONLY answer YES if you were not considered lawfully present in the U.S. or you meet the Health Coverage Tax Credit criteria. Note: We will automatically calculate a full repayment of APTC when MAGI is greater than 400 percent of Federal Poverty Line.
- Yes
- No

Is your household income below 100% of the Federal poverty line, and do you meet all of the requirements under either "Estimated household income at least 100% of the Federal poverty line" or "Alien lawfully present in the United States"?
- Yes
- No

Do all Forms 1095-A include coverage for January through December, with no changes in monthly amounts?
- Yes
- No

If Form 1095-A shows the same monthly amounts for all 12 months, select “Yes” and enter the annual amounts below. Otherwise, select “No” and enter monthly amounts.

If one or more of the amounts in column B is incorrect and the correct SLCSP premium amounts are not the same for all 12 months, select “No”.

If the taxpayer is Married Filing Separately a checkbox will appear on this screen. If the taxpayer cannot file a joint return because of domestic abuse or spousal abandonment check the box. See Form 8962 Instructions for details. If a taxpayer is Married Filing Separately and is not eligible for relief, he/she must repay APTC, subject to the repayment limitation. See Part IV, Allocation Situation 2, of the Form 8962 instructions to determine the amount of APTC your taxpayer must repay.

This question appears for all taxpayers with APTC:
This question is really asking: Is the taxpayer liable for unlimited APTC repayment?

Answer NO in most cases.
Only answer YES if the tax return:
• Includes an undocumented immigrant who received APTC; or
• Has a person who was eligible for the Trade Adjustment Assistance Health Care Tax Credit (HCTC) (Out of Scope)

This question appears only if taxpayer’s income is under 100% FPL:

Answer YES in most cases.
Answer YES if:
• There is an amount in column C of Form 1095-A (APTC) for one or more months; or
• One of the individuals on the taxpayer’s Form 1095-A is lawfully present but ineligible for Medicaid

Answer NO ONLY if:
Income is below 100% FPL, no APTC was paid, and the second bullet from above does not apply

⚠️ The TaxSlayer default answer is NO for this question.
If the following situations apply, the taxpayer may have to allocate policy amounts with another taxpayer. If so, the return is Out of Scope:

- The 1095-A lists a covered person who is not on this tax return or,
- A person on the tax return was enrolled in another taxpayer’s Marketplace coverage. (The person is listed on a Form 1095-A sent to a taxpayer not on this tax return.)

If the following situation applies, an **Alternative Calculation for Year of Marriage** may be elected. If the taxpayer elects this option, the return is Out of Scope.

- Taxpayers got married during 2018, are filing a joint return for 2018, and both spouses were unmarried as of January 1, 2018
- A member of the taxpayers’ tax family was enrolled in a qualified health plan for which APTC was paid for months prior to the first full month of marriage, and
- Taxpayers have excess APTC (their APTC exceeds their allowed PTC).

⚠️ Taxpayers may choose to file MFJ or MFS without the alternative calculation, which remains in scope.

See Publication 974, Premium Tax Credit (PTC), for more details.
If a taxpayer is MFS and is eligible for relief from requirement to file MFJ because of spousal abuse or abandonment, this box should be checked.

If MFS but not eligible for relief, he/she must repay APTC, subject to the repayment limitation. See Part IV, Allocation Situation 2, of the Form 8962 instructions to determine the amount of APTC your taxpayer must repay.

Multiple Forms 1095-A
Some taxpayers will have multiple Forms 1095-A. This will happen if the taxpayer:

• Changed Marketplace plans during the year
• Updated their application with new information that resulted in a new enrollment
• Had family members enrolled in different Marketplace plans
• Had more than 5 family members in the same plan

Entering Multiple Forms 1095-A on One Form 8962 - Make sure everyone on the Forms 1095-A is also on the tax return. If not, this may require the taxpayer to allocate policy amounts with another taxpayer, which makes this return Out of Scope.

Column A: Add the premiums together.

Column B: If everyone is enrolled in the same state, the SLCSP premium should be the same on all Forms 1095-A for a given month. Enter that amount. If the enrollees are enrolled in different states, add the SLCSP premiums. When in doubt, look it up in the Tax Tool for your Marketplace.

Column C (entered in Column F of Form 8962): Add the amounts together.

The taxpayer stopped paying premiums
What you'll see: Numbers in Columns B and C but no premium in Column A (-0-) for a month on Form 1095-A, Part III

What to do:

• The taxpayer can only claim a PTC for a month of enrollment if the premium for the month is paid by the tax return due date (without extensions). If the APTC is high and covers most of the premium, can the taxpayer make the (late) premium payment? It may be more cost-effective to pay the premium than to repay the APTC. When the premium is paid, ask for a corrected Form 1095-A.

• If the premium payment has not and will not be made, enter -0- in Column A and Column B for the month and enter the APTC for the month in Column C. Note: There should never be consecutive months like this. If so, there is an error on Form 1095-A.

Even if the taxpayer isn’t eligible for PTC, he or she is still considered to have coverage for the month, despite nonpayment of premium.

The taxpayer is ineligible for the PTC
- See Form 8962 instructions
- Enter 0 in column B

PTC Eligibility - QSEHRA
Employers may offer a qualified small employer health reimbursement arrangement (QSEHRA) to their eligible employees. Under a QSEHRA, an eligible employer can reimburse eligible employees for health care costs, including premiums for Marketplace health insurance. If taxpayers were covered under a QSEHRA, their employer should have reported the annual permitted benefit in box 12 of Form W-2 with code FF. If the QSEHRA is affordable for a month, no PTC is allowed for the month. If the QSEHRA is unaffordable for a month, taxpayers must reduce the monthly PTC (but not below -0-) by the monthly permitted benefit amount. If there is a code FF on Form W-2 box 12 and the employee has a marketplace policy and is otherwise eligible for PTC the return is Out of Scope.
Overlapping Coverage

There are special rules for taxpayers who wish to claim PTC when they had another offer of coverage. See Publication 974 for additional information.

In general:

- A person who was ineligible for non-Marketplace coverage on the first day of the month remains ineligible for that coverage for the whole month, even if they became eligible for the coverage during the month.

- If a person is receiving APTC and informs the Marketplace that he or she is now eligible for other minimum essential coverage and APTC should be discontinued, and the Marketplace does not discontinue APTC by the first day of the following month, the person is considered ineligible for the non-Marketplace coverage until the first day of the second month the individual may enroll in other coverage.

Employer-sponsored coverage:

- A person who was enrolled in employer-sponsored coverage cannot claim PTC for his or her Marketplace coverage; if APTC was paid for an individual who was enrolled in employer-sponsored coverage, it must be repaid up to the repayment limitation.

- PTC can be claimed for an individual who was eligible for employer-sponsored coverage, but not enrolled only if:
  
  a. Coverage was unaffordable for the employee (regardless of the cost of family coverage). The cost of coverage is found on Form 1095-C for those working for large employers, or

  b. Coverage did not provide a minimum level of benefits, referred to as “minimum value.” A taxpayer can check with the employer if he or she suspects coverage did not meet minimum standards.

- Exception: A person who is eligible for employer-sponsored coverage and gave the Marketplace accurate information about the offer of coverage but was still determined eligible for APTC can claim PTC even if the employer coverage is affordable based on the taxpayer’s actual household income.

- See Publication 974 for more information and special rules on employer-sponsored coverage, including coverage waiting periods, health reimbursement arrangements, and coverage after employment ends.

Medicaid/CHIP:

- If the Marketplace determined the taxpayer was eligible for APTC and therefore ineligible for Medicaid or CHIP, and the taxpayer received APTC, the taxpayer will generally remain eligible for APTC for the plan year, even if actual household income suggests the person may have been eligible for Medicaid or CHIP. If this is the case, answer Yes to the question in TaxSlayer which asks “Is your household income below 100% of the Federal poverty line, and do you meet all of the requirements under either “Estimated household income at least 100% of the Federal poverty line” or “Alien lawfully present in the United States”?

- If an individual for whom APTC is being paid is determined to be eligible for government-sponsored coverage retroactively, the individual is not considered eligible for that coverage until the month after the eligibility determination is made. (For example, a person who enrolled at the beginning of the year in Marketplace coverage with APTC, but in July is determined eligible for Medicaid retroactive to April 1, can claim PTC in January through July, despite concurrent enrollment in Medicaid in April through July.)

Medicare:

- A person eligible for Medicare loses eligibility for PTC even if he or she fails to enroll in Medicare. The loss of eligibility occurs the first day of the fourth full month after the person became eligible for Medicare. For example, a person who is enrolled in marketplace coverage with APTC, but becomes Medicare-eligible on his 65th birthday on May 17, loses eligibility for PTC on September 1, the first day of the fourth full month after Medicare eligibility.

Review the Health Care section in the software:

- Make sure Form 1095-A is correct and complete (see Premium Tax Credit: Form 1095-A Overview, earlier in this tab).
- Ask the taxpayer to contact the Marketplace if the form doesn’t reflect premiums that were paid or if there are other errors.
- If the taxpayer received Form 1095-A, make sure the question “Is your household income below 100%...” is answered correctly in the Health Insurance section of the software (see the Premium Tax Credit entry screens, earlier in this tab).
- Check the Health Insurance section of the software to see if the question “Are you required to repay all of the APTC received?” is answered correctly (see the Premium Tax Credit entry screens, earlier in this tab).
- If the taxpayer or spouse lived in Hawaii or Alaska, ensure that state is selected as the resident state in the Basic Information section.

Consider income adjustments to reduce household income.

- If the taxpayer is eligible to claim an IRA deduction, remember that taxpayers can contribute to an IRA until the tax filing deadline.
- If the taxpayer or spouse has an HSA and has not contributed the maximum for the tax year, he or she may contribute to their HSA until the tax filing deadline.
- If the taxpayer or spouse is self-employed, ensure all business expenses have been claimed. The taxpayer should be referred to a professional return preparer if they wish to claim the self-employed health insurance deduction which may reduce their household income.
- If the taxpayer or spouse is eligible and wishes to claim HCTC or establish a SEP-IRA, refer him/her to a professional return preparer.

Consider married filing separately.

- The taxpayer may be ineligible for the PTC, but filing separately may cap repayment at a lower level based on income.

Important! If the taxpayer is currently enrolled in Marketplace coverage and has a 2018 repayment, the taxpayer should contact the Marketplace now to adjust their 2019 APTC to avoid similar repayments for the 2019 tax year!

- Under age 19 and younger than the taxpayer (or spouse, if filing jointly)  
- Under age 24 and a full-time student and younger than the taxpayer (or spouse, if filing jointly), or  
- Any age and permanently and totally disabled? |  
If YES, go to Step 4.  
If NO, STOP. This child isn’t your qualifying child. Go to interview tips for EIC Without a Qualifying Child. |
| 4    | Did the child file a joint return for the year?  
**Note:** Answer NO if the child and his or her spouse filed a joint return only to claim a refund of income tax withheld or estimated tax paid. |  
If NO, go to Step 5.  
If YES, STOP. This child isn’t your qualifying child (failed the joint return test). Go to interview tips for EIC Without a Qualifying Child. |
| 5    | Did the child live with you in the United States for more than half (183 days for 2018) of the tax year?  
**Note:** Active duty military personnel stationed outside the United States are considered to live in the United States for this purpose. |  
If YES, go to Step 6.  
If NO, STOP. This child isn’t your qualifying child. Go to interview tips for EIC Without a Qualifying Child. |
| 6    | Is the child a qualifying child of another person?  
**Note:** There may be a case when a qualifying child can’t be claimed by anyone.  
**Example:** The only parent that the child lives with doesn’t work nor files a tax return and another adult can’t meet the general eligibility rules. In this example, no one qualifies to claim this child as a qualifying child for EIC. |  
If YES, explain to the taxpayer what happens when more than one person claims the EIC using the same child (Qualifying Child of More than One Person rule). If the taxpayer chooses to claim the credit with this child, compute the EIC using the appropriate EIC worksheets.  
If NO, compute the EIC using the appropriate EIC worksheet. |

**Footnotes**

1. If your child was married at the end of the year, he or she doesn’t meet the joint return test unless you can claim as a dependent or you can’t claim the child as a dependent because you gave that right to the child’s other parent.
2. Temporary absences. Count time that you or your child is away from home on a temporary absence due to a special circumstance as time the child lived with you. Examples of a special circumstance include illness, school attendance, business, vacation, military service, and detention in a juvenile facility.

\(^1\) More than 183 days in a leap year.

Note: Taxpayers meeting the above age criteria should file a paper return to avoid a potential rejected electronic filed return and in the year the taxpayer turns 65 if death occurs before their birthday.

**Qualifying Child of More than One Person**

If the child meets the conditions to be the qualifying child of more than one person, only one person can claim the child. The tiebreaker rules, which follow, explain who, if anyone, can claim the EIC when more than one person has the same qualifying child. However, the tiebreaker rules don’t apply if the other person is your spouse and you file a joint return. Review all of the conditions to see which one applies.

- If only one of the persons is the child’s parent, the child is treated as the qualifying child of the parent.
- If the parents don’t file a joint return together but both parents claim the child as a qualifying child, the IRS will treat the child as the qualifying child of the parent with whom the child lived for the longer period of time in 2018. If the child lived with each parent for the same amount of time, the IRS will treat the child as the qualifying child of the parent who had the higher adjusted gross income (AGI) for 2018.
- If no parent can claim the child as a qualifying child, the child is treated as the qualifying child of the person who had the highest AGI for 2018.
- If a parent can claim the child as a qualifying child but no parent does so claim the child, the child is treated as the qualifying child of the person who had the highest AGI for 2018, but only if that person’s AGI is higher than the highest AGI of any of the child’s parents who can claim the child.

Note 1: If you can’t claim the EIC because your qualifying child is treated under the tiebreaker rules as the qualifying child of another person for 2018, you may be able to take the EIC using a different qualifying child, or take the EIC if they qualify using the rules for people who don’t have a qualifying child.

Note 2: Subject to these tiebreaker rules, you and the other person may be able to choose which of you claims the child as a qualifying child. See Publication 596, Earned Income Credit (EIC), for examples.
Form 8862, Information to Claim Certain Refundable Credits After Disallowance, must be completed for any taxpayer whose EIC, child tax credit (CTC)/additional child tax credit (ACTC), or American opportunity tax credit, was previously reduced or disallowed and the taxpayer received a letter saying they had to complete and attach Form 8862 to claim the credit(s) the next time.

If the IRS determined a taxpayer claimed the credit(s) due to reckless or intentional disregard of the rules (not due to math or clerical errors) the taxpayer can’t claim the credit(s) for 2 tax years. If the error was due to fraud, then the taxpayer can’t claim the credit(s) for 10 tax years.
Tab J: Education Benefits
Tax Treatment of Scholarship and Fellowship Payments

A scholarship or fellowship is tax free (excludable from gross income) only if:
• You are a candidate for a degree at an eligible educational institution. You are a candidate for a degree if you attend a primary or secondary school or are pursuing a degree at a college or university, or attend an educational institution that offers a program of training to prepare students for gainful employment in a recognized occupation and is authorized under federal or state law to provide such a program and is accredited by a nationally recognized accreditation agency.

A scholarship or fellowship is tax free only to the extent:
• It doesn’t exceed your qualified education expenses;
• It isn’t designated or earmarked for other purposes (such as room and board), and doesn’t require (by its terms) that it can’t be used for qualified education expenses; and
• It doesn’t represent payment for teaching, research, or other services required as a condition for receiving the scholarship. (But for exceptions, see Payment for services in Publication 970, Tax Benefits for Education.)

Use Worksheet 1–1 below to figure the amount of a scholarship or fellowship you can exclude from gross income.

Education Expenses

The following are qualified education expenses for the purposes of tax-free scholarships and fellowships:
• Tuition and fees required to enroll at or attend an eligible educational institution.
• Course-related expenses, such as fees, books, supplies, and equipment that are required for the courses at the eligible educational institution. These items must be required of all students in your course of instruction.

Qualified education expenses don’t include the cost of:
• Room and board
• Travel
• Research
• Clerical help
• Equipment and other expenses not required for enrollment in or attendance at an eligible educational institution

Worksheet 1-1. Taxable Scholarship and Fellowship Income

1. Enter the total amount of any scholarship or fellowship grant for 2018. See Amount of scholarship or fellowship grant in Publication 970.

   1. ________________

   • If you are a degree candidate at an eligible educational institution, go to line 2.
   • If you aren’t a degree candidate at an eligible educational institution, stop here. The entire amount is taxable. For information on how to report this amount on your tax return, see Reporting Scholarships and Fellowships, later.

2. Enter the amount from line 1 that was for teaching, research, or any other services required as a condition for receiving the scholarship. Don’t include amounts received for these items under the National Health Service Corps Scholarship Program, the Armed Forces Health Professions Scholarship and Financial Assistance Program, or a comprehensive student work-learning-service program (as defined in Section 448(e) of the Higher Education Act of 1965) operated by a work college (as defined in that section).

   2. ________________

3. Subtract line 2 from line 1 .................................................. 3. ________________

4. Enter the amount from line 3 that your scholarship or fellowship grant required you to use for other than qualified education expenses ................................................................. 4. ________________

5. Subtract line 4 from line 3 .................................................. 5. ________________

6. Enter the amount of your qualified education expenses ................................................................. 6. ________________

7. Enter the smaller of line 5 or line 6. This amount is the most you can exclude from your gross income (the tax-free part of the scholarship or fellowship grant) ................................................................. 7. ________________

8. Subtract line 7 from line 5 .................................................. 8. ________________

9. Taxable part. Add lines 2, 4, and 8. See Reporting Scholarships and Fellowship Grants, in Publication 970, for how to report this amount on your tax return ................................................................. 9. ________________

1 However, a scholarship or fellowship grant isn’t treated as tax free to the extent the student includes it in gross income (the student may or may not be required to file a tax return) for the year the scholarship or fellowship grant is received and either:
- The scholarship or fellowship grant (or any part of it) must be applied (by its terms) to expenses (such as room and board) other than qualified education expenses.
- The scholarship or fellowship grant (or any part of it) may be applied (by its terms) to expenses (such as room and board) other than qualified education expenses.

You may be able to increase the combined value of an education credit and certain educational assistance if the student includes some or all of the educational assistance in income in the year it is received. See Publication 970 for more information.

Education Credits (continued)

Probe/Action: To determine if a taxpayer qualifies for the Education Credit.

Who Can Claim the Credit?

• Taxpayers who paid qualified educational expenses of higher education for an eligible student.
• Taxpayers who paid the education expenses for a student enrolled at or attending an eligible educational institution. (To
determine if eligible, go to the U.S. Department of Education’s Office of Post-secondary Education (OPE) website.
• The eligible student is either the taxpayer, taxpayer’s spouse or their dependent.

Note: Qualified education expenses are considered paid by the taxpayer if paid by their dependent or a third party on behalf of the
dependent. If a student isn’t claimed as a dependent (even if eligible to be claimed), only the student can claim an education credit no
matter who paid the expenses. Anyone paying the expenses (even directly to the institution) are considered to have given a gift to the
student who in turn is treated as having paid the expenses.

Note: There are two 4-year tests for the American Opportunity Credit. First, the credit can be taken for only 4 tax years. Second, the
student must not have completed four years of academic credit before the beginning of this tax year. Follow the examples in the Who is
an Eligible Student for the American Opportunity Credit section in Publication 970 for additional information.

</thead>
<tbody>
<tr>
<td>Has a dependent who is an eligible student</td>
<td>The taxpayer can claim the credit based on that dependent’s expenses. The dependent can’t claim the credit.</td>
</tr>
<tr>
<td>Doesn’t claim the dependent on the tax return</td>
<td>The dependent can claim the credit. The taxpayer can’t claim the credit based on the dependent’s expenses.</td>
</tr>
</tbody>
</table>

Who Can’t Claim the Credit?

• Married filing separately filing status
• Anyone listed as a dependent on another person’s tax return
• Taxpayers whose modified AGI is more than the allowable income limits
• Taxpayer (or the spouse) was a nonresident alien for any part of the tax year unless one of the exceptions listed in Publication
519, U.S. Tax Guide for Aliens, applies

What Expenses Qualify?

• Expenses paid for an academic period starting in 2018 or the first 3 months of 2019
• Expenses not refunded when the student withdraws from class
• Expenses paid with the proceeds from a loan

What are Qualifying Expenses?

• The term “qualified tuition and related expenses” is expanded for the American Opportunity Credit (AOC) to include
expenditures for course materials. For this purpose, course-related materials are books, supplies, and equipment needed for
a course of study whether or not the materials are purchased from the educational institution as a condition of enrollment or
attendance.

What is Tax-Free Educational Assistance?

• Tax-free parts of scholarships and fellowships
• Pell Grants (see Publication 970)
• Employer-provided educational assistance (see Publication 970)
• Veterans’ educational assistance
• Any other nontaxable payment (other than gifts or inheritances) received as educational assistance

Note: Don’t reduce the qualified education expenses by any scholarship or fellowship reported as income on the student’s
tax return if the use of the scholarship isn’t restricted and used to pay education expenses that aren’t qualified (such as
room and board).

Note: Taxpayers must have a Form 1098-T from an eligible educational institution to claim education benefits.

Note: If the student includes the tax free educational assistance in income, has a filing requirement and unearned income (in-
cluding the taxable scholarship) over $2,100, the student will be subject to filing Form 8615, Tax for Certain Children Who Have
Unearned Income (Kiddie Tax), to compute the tax. (See Tab H, Other Taxes, Payments and ACA for additional information).
Determining Qualified Education Expenses

Box 1 may include non-taxable scholarship and grant amounts. Some students may choose to pay non-qualifying expenses with scholarship/Pell Grant funds, making the scholarship/Pell Grant taxable. This is true even if the scholarship/grant was paid directly to the school. This may increase the amount of qualifying expenses that can be used in calculating an education credit.

Adjusted Qualified Education Expenses Worksheet (Form 8863 instructions)

1. Total qualified education expenses paid for on behalf of the student in 2018 for the academic period .......................... 5,500

2. Less adjustments:
   a. Tax-free educational assistance received in 2018 allocable to the academic period .................. 3,000
   b. Tax-free educational assistance received in 2019 (and before you file your 2018 tax return) allocable to the academic period ................................................................. 0
   c. Refunds of qualified education expenses paid in 2018 if the refund is received in 2018 or in 2019 before you file your 2018 tax return ................................................................. 0

3. Total adjustments (add lines 2a, 2b, and 2c) ............................................................... 3,000

4. Adjusted qualified education expenses. Subtract line 3 from line 1. If zero or less, enter -0- .......................... 2,500

Example - Bill and Sue are eligible to claim the American Opportunity Credit for their daughter Sarah, who is in her first year of college. They have a Form 1098-T with $5,000 in box 1 and a $3,000 Pell Grant in box 5. During your interview with Bill and Sue, you determine that $5,000 was paid in September 2018 for the fall semester; $3,000 was paid by Pell Grant and $2,000 was paid by loan proceeds. They paid $500 for books in 2018. To calculate the eligible expenses for their credit, take the $5,000 ($3,000 grant + $2,000 loan) paid in 2018, plus the $500, for books and enter on line 1 of the worksheet above. The $3,000 will be entered on line 2. The line 3 amount would be $3,000. Subtracting line 3 from line 1, you get qualified education expenses of $2,500. In this same example, if the taxpayers opted to include all the income as wages, they wouldn’t have any adjustments to subtract to determine their expenses.

Note: If the student doesn’t have a copy of their student account statement, ask them to go online through their college or university to get this information.

**If the taxpayer was under age 24 at the end of the year and met the conditions as outlined in the student under age 24 chart in this tab, they can’t take the refundable American Opportunity credit.**

See determining qualified expenses page earlier in this tab.

For lifetime learning credit-course books, materials, supplies not included, unless paid directly to institution as condition of enrollment.
Only the taxpayer is eligible if he or she claims the student as a dependent. Only the student is eligible if he or she isn’t claimed as a dependent (even if he or she can be claimed) - no matter who pays.

For the American Opportunity Credit only, qualified tuition & related expenses include books, supplies & equipment needed for the course, whether or not they were purchased from the institution as a condition of enrollment. Computers, however, can only be included IF they are a requirement for enrollment or attendance.

Note: The following aren’t qualifying expenses for Education Credits: room and board, insurance, medical, transportation, or personal expenses, even if the amount must be paid to the institution as a condition of enrollment or attendance. If the educational expenses are associated with sports, games, hobbies, or other noncredit courses, see Publication 970 for more information.

Note: See Disallowance of Certain Refundable Credits in Tab I, Earned Income Credit, if the taxpayer received a letter saying they had to complete Form 8862, Information To Claim Certain Credits After Disallowance.

**Earned income.** Earned income includes wages, salaries, professional fees, and other payments received for personal services actually performed. Earned income includes the part of any scholarship or fellowship that represents payment for teaching, research, or other services performed by the student that are required as a condition for receiving the scholarship or fellowship. Earned income does not include that part of the compensation for personal services rendered to a corporation which represents a distribution of earnings or profits rather than a reasonable allowance as compensation for the personal services actually rendered.

**Full-time student.** Solely for purposes of determining whether a scholarship is considered support, you were a full-time student for 2018 if during any part of any 5 calendar months during the year you were enrolled as a full-time student at an eligible educational institution (defined earlier), or took a full-time, on-farm training course given by such an institution or by a state, county, or local government agency.

In this section, the preparer inputs the bank routing and account number for direct deposit of refund or automatic withdrawal of balance due.

Input the name of the bank as stated on the check.

Input both the routing and account number twice on this screen.

**NOTE:** See Pointers for Direct Deposit of Refunds later in this tab.

**TaxSlayer Navigation:** (Administrator) Configuration>Office Setup

**Split Refund Option**

When the taxpayer elects to direct deposit his or her refund into two or three accounts or to purchase saving bonds, you will need to answer additional questions in the e-file section.

First, someone with Administrator privileges needs to go to Configuration>Office Setup and mark the box for Offer 8888. This will allow all preparers at that site to offer Form 8888, Allocation of Refund (Including Savings Bond Purchases). Form 8888 also supports double-entry of bank routing and account information.

**Note:** The taxpayer’s name must be on the account in order for a refund to be deposited.

PIN Guidelines

The Practitioner PIN method is the only electronic signature method for taxpayers using TaxSlayer software. The Electronic Return Originator (ER0) may enter the taxpayers’ PINs in the electronic return record before the taxpayers sign Form 8879, IRS e-file Signature Authorization, but the taxpayers must sign and date the appropriate form before the ERO originates the electronic submission of the return. The taxpayer must sign and date the Form 8879 after reviewing the return and ensuring the tax return information on the form matches the information on the return.

Practitioner PIN Guidelines
The PIN can be any five numbers except all zeros. If filing a joint return, a PIN is needed for the taxpayer and spouse.

How to use the Practitioner PIN in TaxSlayer
• 98765 is defaulted in Office Setup
• The information is pulled from Office Setup to Part III of Form 8879

Form 8453, U.S. Individual Income Tax Transmittal for an IRS e-file Return

Form 8453 will be used to transmit specific supporting documents that can’t be e-filed. Those paper forms, schedules and supporting documents include:

• Form 2848, Power of Attorney and Declaration of Representative (or POA that states the agent is granted authority to sign the return)

• Form 8332, Release / Revocation of Release of Claim to Exemption for Child by Custodial Parent (or certain pages from a divorce decree or separation agreement, that went into effect after 1984 and before 2009) (see instructions)

• Form 8949, Sales and Other Dispositions of Capital Assets (or a statement with the same information), if you elect not to report your transactions electronically on Form 8949. Form 8453 is to be mailed to the Austin Submission Processing Center within three business days.

Mail Form 8453 to:
Internal Revenue Service
Attn: Shipping and Receiving, 0254
Receipt and Control Branch
Austin, TX 73344-0254

TIP Alternatively, a PDF of the attachments can be attached to the electronic return. In that case, no Form 8453 is required. To do this, scan the document to create the PDF. However, only select forms can be uploaded into TaxSlayer.
Quality Review Process

To promote accuracy, per Quality Site Requirement #2: Intake/Interview & Quality Review Process, all tax returns must be quality reviewed. Every item on the Quality Review Checklist must be addressed while reviewing Form 13614-C, Intake/Interview & Quality Review Sheet, information returns (such as Forms W-2, 1099, etc.) all supporting documents, and the completed tax return. The taxpayer must be available to explain any discrepancies the quality reviewer may discover.

There are two acceptable quality review methods:

- **Designated Review** - This preferred quality review method employs a designated Quality Reviewer, a volunteer who is solely dedicated to reviewing returns prepared by the other volunteers at the site.
- **Peer Review** - When a designated Quality Reviewer is not available, volunteers can review each other’s returns.

All items below in the **Quality Review Checklist** must be addressed:

- Taxpayer (and Spouse’s) identity was verified with a photo ID during the visit
- The volunteer return preparer and quality reviewer are certified to prepare/review this return and return is within scope of the program
- All questions in Parts I through VI are answered and unsure boxes were discussed with the taxpayer and correctly marked yes or no
- All applicable information in the shaded areas were completed by the certified volunteer preparer
- Names, Addresses, SSNs, Individual Taxpayer Identification Numbers (ITINs), and Employer Identification Numbers (EINs) are verified and correct
- Filing status is correct
- Dependency determinations are correct
- All Income (with or without source documents) checked “yes” in Part III is verified and correct
- All applicable adjustments to income are verified and correct
- Standard or Itemized Deductions are correct
- All eligible credits are correct
- All applicable provisions of Affordable Care Act (ACA) were considered for each person named on the tax return and are correct
- Any Individual Shared Responsibility Payments, Health Care Exemptions and/or Premium Tax Credit reconciliations are correct
- Federal Income Tax Withholding and Estimated Tax Payments are correct
- Direct Deposit/Debit and checking/saving account numbers are correct
- Site Identification Number (SIDN) is correct on the return
- During the visit, the taxpayer(s) was advised that they are responsible for the information on their return
- Any errors identified or incomplete Form 13614-C are discussed with the preparer

**Due Diligence**

All IRS tax law-certified volunteers are required to exercise due diligence. This means, as a volunteer, you are required to do your part when preparing or quality reviewing a tax return to ensure the information on the tax return is correct and complete.

Doing your part includes: confirming a taxpayer’s (and spouse, if applicable) identity and providing top-quality service by helping them understand and meet their tax responsibilities.

Generally, as an IRS tax law-certified volunteer, you can rely in good faith on information from a taxpayer without requiring documentation as verification. For more information, refer to Publication 5166, IRS Volunteer Quality Site Requirements.
TaxSlayer Basic Quality Review - Print Set

Return Open: After return is prepared and still opened by the preparer, select the drop down list on the Submission page. The Quality Reviewer may select the “Quality Review” print set. Although TaxSlayer call these print sets, returns can be viewed without printing using Adobe Reader.

Note: A peer-to-peer reviewer may use the “Return Open” process.

Return Closed: If preparer closes return, the Quality Reviewer should select the printer icon drop down list from the Client List page. This list will include the printer options for the Quality Reviewer.

Note: A designated reviewer may use the “Return Closed” process.

Selecting Quality Review 2018 print set while return is opened or closed, the Quality Reviewer will be able to review all documents included in the tax return. Compare the IRS Form 13614-C to the embedded TaxSlayer Intake/Interview sheet to verify the documents included in the tax return.
Once the basic Intake/Interview documents are reviewed, the Quality Reviewer should review the other pages included in the print set of the tax return. These pages include forms, schedules, and worksheets required to complete the Quality Review of the tax return. Once the Quality Reviewer confirms the accuracy of the return, the return should be marked complete by selecting the “Mark Complete” check box. By selecting this option, TaxSlayer makes the return available for transmission to the TaxSlayer Processing Center.

You may provide your state issued ID or drivers license in the section below. This information is optional but may assist the state in verifying your identity and processing your return.

Return Signature

A return isn’t considered valid unless it is signed. Both spouses must sign if the return is filed jointly. The return should be dated and the occupation lines should be completed. Advise the taxpayer they’re responsible for the information on the return.

When someone can sign for you

Child's Return

If a child can’t sign his or her name, the parent, guardian, or another legally responsible person must sign the child’s name in the space provided followed by the words “By (parent or guardian signature), parent or guardian for minor child.”

Incapacitated Spouse

If the spouse can’t sign because of injury or disease and tells the taxpayer to sign for him or her, the taxpayer can sign the spouse’s name on the return followed by the words “By (your name), Husband (or Wife).” A dated statement must be attached to the return. See Publication 501, Dependents, Standard Deduction, and Filing Information, for requirements to include in the statement.

Military Spouse

If the taxpayer’s spouse is unable to sign the return because he or she is serving in a combat zone or is performing qualifying service outside of a combat zone, and the taxpayer doesn’t have a power of attorney or other statement, the taxpayer can sign for their spouse. Attach a signed statement to the return that explains that the spouse is serving in a combat zone. See Publication 3, Armed Forces’ Tax Guide for other situations.

Court-appointed conservator or other fiduciary

If you are a court-appointed conservator, guardian, or other fiduciary for a mentally or physically incompetent individual who has to file a tax return, sign your name for the individual and file Form 56, Notice Concerning Fiduciary Relationship.

Deceased Taxpayer

TaxSlayer Navigation: Federal Section>Personal Information

If the spouse died during the year and the surviving spouse didn’t remarry, a joint return can be filed. If a taxpayer died before filing the return and had no filing requirement but had tax withheld, a return must be filed to get a refund. If the decedent had a filing requirement, the taxpayer’s spouse or personal representative will have to file and sign a return for the person who died. A personal representative can be an executor, administrator, or anyone who is in charge of the decedent’s property. If no one has yet been appointed as executor or administrator, the surviving spouse can sign the return for the deceased spouse and enter “Filing as surviving spouse” in the area where the return is signed.

If filing a paper return, write “Deceased,” the decedent’s name, and the date of death across the top of the tax return. TaxSlayer will automatically note on the top of Form 1040, U.S. Individual Income Tax Return the decedent’s name and date of death.

Form 2848, Power of Attorney and Declaration of Representative, is invalid once the taxpayer dies; therefore Form 56 or new Form 2848 signed by estate executor or representative must be completed. See Publication 559, Survivors, Executors, and Administrators, for details.
Claiming a Refund for a Deceased Person

**TaxSlayer Navigation:** Federal Section>Miscellaneous Forms>Claim a Refund Due to a Deceased Taxpayer

Court-appointed representatives should file the return and attach a copy of the certificate that shows their appointment. All other filers requesting the decedent’s refund should file the return and attach Form 1310, Statement of Person Claiming Refund Due a Deceased Taxpayer. The software completes this form.

**Power of Attorney**

Attach a copy of the taxpayer’s original paper Power of Attorney (POA) to a copy of Form 8453 for the site to send to the IRS once the return is accepted. Alternatively, you may scan the POA to a PDF and attach the PDF to the return prior to creating the e-file. See Publication 17, Your Federal Income Tax For Individuals, Chapter 1. For additional details, see Publication 947, Practice Before the IRS and Power of Attorney, and Form 2848 Instructions.

Even when the taxpayer’s agent is using a power of attorney different than Form 2848, follow the same process.
Printing the Tax Return

**TaxSlayer Navigation:** e-File Section> Last Screen (Submission)> Print Return

A copy of the return can be printed by selecting the Printer Icon located on the Client Tax Return row from the Office Client List. A copy of the tax return can also be printed from within the return. The print location from inside the return is located on the Submission page under the e-File section. After all required information has been entered on the e-file page, click on Save. The program will display the Submission page. From this page click on the drop down arrow, select the appropriate print set, and click on Print Return. Once the PDF is generated you can choose the pages you wish to print and the number of copies you wish.

Inform the taxpayer they’re responsible for the information on the return and ask them to sign the global consent.

**Distributing Copies of Returns**

**Taxpayer**
- Form 1040 with all forms/schedules including signed Form 8879 and Form 8453, if applicable
- Organize the taxpayer’s copy of the return according to the attachment sequence at the top right corner of each form. Any supplemental schedules are put at the end.
- Form 8332, if applicable
- Original Power of Attorney, if applicable
- State forms/schedules, as applicable
- All other taxpayer documents including Form(s) W-2 and Form(s) 1099

**Electronic Return Originator (ERO)**
- Form 8453 and attachments for mailing.

**Paper Federal Return**
- Signed Form 1040 with all forms/schedules
- Organize the federal copy of the return according to the attachment sequence at the top right corner of each form. Any supplemental schedules are put at the end.

**Paper State Return**
- Signed state return with all forms and schedules.
- Attach a copy of the federal return if required by state instructions.

**Where to File Paper Returns**

When a paper return must be filed, advise the taxpayer to sign and mail the federal return to the applicable IRS address for the state where the taxpayer lives. See Tab P, Partner Resources for a list of addresses.

The taxpayer must be given an exact copy of the paper return to be filed. Additional copies of the schedules and worksheets should also be provided. If applicable, state income tax returns should be signed and mailed to the appropriate address for that state. State mailing address can be found on the state tax form or on the tax department’s website.
Pointers for Direct Deposit of Refunds

1. Using a check, paper or electronic documentation from the financial institution as proof of account, verify:
   • Routing Transit Number (RTN). The RTN must contain 9 digits and begin with 01 through 12 or 21 through 32.
   • Depositor Account Number (DAN). The DAN can be up to 17 characters. Include hyphens but omit spaces and special symbols. Don’t include the check number or the dollar amount on canceled checks. On the sample check below, the account number is 20202086.

2. Don’t use a deposit slip for proof of RTN as this may not be the same RTN used for direct deposit. For direct deposit into a savings account, the taxpayer should obtain a statement from the financial institution to verify the routing and account number for direct deposit. For direct deposit into a checking account, if the taxpayer doesn’t have a cancelled check, the taxpayer should also contact their financial institution.

3. Entering the incorrect RTN and/or DAN will result in a 4-6 week delay of the refund, or it may go into some else’s account. If the direct deposit is voided, a paper check will automatically be mailed to the address on the electronic tax form.

4. Double-check the RTN of the financial institution if:
   • You are unfamiliar with the financial institution. (Some types of accounts that exist through brokerage firms can’t accept direct deposits.)
   • The RTN is for a credit union, which is payable through another financial institution. The taxpayer should contact his or her credit union for the correct RTN.

5. Savings Bonds - Taxpayers can buy U.S. savings bonds with their federal tax refund. Even if the taxpayer doesn’t have a bank account or a Treasury account they can elect this option. Taxpayers can make bond purchases for themselves. Refer to Form 8888, Allocation of Refund (Including Savings Bond Purchases), or the IRS website for more details.

6. Remember the split refund option: If a taxpayer chooses to direct deposit his or her refund into two or three accounts, you will need to complete Form 8888.

---

**CAUTION** Financial institutions generally don’t allow a joint refund to be deposited into an individual account. The IRS isn’t responsible if a financial institution refuses a direct deposit.

**CAUTION** Direct deposit of a taxpayer’s refund is to be made to an account (or accounts) only in the taxpayer’s name. Advise taxpayers their refund may only be deposited directly into his/her own account(s).

Taxpayer’s federal and state refunds can’t be deposited into VITA/TCE Volunteer or any associated partner’s personal or business bank/debit card accounts.

**Note:** To combat fraud and identity theft, IRS permits a maximum of three refunds to be electronically deposited into a single financial account.

The fourth and subsequent refunds automatically will convert to a paper refund check and be mailed to the taxpayer.
Balance Due Returns

General Information
• Taxpayers don’t have to pay if balance due is less than $1.
• Payment in full is due by the April filing due date, to avoid interest and penalties.
• Taxpayer should file his or her return by the April filing due date, to avoid a failure-to-file penalty.
• There are separate penalties for filing late and paying late. The late filing penalty is higher.
• Advise taxpayers to file the return on time, even if they can’t pay the full amount owed. They should pay as much as they can with the return to reduce penalties and interest.

Payment Methods
1. Electronic Funds Withdrawal
   E-filing allows taxpayers to file their return early and schedule their payment for withdrawal from their checking or savings account on a future date up to the April filing due date.

2. IRS Direct Pay
   IRS direct pay on the IRS website is a free one-time payment from your checking account to the IRS. Use this secure service to pay your tax bill or make an estimated tax payment directly from your checking or savings account at no cost to you. You’ll receive instant confirmation that your payment has been submitted. Just follow the easy steps below. Bank account information isn’t retained in IRS systems after payments are made.

It takes just 5 easy steps to make a payment:

<table>
<thead>
<tr>
<th>Step 1</th>
<th>Step 2</th>
<th>Step 3</th>
<th>Step 4</th>
<th>Step 5</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provide your tax information</td>
<td>Verify your identity</td>
<td>Enter your payment information</td>
<td>Review and electronically sign the transaction</td>
<td>Print or record your online confirmation number</td>
</tr>
</tbody>
</table>

3. Check or money order payments
   • Don’t attach the payment to the return.
   • Refer to instructions on Form 1040V, Payment Voucher.
   • Submit the payment with a properly completed Form 1040V.
   • No cash payments.

4. Credit card payments
   • American Express, Discover, Mastercard, or Visa cards are accepted.
   • A convenience fee will be charged by the service providers.
   • For details, visit the IRS website, keyword “make a payment.”

Note: See Form 1040 Instructions for additional information
5. Electronic Federal Tax Payment System (EFTPS)
   Taxpayers can use EFTPS to pay their federal taxes, but they must enroll first. EFTPS is a fast, easy, convenient and secure service provided free by the Department of Treasury. For more information or to enroll visit the IRS website, keyword “make a payment” or call EFTPS Customer Service at 1-800-316-6541 (for individual payments). TTY/TDD help is available by calling 1-800-733-4829.

Note: You must have a valid Social Security Number (SSN) to use this application. This application can’t accommodate Individual Taxpayer Identification Numbers (ITINs)

6. PayNearMe
   Through a partnership with OfficialPayments.com and the PayNearMe Company, taxpayers can now make a cash payment without the need of a bank account or credit card at more than 27,000 retail locations nationwide. To find a location near you, visit the IRS website, keyword “make a payment.”

Installment Agreement
Because of the Bipartisan Budget Act of 2018, user fees for low-income taxpayers setting up installment agreements (long-term payment plans) may be waived or reimbursed, under certain conditions.

Effective for installment agreements established on or after April 10, 2018:

• Taxpayers meeting the low-income threshold (at or below 250% of the federal poverty guidelines, as determined for the most recent year) who agree to establish a Direct Debit Installment Agreement, will not be charged a user fee.
• Taxpayers who are low income and unable to make electronic payments through a debit instrument by entering into a Direct Debit Installment Agreement will be reimbursed the user fee upon completion of the installment agreement.

What if the taxpayer can’t pay?

• Can you pay in full within 120 days? If taxpayers can pay the full amount they owe within 120 days, go to the IRS website, keyword “installment agreement” to establish your request to pay in full. By doing this, taxpayers can avoid paying the fee to set up an installment agreement.
• Applying online for a payment agreement. If the taxpayer’s balance due isn’t more than $50,000, the taxpayer can apply online for a payment agreement instead of filing Form 9465, Installment Agreement Request. To do that, go to IRS.gov and enter “Online Payment Agreement” or “OPA” in the “Search” box. The origination fee is lower for online payment agreements than applying by phone, mail or in person.
• The taxpayer can request an extension of time to pay if paying the tax by the due date will be an undue hardship. For details see Form 1127, Application for Extension of Time for Payment of Tax Due to Undue Hardship, Out of Scope.

Offer in Compromise
If the taxpayer can’t pay through an installment agreement and/or by liquidating assets, they may be eligible for an Offer in Compromise (offer). An offer is an agreement between the taxpayer and the IRS that settles a tax debt for less than the full amount owed. The IRS may accept an offer if:

• The IRS agrees that the tax debt may not be accurate,
• The taxpayer has insufficient assets and income to pay the amount due in full, or
• The taxpayer has exceptional circumstances and paying the amount due would cause an economic hardship or would be unjust.

The taxpayer can use the Offer in Compromise Pre-Qualifier tool located at the IRS website, keyword “offer” to determine if an offer is a realistic option to resolve their balance due. The questionnaire format assists in gathering the information needed and provides instant feedback as to eligibility. To apply for an offer, the taxpayer must read and complete the forms located in Form 656-B, Offer in Compromise.
Balance Due Returns (continued)

How can a taxpayer avoid a balance due in the future?

TIP

The more withholding allowances claimed, the less taxes withheld.

- If the taxpayer didn’t have enough withheld from his/her paycheck, pension income or taxable social security benefits and there is an amount owed on the current return:
  - Advise the taxpayer to access the Withholding Calculator on the IRS website
  - Advise the taxpayer to submit a revised Form W-4, Employee’s Withholding Allowance Certificate, to the employer. For pension income, taxpayers should submit a revised Form W-4P, Withholding Certificate for Pension or Annuity Payments, to the pension payer or contact the pension administrator to increase withholding. Taxpayers should reduce the number of allowances or request an additional amount to be withheld.
  - Advise taxpayers who received taxable social security benefits or unemployment to submit Form W-4V, Voluntary Withholding Request, to request withholding from social security of certain other federal government payments.

- If the taxpayer had income that wasn’t subject to withholding (such as self-employment, interest income, dividend income, or capital gain income):
  - Explain estimated taxes to the taxpayer. In TaxSlayer, add Form 1040-ES, Estimated Tax for Individuals, and complete it. Discuss with taxpayer(s) whether to use the minimum required amount or the total amount expected to be due.
  - Advise the taxpayer to review Publication 505, Tax Withholding and Estimated Tax.

Forms or Publications can be obtained from the IRS website

- If the taxpayer is receiving the advanced premium tax credit (APTC), they should notify the Marketplace when they have any significant change to geographic move, income, family size or a life event.

Note: This information only applies to federal balance due returns. For state information, consult the applicable state.

**Footnotes**

1. If this is your first year of residency, you may have a dual status for the year. See Dual Status Aliens in Pub 519, U.S. Tax Guide for Aliens. (Out of Scope)

2. In some circumstances you may still be considered a nonresident alien and eligible for benefits under an income tax treaty between the U.S. and your country. Check the provision of the treaty carefully. (Out of Scope)

3. See Days of Presence in the United States in Pub 519 for days that do not count as days of presence in the U.S. (Exempt individuals such as students, scholars, and others temporarily in the U.S. under an F, J, M, or Q visa's immigration status do not count their days of presence in the U.S. for specified periods of time.)

4. If you meet the substantial presence test for the following year, you may be able to choose treatment as a U.S. resident alien for part of the current tax year. See Substantial Presence Test under Resident Aliens and First Year Choice under Dual Status Aliens in Pub. 519. (Out of Scope)

5. Nonresident students from Barbados, Hungary, and Jamaica, as well as trainees from Jamaica, may qualify for an election to be treated as a U.S. Resident for tax purposes under their tax treaty provisions with the U.S. A formal, signed, election statement must be attached to the Form 1040 (preparation of the statement is Out of Scope). (It continues until formally revoked.)
Resident or Nonresident Alien Decision Chart
(continued)

If after using the Resident or Nonresident Alien Decision Chart (Page L-1) you have determined a taxpayer is a **Resident Alien** for U.S. Tax Purposes, and does not meet any of the exceptions that would be outside of the scope of the VITA program, select one of the filing statuses listed under the Basic Information Section in TaxSlayer Pro. A Resident Alien is treated like a U.S. Citizen when determining filing status.

If after using the Resident or Nonresident Alien Decision Chart (Page L-1) you have determined a taxpayer is a **Nonresident Alien** for U.S. Tax Purposes, under the Basic Information Section in TaxSlayer Pro, select **Nonresident Alien**, if you have certified under the Foreign Student and Scholar Module and the taxpayer’s circumstances are within the scope of the Foreign Student and Scholar VITA program. **After** selecting the Nonresident Alien filing status, you will be given six (6) choices; Single resident of Canada or Mexico or single U.S. national, other single nonresident alien, Married resident of Canada or Mexico or married U.S. national, Married resident of South Korea, other married nonresident alien, or Qualified widower(er) with dependent child.

You will only complete a tax return for a Nonresident Alien if you have certified on the Foreign Student and Scholar Module, and at least 1 other person at your site, who is also certified on the Foreign Student and Scholar Module, can quality review the return.

Be sure to have the taxpayer complete Form 13614-NR, Nonresident Alien Intake and Interview Sheet, and use Pub 4011, VITA/TCE Foreign Student and Scholar Resource Guide, to conduct the Quality Review.

Electronic Filing of Returns with Valid ITIN

**TaxSlayer Navigation:** Federal Section>Income> Wages and Salaries; Keyword “W”

Returns can be electronically filed when the taxpayer has an Individual Taxpayer Identification Number (ITIN) but has a Form W-2 with a Social Security Number (SSN) that belongs to another taxpayer.

1. The taxpayer’s ITIN must be entered on the personal information screen in the space provided for the taxpayer’s, or spouse’s social security number, if applicable.
2. When completing the Form W-2 in TaxSlayer, enter the SSN shown on the paper Form W-2. The Internal Revenue Service requires the manual key entry of the Taxpayer Identification Number (TIN) as it appears on Form W-2 received from the employer for all taxpayers with ITINs who are reporting wages. The ITIN that was entered when the return was started won’t auto-populate the TIN on Form W-2 for these ITIN filers.

**Employee**

**Whose W-2 is this?** *

- Test Taxpayer
- Spouse Taxpayer

**ITIN SSN** *

Note: ITIN taxpayers requesting to file Forms 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts etc, with an incorrect Social Security Number must file a paper return. These returns can’t be e-filed. There are no procedures in place to e-file these types of returns.
Creating a Temporary TIN when the Spouse and/or Dependent(s) are Applying for an ITIN

TaxSlayer Navigation: Federal Section>Miscellaneous Forms> Application for ITIN

TaxSlayer will not generate temporary ITINs for the taxpayer, spouse and/or dependents on a return if Form W-7 is needed. The ITIN application requires a federal tax return be associated with all Form W-7 applications (with some exceptions as noted in the instructions for Form W-7. Federal tax returns can’t be filed using electronic return preparation software without a TIN (taxpayer identification number). If the taxpayer is working under an erroneous social security number, that social security number should be used only on the W-2.

1. In the TIN field for all individuals needing to complete Form W-7, enter all digits as zeros “0”. A return requiring three temporary TINs will be entered as follows:
   - The spouse’s   000-00-0000
   - The first dependent’s  000-00-0000
   - The second dependent’s  000-00-0000

2. Select each individual in TaxSlayer. Fill in the name of each family member applying for an ITIN on a separate Form W-7 application. Make sure that names match required documentation that clients will be submitting with their W-7 application(s). See Tab B, Starting a Return and Filing Status, Determining the Last Name of the Taxpayer section for additional information.

3. Print the return package, and provide the return package to the taxpayer to mail with Forms W-7 to the address shown on the Form W-7 instructions.

4. If the taxpayer has a family pack that includes multiple Forms W-7 with one return, or multiple returns with one Form W-7, these forms should be staggered and stapled together to show the entire package as a family pack. This will prevent separation of the forms/returns that could delay the processing time.

5. Have taxpayers mail Form W-7 application(s), all original supporting documentation, and tax return or take to a Certified Acceptance Agent (CAA) or local Taxpayer Assistance Center (TAC) for ITIN Authentication. Note: Not all TAC offices are authorized to perform ITIN Authentication. See the list of supporting documentation in the Form W-7 Instructions.

6. If applicable, prepare a copy of the state return with a copy of the federal return attached. If taxpayers will not owe state taxes, suggest they hold the state return until they receive their official ITIN letter(s), which may take 7 weeks (9 to 11 weeks if submitted during peak processing periods, January 15 through April 30). Once the ITIN(s) is assigned, record them on the state tax returns before mailing.

Note: ITINs will expire if not used within three years. The ITIN will expire on the date following the due date of the tax return for such third consecutive taxable year.

The following communication products provide information on changes being made to the Individual Taxpayer Identification Number (ITIN) program this year. They are intended for use in raising awareness among taxpayers with a need to file a federal tax return in 2019 but whose ITIN will expire at the end of 2018. The products, available in multiple languages, are offered in electronic format for electronic distribution or for printing.

Publication 5259 (EN-SP), ITIN Fact Sheet
This publication explains changes IRS is implementing as a result of the Protecting Americans from Tax Hikes (PATH) Act legislation requiring expiration of certain ITINs. It also covers changes to the use of a passport as a stand-alone document for dependent ITIN applications.

Publication 5256 (EN-SP), You May Need to Renew Your Expired ITIN
This publication provides taxpayers quick facts about which ITINs are expiring and how to get more information. It provides three flyers per page and can be printed and cut/separated for use.

Publication 5257 (EN-SP), Renewing Your ITIN
This publication is a full page document detailing the facts about expiring ITINs and basic information about how to renew them. There’s an electronic version with resource links and a printable version with instructions on how and where to find more information.
Tab M: Other Returns
Amended Returns

The Protecting Americans from Tax Hikes (PATH) Act of 2015 prevents taxpayers using newly issued tax ID numbers to retroactively claim refundable tax credits in prior years. For example, someone who filed a tax return under an ITIN and later got an SSN cannot file amended return(s) to claim EITC.

If you must change the filing status, TaxSlayer warns that all state returns will be deleted, so it is imperative to have/print a paper copy of all state returns filed.

Amended returns cannot be electronically filed and must be mailed to the IRS. Direct deposit/debit is not available for amended returns.

If the original return is not already in TaxSlayer, you will need a copy of the original return. See “Amending Returns - Original Return Not Created in TaxSlayer” later in this tab.

If the original return was created, e-filed, and accepted using TaxSlayer, follow these steps:

1. Pull original tax return amounts to Form 1040X, Amended Return, original column
   a. Open the original return in TaxSlayer.
   b. If the return was previously adjusted by the IRS, modify the original return to match the changes the IRS made before opening Form 1040X.
   c. To open Form 1040X, open the navigation MENU on the left and select 20XX Amended Return.
   d. Where it says Original Federal Return Information, select Begin.
   e. Verify that each “Original Amount” agrees with the taxpayer’s file copy of the return. If the original amounts are not on the TaxSlayer form, manually enter the numbers from the original return.
   f. When you have confirmed or entered all amounts from the original return, select Continue.

2. Enter corrections and provide explanation of changes in Form 1040X
   a. Where it says Make Corrections for Amended Return, select Begin. Read the instructions and select Continue.
   b. If there are any Income changes in the amended return, select Edit on the appropriate line to enter the appropriate amount(s) that are dictating the reason for the amended return and select Continue.
   c. If there are changes in other sections (Basic Information, Deductions/Credits, Other Taxes, Health Insurance, etc.), go to that section, make the appropriate entries, and select Continue.
   d. When you have finished making amending entries on the federal return, select 20XX Amended Return at the left navigation MENU.
   e. Where it says Explain Changes, select Begin. Enter the reason(s) for the federal amended return and select Continue.

3. Amend the State Return
   a. If the state return needs to be amended, select Amend State Return(s), and select Begin. If there are no state changes, skip to the steps for “Print Return”
   b. Answer state-specific questions and enter amounts from original state return by selecting +Amend State. Complete each menu item.
   c. Make changes that do not flow from the federal return by selecting Edit State. Complete each menu item that changed.
   d. When you have completed the necessary entry or entries, select Continue until you’re out of the state return and select 20XX Amended Return at the left navigation MENU.
Amended Returns (continued)

4. Print Return and assemble the Form 1040X package to be mailed
   a. Select **Print Amended Return**, select **Begin**, then **Continue**. On the “Print Results” page select Print your **20XX Tax Return**.
   b. In the pdf of the return, examine Column A to verify all lines from the original Form 1040, U.S. Individual Income Tax Return, have transferred. Next, examine Column B to verify that the amendment change(s) you entered appear on the correct line(s) of the column. Then verify that the amount(s) on line(s) changed appear in the correct total amount(s) of these lines in Column C.
   c. Verify the correct amount overpaid or owed. On page 2, verify that all information is correct and that appropriate boxes are checked for qualifying children eligible for Child Tax Credit.
   d. If the state form is amended, scroll down the pdf to the state forms and verify that additions to or subtractions from the federal AGI that were manually made on the amended state return are correct.
   e. Ask a Quality Reviewer to double-check all entries on the amended return.
   f. Print tax forms as indicated in the table below (If a state amendment is not needed, skip state forms)
   g. For an amended return, form 1040X is the payment voucher if a balance is due. The taxpayer should simply enclose a check with the amended return.
   h. Verify the state payment voucher amount (if used for your state) and that state amended return requirements are met.
   i. Have taxpayers sign the 1040X and the state amended return. Use pre-addressed envelopes. Advise the taxpayer the amended return should not be filed until the refund or the original return has been processed. Remind taxpayers to enclose payment – if payment is due.
   j. Attach any new or corrected documents (like a late 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.). Do not attach the original return.
   k. If responding to a notice from the IRS, send the federal amended return to the address shown in the notice. If not, use the address in the 1040X Instructions.

Prior Year Returns

Who can prepare prior year returns?

Sites are encouraged to prepare prior year returns if they have the required technical resources described below. Prior year returns may only be prepared and reviewed when the tax topics are within scope for VITA/TCE and within the volunteers’ current level of training and certification. They don’t need to be certified in the actual prior year. Determining the certification level of the return is described below in Getting Started.

Getting started:

- TaxSlayer only provides software for the 3 years prior to the current tax year.
- A current year Form 13614-C, Intake/Interview and Quality Review Sheet, must be completed for each prior year and will be used to determine the scope and certification level of each return.
- Taxpayers with Out of Scope returns should be advised to seek assistance from a professional tax preparer.
- Assign prior year returns to experienced volunteers if at all possible.
- Direct deposit or debit isn’t available for prior year returns. IRS will mail refund checks to the address on the prior year return.

⚠️ Taxpayers can’t retroactively claim some tax credits with newly issued tax ID numbers.

As of December 2015, taxpayers can no longer:

- File a prior year return claiming EITC on the basis of newly issued social security numbers (SSNs) for themselves and/or qualifying dependent(s).
- File a prior year return claiming American Opportunity Tax Credit on the basis of newly issued SSNs, Individual Taxpayer Identification Numbers (ITINs) or Adoption Taxpayer Identification Numbers (ATINs) for themselves and/or qualifying student(s).
- File a prior year return claiming Additional Child Tax Credit on the basis of newly issued SSNs, ITINs, or ATINs for themselves and/or qualifying child.

Technical resources:

The following tools are useful resources:

- Prior year return tax preparation software.
  a. TaxSlayer Pro® Online users can access the prior year software from the home page.
  b. Desktop sites will need to download and install the prior year software from the TaxSlayer website. Sites will use their current EFIN and setup the software as usual. No registration codes are needed with TaxSlayer.

- Forms 13614-C from prior years are helpful. Sites may keep hard copies or rely on electronic copies.
- Taxpayer’s Wage and Income Transcripts from their IRS records are extremely useful.

Note: For transcripts, taxpayers can go to the IRS website, Keyword “Transcript”, register, and secure transcripts online if they have email and can comply with enhanced verification. Taxpayers can also request transcripts to be mailed to the address on file and takes 5 to 10 calendar days for delivery. In addition, taxpayers can request a transcript via Form 4506-T, Request for Transcript of Tax Return, or by calling 1-800-908-9946.

- Prior year publications and instructions to forms and schedules are available on the IRS website.
- Use the online tool Interactive Tax Assistance (ITA) for answers to many current and prior year tax law questions. ITA is available on the IRS website.
Prior Year Returns (continued)

Whether to e-file or mail prior year returns:

Only the two most current prior years can be e-filed. Older prior year returns must be mailed to the appropriate IRS address from the list in Tab P, Partner Resources, "Where to File" page. Also, refer to Tab K, Finishing the Return, for additional information regarding balance due returns and payment options.

Expired Tax Topics and Other Issues Applicable to Prior Years:

Refer to the Publication 17 for the applicable tax year and review the "What's New" section.

What if a site cannot prepare a requested prior year return?

If possible, refer the taxpayer to other VITA/TCE sites that offer prior year return service. Otherwise, advise the taxpayer to seek assistance from a paid tax preparer.

Note: Don’t refer taxpayers to their local IRS Tax Assistance Center because they no longer prepare tax returns for individuals.

Without an SSN or ITIN, the return cannot be e-filed. You may be able to file a paper return.

Desktop will allow you to leave the phone number and email address blank – but you should get as many phone numbers for the taxpayer as possible.
When you are finished entering the Personal Info for the taxpayer, spouse and dependents, desktop will ask about Minimum Essential Coverage (MEC), and then Marketplace coverage.

If you select **Yes** here, the software will not compute the Shared Responsibility Payment (SRP). If you select **No**, the SRP will be computed based on no coverage for all family members. If the tax family had coverage for some part of the year, or qualifies for a coverage exemption, you must add Form 8965, Health Coverage Exemptions later in the return. A diagnostic warning will display to remind you.

If you select **Yes** for Marketplace coverage, you will have to **open the Form 8962**, Premium Tax Credit later to add the information from the Form 1095-A, Health Insurance Marketplace Statement. A diagnostic warning will display to remind you.

The Personal Information summary menu will appear next – if you need to change your answers to the MEC or marketplace questions, you can select that item.
ACA Form 8965 – Key Highlights

- If a member of the tax family has an Exemption Certificate Number (ECN) from the marketplace, select Option 1, Part 1-Marketplace Granted Coverage Exemptions.

- If the Household Income (HHI) on the return is lower than the filing threshold, the software will indicate it on Options, Household or Gross Income Below Filing Threshold. No input necessary.

- The Marketplace Affordability worksheet doesn’t give you the affordability threshold—you must manually calculate the affordability threshold and compare it to the Annualized Required Contribution. See Tab H, Other Taxes, Payments and ACA for instructions.

- If a member of the tax family is eligible for an IRS exemption, select Option 4, Part III Coverage Exemptions. Enter as many exemptions as needed.

- Select the IRS-granted exemption from the Part III Coverage Exemptions drop-down menu and the months for which that exemption applies. The months won’t display on this screen, even after you make your selection, but they will carry to Form 8965.

- If some family members had MEC, but not all family members all year, click on Option 5, Shared Responsibility Payment.

- If the taxpayer was eligible to claim a dependent who is not being claimed by another, but chose not to claim that person, click Option 1, Elected Not to Claim a Dependent You Could Have Claimed to add another person to the tax household size.

- To edit the individual select Option 4, Months with No Coverage and No Exemption and edit so that only the boxes with no coverage AND no exemption are checked.

- If a dependent claimed on the return (or who could have been claimed) is required to file a tax return (see tab H for the tax filing thresholds for dependents), the dependent’s MAGI is included in HHI. From the Form 8965 menu, select Option 5, Shared Responsibility Payment. Next, select Option 2, Household Income, to add the dependent’s MAGI.

- Most of the household income screen will automatically fill with information from the return but lines 8, 9, 10 and 14 require information from the dependent’s separate tax return. If more than one dependent had a filing requirement, enter the total from all the dependents’ returns, as applicable. The information from this worksheet is used to compute HHI for both the SRP and the PTC.

- If the F1095-A includes a person who is not part of the tax family, or if someone in the tax family is listed on another taxpayer’s Form 1095-A, the policy amounts must be allocated – this is Out of Scope.

- Preparer needs to indicate YES or NO to using annual PTC amounts, and then click on the next line to enter the amounts. Once entered, the form will display either the Net Premium Tax Credit (to be refunded) or the Excess PTC Repayment.
Income – Key Highlights

After entering personal and ACA information, you will enter all items of income. The list of income items is found in the income menu screen. If you exit or are at the Main Menu, you can select the corresponding menu option to get back to the item that you want.

Select the specific item and follow the software prompts.

- Interest/ Dividend Income will be entered from either Income Menu Option 2 or 3 depending on the amount of the income.

- Private activity bond interest (PAB) is entered in Other Taxes>> Alternative Minimum Tax>>Interest from specified private activity bonds exempt from the regular tax.

- The Schedule C/C-EZ can be accessed through Option 6 of the main Income menu. Remember to enter the Principal Business Activity Code on the Schedule C.

For most transactions, no adjustment to gain or loss is needed. You may need to enter an adjustment if the basis provided is incorrect, another situation applies that requires a change to the basis, or if the taxpayer is able to exclude some or all of the capital gain.

- To use the Simplified Method, check the box labeled “SGR” in Box 2A of Form 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.

1. Select Income Menu
2. Select IRA/Pension Distributions (Form 1099-R/RRB, SSA)
3. Select New and fill out the Payer’s Information
4. Enter the Gross Distribution in Box 1 as it is shown on the 1099-R

Note: This is a guide on entering Public Safety Officer Distributions into TaxSlayer. This is not intended as tax advice.

Tip: Any amount exceeding $3,000 is entered on Schedule A, Itemize Deductions as insurance cost. The insurance can be for the taxpayer, spouse and family. When Form 1099-R, Box 7 is Code 4 (distribution due to death), the PSO deduction may no longer be used.

Entering Medicaid Waiver Payments:

Scenario A: If income is reported on Form W-2 (and payer will not change), enter the Form W-2 as provided. Then, go to Other income not reported elsewhere and enter IRS Notice 2014-7 in the description field and the amount as a negative number. Next, go to Other Income, Other Compensation and enter the income as Medicaid Waiver wages. This will remove the income from EIC and other credit calculations as necessary.

Scenario B: If income is reported on Form 1099-MISC, Miscellaneous Income, go to Other income not reported elsewhere, enter IRS Notice 2014-7 in the description field and $0 in the amount field.

**State Section**

Since the IRS cannot train volunteers to prepare state and local tax returns, partners are responsible for scheduling appropriate state and local tax training for volunteers wherever this service will be voluntarily offered.

The State of Residency will auto-fill when the Zip Code is entered in the Basic Information section. The State of Residency can be changed manually in the Basic Information section after the state has auto-filled. If you don’t have a state return, you can select Continue or use any of the navigation options on the left side of your screen.

The following states don’t have a general state income tax return: Alaska, Florida, Nevada, New Hampshire, South Dakota, Tennessee, Texas, Washington and Wyoming. Tennessee and New Hampshire levies a tax on interest and dividend income.

Additional states can be added to the return file at the Add Another State Return link in the State Return home page. Choose a state from the pick list or clicking on the state at the United States map and select Continue. Preparer then selects the taxpayer’s state residency type. The residency types for most states are resident, part year resident and non-resident. Select Continue.

To delete a state return, select **State Section** from the left side of your screen. Select the delete icon next to the state that you would like to delete.

**Summary/Print Page**

The Calculation Summary screen is an overview of each section of the tax return. Select the show details link located next to each item to view a breakdown of what items are included in the tax return. You can view and/or edit each item of income, adjustments, tax, payments etc. by selecting the link from the expanded list. You can toggle between the Summary View as shown or the 1040 View, which allows you to link from most of the line items on the Form 1040.

Select View/Print the Return to create a PDF of the return that can be printed or reviewed.

Information for Assisting People with Disabilities

There are many misconceptions about interacting with people with disabilities. Publication 5192, Ten Key Points of Communicating with People with Disabilities, covers the 10 core disability etiquette points that volunteers should be aware of when working with this group.

Serving Taxpayers Who Are Deaf or Hard of Hearing

Taxpayers who are deaf or hard of hearing have varying ranges of language skills and abilities. Some can communicate verbally with you, while others cannot. Some can read lips, and some communicate with English Exact Sign which is a method of sign language that mimics the English language precisely as it is spoken. However, most taxpayers who are deaf or hard of hearing communicate with American Sign Language (ASL). Publication 5231, Key Points for Communicating with People who are Deaf or Hard of Hearing, provides helpful points of etiquette for volunteers serving this group at the VITA/TCE sites.

Financial Coaching for Veterans

Veterans can receive free financial coaching services. This initiative focuses on helping Veterans reach their financial goals, providing support, encouragement, accountability, and tools to assist making informed decisions. Financial coaches are available through the dedicated toll-free number, 1-844-904-6257 and provide virtual coaching or tele-coaching.

Veterans Crisis Line

The Veterans Crisis Line connects Veterans in crisis and their families and friends with qualified, caring Department of Veterans Affairs responders through a confidential toll-free hotline, online chat, or text. Veterans and their loved ones can call 1-800-273-8255 and Press 1, chat online, or send a text message to 838255 to receive confidential support 24 hours a day, 7 days a week, 365 days a year. Support for individuals who are deaf and hard of hearing is available.

IRS Taxpayer Assistance Center - Appointment Service

The IRS offers appointments at Taxpayer Assistance Center (TAC) locations throughout the United States. Taxpayers will call a new toll-free number to make an appointment for face-to-face service. Taxpayers requiring an appointment at a TAC location should call 1-844-545-5640.

The IRS also provides Virtual Tax Services at various locations that do not have a TAC. With this model, taxpayers sit at a designated workstation and are assisted by an IRS employee who appears on screen and is located in a remote office.
## Identity Theft Job Aid for Volunteers

Being sensitive towards victims of identity theft is critical to assisting taxpayers through a confusing and frustrating situation. Remember victims of identity theft are:

- Victimized by identity thieves, mostly through no fault of their own, and
- Trying to comply with tax laws, file a tax return and pay their fair share of taxes

Every December, the IRS Identity Protection Specialized Unit (IPSU) mails Notice CP01A to taxpayers previously identified as identity theft victims. The notice includes a 6-digit Identity Protection Personal Identification Number (IP PIN) to be entered on the tax return. Taxpayers are mailed Notice CP01A every year as long as the identity theft indicator remains on their account (usually 3 years). **Use the most recent IP PIN regardless of the tax year.**

Use the chart below when assisting taxpayers who are victims or may be victims of identity theft at VITA/TCE site.

</tbody>
</table>
| Taxpayer received an IP PIN but didn't bring it with them | 1. Complete a tax return for the taxpayer.  
2. Provide the taxpayer with a complete copy of the tax return. (Provide two copies - one copy to keep for their records and the other copy if the taxpayer will mail the tax return.)  
3. Refer to Lost, Misplaced or Non-Receipt of IP PIN on the following page.  
4. If the taxpayer wants to e-file, arrange for the taxpayer to provide the IP PIN by returning to the site or via telephone. |
| Taxpayer received an IP PIN but misplaced or lost it | 1. Complete a tax return for the taxpayer.  
2. Provide the taxpayer with a complete copy of the tax return. (Provide two copies - one copy to keep for their records and the other copy if the taxpayer will mail the tax return.)  
3. Refer to Lost, Misplaced or Non-Receipt of IP PIN on the following page.  
4. If the taxpayer receives original or a reissued IP PIN and wants to e-file, arrange for the taxpayer to provide the IP PIN by returning to the site or via telephone. |
| Taxpayer didn’t receive IP PIN but IRS rejected the e-filed tax return because the IP PIN wasn’t entered. | 1. Refer to Lost, Misplaced or Non-Receipt of IP PIN on the following page.  
2. Provide the taxpayer with two complete copies of the tax return.  
3. If the taxpayer receives the original or a reissued IP PIN and the taxpayer wants to e-file, advise the taxpayer to provide the IP PIN by returning to the site or via telephone.  
4. If IPSU doesn’t provide the IP PIN, advise the taxpayer to follow IPSU instructions in mailing the tax return. There may be processing delays as IRS verifies the taxpayer’s identity. |
| IRS rejected the taxpayer’s tax return because the taxpayer’s primary/secondary/dependent SSN was previously used. | 1. Advise the taxpayer to contact the IPSU for assistance. If required, the IPSU will advise the taxpayer to complete Form 14039, Identity Theft Affidavit and to mail it with their tax return to the IRS. Taxpayers can electronically complete and submit Form 14039 on the Federal Trade Commission (FTC) web portal. The IRS will respond in approximately 30 days after all the necessary information is received.  
2. Provide the taxpayers two copies of their tax return. One copy for the taxpayer to keep for their records and the other copy to mail. |
Lost, Misplaced or Non-Receipt of IP PIN

If a taxpayer didn’t receive his/her new IP PIN or the taxpayer misplaced it, the taxpayer has two options:

1. Register and create a user profile to get his/her current IP PIN. The registration process will require the taxpayer to provide specific personal information and answer a series of questions to validate his/her identity. Use key words “IP PIN” in the search window on the IRS website to access the Retrieve Your Identity Protection PIN (IP PIN) application.

2. Contact IPSU at 1-800-908-4490 to request his/her IP PIN to be reissued by mail if the taxpayer is unable or unwilling to create an account on the IRS website.

The taxpayer will need to mail a paper tax return without the IP PIN if either of the following situations apply:

- The taxpayer has moved since January 1 of this year, or
- It’s after October 14 and the taxpayer hasn’t filed his/her current or prior year Forms 1040, 1040A, 1040EZ, or 1040 PR/SS.

IRS will review the return to confirm the taxpayer’s identity which may delay a refund.

TaxSlayer Navigation: Miscellaneous Forms > IRS Identification PIN, “Keyword” PIN

To enter a taxpayer’s IP PIN in the tax software, select Miscellaneous Forms under the Federal Section on the left navigation bar and then select IRS Identification PIN and complete the screen as shown.
Frequent Taxpayer Inquiries

Taxpayers normally ask questions during the interview process about the topics covered in this section. Visit the IRS.gov website, keyword: “1040 Central” or see Publication 17 for additional topics and information.

Installment Payment
Publication 594, The IRS Collection Process, explains taxpayers’ rights and responsibilities regarding payment of federal taxes.

Copies of Prior-Years’ Returns
Transcripts of prior-year returns may be obtained by going to the IRS.gov website or by filing Form 4506-T, Request for Transcript of Tax Return. The website can be used to get prior-year information needed for this year’s return.

If an actual copy is needed, taxpayer should complete Form 4506, Request for Copy of Tax Return, and mail it with the required fee to the IRS campus where the return was filed.

Amended Returns (See Tab M, Other Returns)
Form 1040X, Amended U.S. Individual Income Tax Return, should be used by taxpayers to amend their return. Many mistakes are corrected in processing by the IRS, and a letter of explanation is mailed at the time an error is identified or when a refund is issued. In these cases, taxpayers aren’t required to file an Amended Return as the corrections have already been made.

Preparation of amended returns has expanded in the VITA/TCE programs. Sites can choose to file amended returns even if they didn’t prepare the original return. See Tab M, Other Returns for additional information on preparing amended returns.

Taxpayer Address Changes
Taxpayers should use Form 8822, Change of Address, to notify the IRS of any change of address. If taxpayers move after filing the return and before a refund is received, they should notify their old post office and the IRS of their new address.

Recordkeeping
Taxpayers should keep their tax documents until the statute of limitations runs out for the return. Usually, this is three years from the date the return was due or filed, or two years from the date the tax was paid, whichever is later. Refer taxpayers to Publication 17, Filing Information or at the IRS.gov website – keyword: Recordkeeping.

FREE Tax Preparation Locations
Consult your Site Coordinator for information about the location of other VITA/TCE sites in your area. Taxpayers may call 1-800-829-1040 or visit AARP’s website - keyword: Tax Aide or call 1-888-227-7669 for this information.

Problems Navigating the IRS
Taxpayers may contact the Taxpayer Advocate Service (TAS) if their attempts to deal with an IRS problem are unsuccessful.

Taxpayers can visit the Taxpayer Advocate website or see Publication 1546, The Taxpayer Advocate Service is Here to Help, for details on what TAS provides.

Refund Information
Taxpayers should be directed to the IRS.gov website to obtain information about their refund. Specific information is available by clicking on Refund Status, then “Where’s My Refund?”

Innocent Spouse Relief
Taxpayers who file a joint tax return are jointly and individually responsible for the tax and any interest or penalty due on the joint return even if they later divorce. In some cases, a spouse (or former spouse) will be relieved of the tax, interest, and penalties on a joint tax return. Spousal relief is granted in certain situations when a taxpayer can prove he/she isn’t liable for amounts due in joint filing situations.

Taxpayers should see Publication 971, Innocent Spouse Relief, which explains the types of relief, who may qualify for them, and how to get them. Married persons who didn’t file joint returns, but who live in community property states, may also qualify for relief. (Out of Scope)

Injured Spouse Relief
An injured spouse claim is different from an innocent spouse relief request. An injured spouse can request the division of tax overpayment attributed to each spouse. The injured spouse must file Form 8379, Injured Spouse Allocation, to request his or her portion of a joint refund.

Married Filing Separately
Unless required to file separately, married taxpayers may want their tax figured on a joint return and on separate returns, to make sure they are receiving the most advantageous filing status. Filing separately may be advantageous for some taxpayers in certain situations, however, most married taxpayers would pay more combined tax on separate returns than they would on a joint return. See Publication 17, Filing Status, for Special Rules (which outlines the disadvantages).

Social Security Numbers and Account Information
Social Security Administration no longer issues Social Security Number verification printouts in their field offices. Taxpayers may get this information using the my Social Security Account feature on the Social Security Administration website. Local Social Security offices will continue to provide benefit verification letters.

Volunteers should enter names into the tax software as they appear in SSA records in order to minimize rejected returns.

Hardship Refund Request
A taxpayer’s tax refund will be offset (intercepted) to pay outstanding federal tax debts, child support, federal non-tax debts, state income tax debts, and unemployment compensation debts. When a tax refund is offset, the taxpayer will receive a letter explaining how the refund was applied to his or her outstanding debt.

If a taxpayer would face a hardship from a tax refund offset and has only outstanding federal tax debts, he or she can request an Offset Bypass Refund (OBR) from the IRS. Refer the taxpayer to the Taxpayer Advocate Service (TAS) to see if they meet TAS case acceptance criteria. The OBR typically should be requested before the return is filed because the OBR must be approved before the refund is offset.

Requests for hardship relief from other debts must be made to the agency to which the debt is owed. The Treasury Offset Program (TOP) can confirm whether a tax refund will offset for these other debts and provide details about the debt and a contact phone number for the agency to which the debt is owed. The TOP Call Center can be reached weekdays at 1-800-304-3107, TTD 1-800-877-8339, between 8:30 a.m. and 6 p.m. Eastern Time.

- Simply answer the questions and select Continue to progress to the next question screen.
- You may need to collect information before the interview such as income amounts, taxes owed and credits you are claiming.
- The tool includes a crossover feature that allows you to move from certain tax topics to another without needing to enter the same answers multiple times. The Review/Start Over buttons allows you to adjust responses to previously asked questions.
- When you reach the response screen, you have the option to print the entire interview and the final response.

ITA Topics by Category

Filing Requirement, Form to Use, Due Date, Filing Status, Dependents and Exemptions, Retirement: Pensions, IRAs, Social Security, Other Income, Deductions, Itemized Deductions, Credits, and Additional Topics (ITINs, Injured Spouse Claims, Cancellation of Debt on a Personal Residence, and Estimated Tax Payments)

Contingency Plans for Continuing VITA/TCE Return Preparation Operations  
(During Unexpected Circumstances)

In the event that the following situations occur:

- Software system outages
- The Site's internet or equipment isn't operating
- A Quality Reviewer isn’t available (see Quality Review Only Using the Virtual Model, below)

Partners may, at their discretion, choose among the following pre-approved options to continue preparing tax returns in lieu of closing the site for the day:

- Temporary Virtual VITA/TCE Process (explained below).
- TaxSlayer® ProWeb Alternative Preparation Solution* using TaxSlayer® Pro Desktop.
- Offer Facilitated Self Assisted** (FSA) services, if available. Options include MyFreeTaxes and VITA Free File.

*This option should be established during the Pre-Planning Phase of site operations. Refer to Tab O, Using TaxSlayer® Pro Online.

**This option should be established during the Pre-Planning Phase of site operations. Refer to Publication 1084, Volunteer Site Coordinator Handbook, for more detailed information.

Temporary Virtual VITA/TCE Process

Secure Taxpayer Consent:

- The taxpayer must present proof of identity, which includes a photo identification for him/her and if applicable, their spouse.
- If the taxpayer agrees to use the virtual process for preparing their tax return, the volunteer will prepare Page 1 of the Form 14446, Virtual VITA/TCE Taxpayer Consent, and the taxpayer is required to complete Page 2. Taxpayer must answer “Yes” or “No” to the question regarding Request to Review your Tax Return for Accuracy.
- The taxpayer keeps Page 1 of the form, while the site maintains Page 2.
- The appropriate virtual method(s) and step-by-step procedures will be explained to the taxpayer and timeframes will be established for the taxpayer to return to the site and complete the process.

A secure process for authenticating both the taxpayer and the volunteer must be provided to the taxpayer in the event that additional information is required to complete the tax return. Please refer to Publication 4299, Privacy and Confidentiality-A Public Trust, for more information.

Intake/Interview:

The intake and interview process must be performed before the taxpayer leaves the site.

- IRS tax law certified volunteers must conduct the initial interview following all the steps outlined in Pub 5101, Intake/Interview & Quality Review Training.
- The volunteer will need to make notes on the Form 13614-C, Intake/Interview & Quality Review Sheet, indicating the appropriate filing status and qualified dependents.
- Eligibility determinations for deductions and credits will be made and documented on the Form 13614-C.
- All oral testimony must be thoroughly documented on the Form 13614-C for use during the return preparation at a later time.
- The verified SSNs and/or ITINs will need to be written on the Form 13614-C for all persons that will be included on the tax return.
- A phone number where the taxpayer can be reached will be secured for use by the IRS certified tax return preparer. Refer to Publication 4299 for more information on establishing protocols to authenticate the identity of both the volunteer and the taxpayer.
- The taxpayer will leave their tax documents and the completed Form 13614-C for their tax return to be prepared once the software can be accessed and/or when a non-face-to-face quality review will be conducted.
- The taxpayer will be given a date/time to return to the site to participate in the quality review and/or sign the Form 8879, IRS e-file Signature Authorization, and secure a copy of their return. If a timeframe can’t be provided while the taxpayer is still onsite, the Site Coordinator will provide this information to the taxpayer as soon as a timeframe is available.
Contingency Plans for Continuing Site Operations (continued)

Quality Review Only Using the Virtual Model:
If the site is able to prepare the return using normal face-to-face procedures but the return isn’t able to be Quality Reviewed during the taxpayer’s visit:

• Follow all of the procedures in the Form 14446.
• Complete the tax return as normal.
• Explain that the taxpayer will be contacted by the Quality Reviewer.

Refer to Publication 4299 for more information.

For more detailed information on how to use a Virtual VITA/TCE process throughout the filing season refer to the Virtual VITA/TCE process located in Publications 1084, Volunteer Site Coordinator Handbook and 4396-A, Partner Resource Guide.

TaxSlayer Pro Alternative Solution Contingency Plan

TaxSlayer offers the TaxSlayer® Pro Desktop application to prepare and e-file returns in the event that the TaxSlayer® Pro Online is unavailable. If that happens, you can use TaxSlayer Pro's desktop application to prepare and e-file returns.

Download the TaxSlayer® Pro Desktop application in advance so that your site does not have any downtime. Do not install it on a network as a contingency plan. Instead, install on a stand-alone computer with an internet connection.

To download the desktop application, refer to Tab O, Using TaxSlayer® Pro Online.

For a complete listing of contingency options, refer to IRS Publication 4396-A.

In order for the TaxSlayer® Pro Desktop contingency plan to work successfully, it is important to keep the designated computers updated with the latest desktop software versions. TaxSlayer® Pro Desktop automatically updates the first time you open it each day if the computer is connected to the internet. It is recommended that you do this daily or weekly.

If a software system outage necessitates the use of a temporary contingency plan, you can use the installed and updated version of TaxSlayer® Pro Desktop to complete any returns you need to prepare during the outage. Sites will be able to work the return completely from the desktop application, including e-filing and getting acknowledgments. The return will remain in the desktop application for the duration of the filing season.

Returns prepared using the desktop software during a contingency plan will be transmitted from the desktop software. Use the desktop software to retrieve any acknowledgement associated with the returns transmitted from the desktop software.

When TaxSlayer® Pro Online is available again, use it to prepare new returns and complete any returns you started previously in TaxSlayer® Pro Online.

You will have to run separate reports for these returns and manually add them to your online return account.

Rejected Returns

The most common rejects involve errors in either the taxpayer(s) or their dependents’ Social Security Numbers (SSN) and the Employer Identification Number (EIN) that appears on the Forms W2 and Forms 1099. The IRS performs a name match on these numbers that can cause a return to be rejected. Typographical and other errors can often be easily resolved. The taxpayer may need to be contacted to determine the correct EIN or SSN numbers. Neither the IRS nor TaxSlayer Pro can resolve these rejects.

Note: Each individual transmission of a tax return resulting in a reject is added to the total number of rejects for the site. Each individual rejection increases the overall rejection rate for the site.

Note: Refer to the TaxSlayer Validation Errors report to identify federal or state returns not accepted.

Glossary

Affordable Care Act (ACA) – Requires individuals to have qualifying health care coverage (called minimum essential coverage, or MEC) for each month of the year, qualify for a coverage exemption, or make a shared responsibility payment (SRP) when filing their federal income tax returns.

Adjusted Basis – Original cost of a capital asset plus any increases or decreases to that cost, such as commissions and fees.

Adjusted Gross Income (AGI) – Total gross income minus specific deductions such as educator expenses, alimony income, and the Student Loan Interest Deduction.

Adjustments to Income – Adjustments such as educator expenses, penalty on early withdrawal of savings, and contributions to a traditional IRA, that are subtracted from total income on Form 1040, to establish the AGI.

Basis – The original cost of a capital asset.

Capital Gain or Loss – The difference between the basis of a capital asset and the amount received when it has been sold.

Custodial and Noncustodial Parent – The custodial parent is the parent with whom the child lived for the greater number of nights during the year. The other parent is the noncustodial parent. If the child lived with each parent for an equal number of nights during the year, the custodial parent is the parent with the higher adjusted gross income.

Dependents – Either a qualifying child or a qualifying relative of the taxpayer.

Earned income – Any income received for work, such as wages or business/self-employment income.

Earned Income Tax Credit (EITC) – A refundable tax credit for most people who work but do not earn high incomes. The purpose of the EITC is to reduce their tax burden and to supplement the wages of working families whose earnings are less than the maximums for their filing status.

Education Credits – A credit based on qualified education expenses the taxpayer paid during the tax year that will reduce the amount of tax due.

Estimated Tax Payments – Payments paid quarterly by the taxpayer if the expected tax due exceeds certain limits. Generally, estimated payments are made by taxpayers that have income from self-employment, dividends, interest, capital gains, rent, and royalties.

Exempt Income – Non-taxable income that is generally not shown on the return and not included in the income tax computation. There are some instances when exempt income is shown on the return but not included in the income tax computation such as interest income produced from certain types of investments.

Exemption – The deduction for personal exemptions is suspended (reduced to $0) for tax years 2018 through 2025 by the Tax Cuts and Jobs Act. Although the exemption amount is zero, the ability to claim an exemption may make taxpayers eligible for other tax benefits.

Facilitated Self Assistance (FSA) – A method taxpayers can use to file their own return using a web-based tax preparation software program.

Foreign Earned Income Exclusion – Certain taxpayers can exclude income earned in, and while living in, foreign countries.

Foster Child – A foster child is an individual who is placed with you by an authorized placement agency or by judgement, decree, or other order of any court of competent jurisdiction.

Full-time Student – You’re a full-time student if you’re enrolled at a school for the number of hours or classes that the school considers full-time. You must have been a full-time student for some part of each of 5 calendar months during the year. (The months need not be consecutive.)

Gross income – All income received in the form of money, goods, property, and services that isn’t exempt from tax.

Health Savings Account (HSA) – A medical savings account available to taxpayers who are enrolled in a High-Deductible Health Plan (HDHP). Funds contributed to an account are not subject to income tax.

Identity Protection PIN (IP PIN) – A six-digit number assigned to eligible taxpayers that helps prevent the misuse of their Social Security Number on fraudulent federal income tax returns. Allows taxpayer to file electronically.

Individual Taxpayer Identification Number (ITIN) – A tax processing nine-digit number issued by the IRS. ITINs are issued regardless of immigrant status because both resident and nonresident aliens may have a U.S. filing or reporting requirement.

IRS e-file Signature Authorization (Form 8879) – Declaration document and signature authorization for an e-filed return filed by an Electronic Return Originator.

IRS Master File – Known as the IRS Individual Master File (IMF), this application receives data from an array of sources to aid the IRS regarding tax return submissions. The IMF includes tax return filing information, payment information, examination results, and related documents.

Itemized Deductions – Specific personal expenses such as unreimbursed medical or dental expenses subject to a limitation, mortgage interest, and charitable contributions that allow taxpayers to reduce their taxable income.
MyFreeTaxes (MFT) – An FSA program sponsored by H&R Block and non-profits which taxpayers can use to file their own tax returns.

Name Control – The first four significant letters of a taxpayer’s last name that the IRS uses in connection with the taxpayer SSN to identify the taxpayer, spouse and dependents.

Nonrefundable Credits – A dollar-for-dollar reduction of the tax liability. Non-refundable credits such as child and dependent care expenses, education credits, and child tax credit can only reduce the tax liability to zero.

Non-resident Alien – Any individual who is not a U.S. Citizen, Resident Alien, or U.S. National and has not passed the green card test or the substantial presence test for the calendar year.

Nontaxable Income – Generally excludable and not shown on the return, such as gifts and inheritances.

Other Taxes – Other taxes such as self-employment tax, taxes on IRAs and other qualified retirement plans, and repayment of first-time homebuyer credit, are added to the income tax from the tax tables to establish the total tax.

Payments – Payments such as federal withholding, Earned Income Tax Credit, and Additional Child Tax Credit, are subtracted from the total tax to establish the amount overpaid or the amount owed.

Permanently and Totally Disabled – An individual is permanently and totally disabled if both of the following apply.
1. He or she can’t engage in any substantial gainful activity because of a physical or mental condition.
2. A doctor determines the condition has lasted or can be expected to last continually for at least a year or can lead to death.

Practitioner PIN Method – An electronic signature option for taxpayers who use an Electronic Return Originator to e-file.

Refundable Credits – Reduces the tax liability below zero and allows an individual to receive a tax refund. Refundable credits such as federal withholding, Additional Child Tax Credit, and Earned Income Tax Credit can be used even if there is no tax liability.

Rejected Return – A tax return that has been transmitted to the IRS, but due to validation issue(s), the IRS has not accepted for e-filing. Rejected Returns must either be re-transmitted and accepted or paper filed.

Resident Alien – Any individual who is not a U.S. citizen or U.S. national, but meets the either the green card test or the substantial presence test for the calendar year.

Unearned Income – Any income not produced from work, such as unemployment income or income produced by investments.

Virtual VITA/TCE Methods – Includes any site where face-to-face activities are not used during the tax preparation process. The IRS-tax law certified preparer who prepares the return and/or the quality reviewer are not face-to-face with the taxpayer. Includes temporary VITA/TCE Contingency Plan, Drop-Off Site, an Intake Site plus a Return Preparation and/or Quality Review Site.

**Taxpayer Civil Rights**

The Department of the Treasury-Internal Revenue Service will not tolerate discrimination based on race, color, national origin (including limited English proficiency), disability, reprisal, sex (in education programs or activities) or age in programs or activities receiving federal financial assistance from the Internal Revenue Service.

Persons with disabilities and/or limited English proficiency should be able to participate in or benefit from programs and services that IRS supports. Taxpayers with a disability may request a reasonable accommodation and taxpayers with limited English proficiency may request language assistance to access service. For additional information refer to Publication 4053, Your Civil Rights Are Protected, for reasonable accommodation.

If a taxpayer believes that he or she has been discriminated against, a written complaint should be sent to:

**Low Income Tax Clinics**

Low Income Taxpayer Clinics (LITCs) represent low income individuals in disputes with the Internal Revenue Service, including audits, appeals, collection matters, and federal tax litigation. LITCs can also help taxpayers respond to IRS notices and correct account problems. Some LITCs provide education for low income taxpayers and taxpayers who speak English as a second language (ESL) about their taxpayer rights and responsibilities.

LITC services are free or low cost for eligible taxpayers. LITCs are independent from the IRS but receive some of their funding from the IRS through the LITC grant program. Each clinic determines whether prospective clients meet income guidelines and other criteria before agreeing to represent them.

Find a clinic near you on the [LITC Map](#) or [IRS Publication 4134, Low Income Taxpayer Clinic List](#).

**Taxpayer Advocate Service**

The Taxpayer Advocate Service (TAS) is an independent organization within the IRS, led by the National Taxpayer Advocate. Its job is to ensure every taxpayer is treated fairly and that taxpayers know and understand their rights. TAS offers free help to taxpayers in dealing with the often confusing process of resolving tax problems they haven’t been able to resolve on their own. TAS has at least one taxpayer advocate office located in every state, the District of Columbia, and Puerto Rico. The local advocate’s number is in the local directory and on the IRS website, keyword Taxpayer Advocate.

The Taxpayer Advocate Service’s website is a resource for all taxpayers. The website covers a variety of tax-related concepts and problems, breaking each down to describe what the taxpayer should know, what they should do, and where they can get more help if needed. Taxpayers can also learn about their taxpayer rights. The site is mobile-responsive, so it’s easy to use on any device.

If a taxpayer comes into a VITA/TCE site with a tax problem for which they have been unsuccessful in resolving with the IRS, TAS may be able to help.

For more information, the taxpayer can call toll-free 1-877-777-4778 (1-800-829-4059 for TTY/TDD).
